

People who buy and people who sell are brought together through intelligent advertising. It is the chief means of introduction.

WEATHER FORECAST.

Fair, cooler tonight; Thursday, fair, warmer.

THREE MAJORITY NOMINATED KIRK

Received 700 Votes as the Republican Choice for State Senator.

OTHER NOMINEES SHOWN BY THE EARLIER RETURNS.

Frank Saling Led the Ticket, While Judge Ellis Received 86 Per Cent of Entire Vote, Against Three Competitors—Taylor for Sheriff, Led All Democratic Candidates, Governor Chamberlain Being Second—Saling Received a Few Scattering Democratic Votes—Lowell Received Almost Fifty Per Cent of Republican Vote.

It was after 12 o'clock last night when the weary workers in the county clerk's office finished the official count of the vote cast in the primary election. When it was over the result showed that T. J. Kirk was nominated for state senator by the narrow majority of three votes. C. A. Barrett and C. W. Steen received majorities for representative, and the outcome of the other contests were as predicted before the complete returns were in.

The largest vote cast was that for Frank Saling, county clerk, who received 1381. However, the best vote received by a candidate having opposition was that of Judge Ellis, who polled 1207, while his opponents—Rand, Lachner and Shepard—received but 235, all told. Judge Lowell received nearly double the vote given all other senatorial candidates.

On the democratic ticket Sheriff T. D. Taylor led the list with 427 votes, while Governor Chamberlain was in close second, receiving 424. Colonel J. H. Raley received quite a number of votes for the senatorship, and W. D. Chamberlain was nominated for democratic candidate for joint representative by 100 votes.

The following is the vote in detail: Republican Ticket.

United States senator—F. W. Mulkey, (short term) 1074; Jonathan Bourne, 188; H. M. Calk, 337; S. A. Lowell, 796; E. L. Smith, 51; E. R. Watson, 48.

For Governor—Harvey K. Brown, 267; T. T. Geer, 483; C. A. Johns, 175; C. A. Sehlbrede, 36; James Withycombe, 473.

For Congressman—W. R. Ellis, 1,207; William J. Lachner, 112; John R. Rand, 78; George S. Sheppard, 45.

For Secretary of State—Frank W. Benson, 487; Claude Gatch, 228; Lot L. Pearce, 265; Frank T. Wrightman, 280.

For State Treasurer—John H. Atkinson, 455; E. V. Carter, 209; R. W. Hoyt, 204; A. C. Jennings, 123; T. F. Ryan, 259; George A. Steel, 160.

For Supreme Judge—Robert Eakin, 1278.

For Attorney General—A. M. Crawford, 961; George H. Durham, 327.

For Superintendent of Public Instruction—J. H. Ackerman—1254.

For State Printer—W. J. Clarke, 358; W. S. Dunlavy, 718; J. R. Whitney, 325.

For Labor Commissioner—O. P. Hoff, 1,190.

For Circuit Judge—H. J. Bean, 663; Thomas Fitz Gerald, 515; H. E. Collier, 303.

For Joint Senator—W. G. Cole, 1,375.

For Joint Representative—William Shuster, 1218.

For State Senator—T. J. Kirk, 700; G. W. Proebstel, 697.

For Representative—C. A. Barrett, 760; C. W. Steen, 653; Zoeth Houser, 604.

For County Judge—T. P. Gilliland, 1272.

For Sheriff—E. J. Sommerville, 1,047; George Brown, 380.

For County Clerk—Frank Saling, 1381.

For County Recorder—Fred W. Hendley, 827; Fred Shoemaker, 603.

For County Treasurer—G. W. Bradley, 621; George Buzan, 419; J. P. Walker, 361.

For County Surveyor—John W. Kimbrell, 1315.

For County Coroner—Ralph Folsom, 1352.

For County Commissioner—H. B. Lee, 1304.

For Justice of the Peace—Joe H. Parkes, 572.

For Constable—H. A. Thompson, 551.

Democratic Nominees.

On the democratic county and precinct tickets there was no opposition excepting for the offices of justice of the peace and constable in Pendleton. For the former office S. S. Darnell received 88 votes to 65 for Peter West. J. M. Bentley was nominated for constable over John Heathman by a vote of 101 to 65.

On the republican ticket there was but one candidate for each precinct office, consequently the nominees ate the same as shown on the ballots.

For United States senator John M. Gearin received 387 votes, while T. G.

Halley received 413 for supreme judge. W. M. Pierce was given 357 votes for joint senator, while A. D. Stillman was nominated for circuit judge by 406 votes.

On the county ticket the following votes were cast:

Sheriff, T. D. Taylor, 427; treasurer, W. R. Campbell, 382; recorder, John F. Hill, 385; commissioner, James Nelson, 397; coroner, T. M. Henderson, 403; county judge, George A. Hartman, 402; representative, Cacll R. Wade, 323; representative, J. T. Lluallien, 371; state senator, Dr. C. J. Smith, 408. For county clerk a number of scattering votes were given various candidates, Frank Saling receiving two.

BOHART WON CONTEST.

Second Contest Over a Homestead Near Dale Heard in This City Yesterday.

In the second contest hearing over a homestead near Dale, W. A. Bohart won the decision by the failure of the other contestant, Bunnis C. Moore, to appear before Commissioner Parkes yesterday. Moore failed to appear and Bohart won the final decision.

Mr. Bohart and his witnesses, Asa Arbogast, J. C. Maxwell and A. H. Lindsey left their homes at Dale this morning.

REMONSTRANCE NOT IN SIGHT

FRIENDS OF PAVING HOPE QUESTION IS SETTLED.

Ex-Mayor Matlock Favors Macadam Under Some Conditions, But Is Not Heading, Anding or Abetting Any Move to Prevent Bitulithic—George Darveau and Others Favor Bitulithic Against Anything Yet Suggested.

Up to this afternoon no remonstrance against the paving of Main and Court streets had been started, and friends of paving are hopeful that such will not be done.

W. F. Matlock said this morning that the story in the Tribune this morning was unwarranted, as far as he is concerned. He says he is not heading any remonstrance and does not know that he will remonstrate against paving. He wishes to talk the matter over with property owners before making up his mind in the matter. However, he is disposed to favor macadam rather than paving, and says he would rather see 20 streets macadamized than four paved.

Among Main street property owners who have desired paving there is now a feeling of elation over the prospect of getting the improvement. They declare there is now no reason on earth why a remonstrance should be started, as the council has thoroughly investigated the matter and the members acted unanimously in selecting bitulithic.

George Darveau declares himself flatly against macadam for Main street, and says he will fight any movement to improve with that material instead of a hard pavement. Most of the other local property owners are of the same sentiment.

GOODS SHIPPED TO FRISCO.

More Volunteer Subscriptions Recorded Since Yesterday.

The Pendleton supplies for the relief of the San Francisco sufferers are now packed and at the freight depot ready for shipment. In making the purchases the committee distributed the business among the various stores in the city, giving each place a list of the articles desired. The goods were then delivered at the room, formerly used by the Donaldson pharmacy, and there packed for shipment.

Since yesterday the following voluntary subscriptions to the relief fund have been made:

- George R. Roberts ..... \$ 2.50
W. P. Hilton ..... 2.00
J. D. Shipp ..... 5.00
Ed Marshall ..... 25.00
Cash ..... 1.50
Charles H. Green ..... 10.00
Edwin J. Burke ..... 10.00
Gordon & Harrison ..... 5.00
W. R. Campbell ..... 10.00
S. A. Lowell ..... 10.00
Hobach Bros. .... 5.00
Gottlieb Miller ..... 2.50
W. C. Burgess ..... 5.00
Gus Freeman ..... 2.50

Meeker Is Night Policeman. George Meeker is now serving as night officer in place of John D. Brown, who resigned recently. However, the place has not yet been filled permanently.

FUNSTON WAS NOT REMOVED

"One Thousand Dead," But it is Believed Hundreds Not Counted Lost Their Lives.

TWENTY-EIGHT SCHOOL BUILDINGS DESTROYED.

Forty-Five Yet Standing, All Damaged—\$6,000,000 in the City's Vaults—Seven Lines of Street Cars in Operation—Rigid Enforcement of Sanitary Regulations Has Dispersed All Fears of Epidemic—Many Looters Shot or Taken in Custody—Regulars Will Suppress the Militia—Hospital Launch Fired On.

San Francisco, April 25.—The report that General Funston is superseded is incorrect, as he is still in command of the Department of California. General Greeley is now in command of this division.

While the mortality list is still placed at 1009 by the coroner, only about 300 bodies have been recovered and buried by the coroner's assistants. The work of exhuming the bodies given a temporary burial in vacant lots and parks continues. No thorough search has yet been made south of Market street, or in the Chinese quarter, where it is believed hundreds were cremated or buried beneath debris.

Destroyed 28 School Buildings.

Twenty-eight school buildings were destroyed and 45 are standing. Many of these are in poor condition. All schools will remain closed until fall, when it is hoped the children can be provided for in temporary buildings. The vaults of the demolished city hall are intact, and nearly \$6,000,000 of the city's coin is saved. The vaults will not be opened for some days, for fear the bonds and valuable papers will ignite from contact with air and be destroyed.

Seven lines of street cars are in operation today, and more will be started as fast as trolley wires can be strung.

Owing to rigid enforcement of the rules of the relief committee, all fear of an epidemic has passed, but vigilance will not be relaxed. A force of 200 physicians is engaged in house to house inspection, correcting sanitary evils.

The sun is shining brightly today, bringing cheer to thousands of homeless people camped in tents.

Shoot and Arrest Looters.

An unknown man was shot and killed this morning while dropping from a second story with his loot.

At Vallejo and East streets a man was shot by marines, and another by guards at Fourth and Market streets.

A hospital launch was made a target for shots while off the ferry landing last night. None of the shots took effect, although the launch was filled with injured on the way to the hospital.

A regiment of regulars from Vancouver barracks will replace the militia in Oakland, when the influx of thousands will make more careful policing necessary.

It is reported that 10 looters were caught red-handed and imprisoned aboard the flagship Chicago, to be court-martialed shortly. The flagrant violators will be shot.

Over \$20,000,000 Contributed.

New York, April 25.—In this city the "Frisco" contributions this morning amounted to over \$3,500,000. The country over exceeds \$50,000,000. The empress of China sent \$50,000 to the Chinese legation at Washington to help "Frisco, and will send \$20,000 more.

TWO AMERICAN VICTORS.

Carry Off Championships at the Olympic Games.

Athens, Greece, April 25.—Sheridan, of New York, won the championship discus throw; Daniels, of New York, won the 100 metres swimming race.

Excavation for the new Masonic temple at Portland will begin next week. It is intended that the cornerstone be laid in June next, while the grand lodge is in session.

EAGLES' BAND CONCERT NEXT SUNDAY

On next Sunday evening the Eagles' band will give its third Sunday concert in Eagles' hall. The entertainment will be given for the same purpose as the former one, and will not be as a benefit for the "Frisco" sufferers, as was erroneously announced. The following program has been arranged:

ARE REBUILDING SAN FRANCISCO

Contracts Let for 12-Story Steel Structure and for a 10-Story Steel Hotel.

225,000 REFUGEES LEFT CITY WITHIN FIVE DAYS.

Banking Business Will Resume in Frisco With \$100,000,000 in Hand—Measures to Relieve Depositors at Once Are Taken—Police Records for Identification Were All Saved—State Troops Will Be Recalled at Once in Answer to Popular Demand—The New San Francisco Planned to Be a Beautiful City.

San Francisco, April 25.—Before the ashes are cooled, workmen have begun building the greater San Francisco on the ruins of the old city.

Announcement was made this forenoon that a capitalist lawyer will erect a 12-story steel structure on Powell street and also rebuild, on the site of the burned Hotel Rex, a new 10-story steel building.

Southern Pacific officials state that 789 trainloads of refugees were sent out between Wednesday and Sunday night, carrying 225,000 persons. This exodus is now over, and after Thursday no more free transportation will be given without special orders from army headquarters.

The managers of the Sharon estate have decided to replace the Palace Hotel with a modern 10-story structure. The St. Francis will be rehabilitated as will the Fairmont. Effort is being made to keep all able-bodied men here.

W. J. Barnett, of the Western Pacific says plans for making San Francisco the most beautiful city in the world will soon be under way and that all funds needed will be forthcoming when required. The intention is to follow the suggestions embodied in the report of Architect Daniel Burnham for the beautification of the city.

Announcement is made that the banks will have at their disposal \$100,000,000 when business is resumed. All bank vaults examined are found to be in good condition, but will not be opened for two or three weeks, owing to the intense heat.

Demand to Recall State Troops.

Serious friction between the militia and police has caused a strong demand for the withdrawal of the state troops, which will likely be recalled today. Militiamen have arrested policemen, and in some instances compelled them to work on the streets. Chief Dinan sent a sharp warning to stop this and also cease impressing citizens for work.

Identification Records Saved.

Mainly through the work of Detective Thomas Gibson, all records of Bertillon measurements and photographs of identification in the bureau of the police department were saved.

Money From Mint to Banks.

Three million dollars have been transferred from the mint to the Oakland banks to be available to depositors to immediately relieve their pressing needs. The Berkeley banks also received a large amount. Shipment of coin across the bay continues.

How Oakland Was Saved.

A. R. Diamond, a Portland real estate dealer, who returned from San Francisco Saturday, stated that in his belief the reason there was no conflagration in Oakland following the earthquake, was owing to the presence of mind of the electrical engineer in charge of the power house and generator of that city, who immediately on experiencing the shock, turned off the current all over the city, says the Portland Oregonian. Had this been done in San Francisco, Mr. Diamond believes much of the seriousness of the conflagration there would have been abated, for most of the fires originated from short circuited and crossed wires, and from broken gas pipes and mains.

The Southern Pacific has the steel and timber on the ground for the new bridge over Pudding river, near Aurora, Marion county.

NO SPECIAL SESSION.

Governor Chamberlain Says Oregon Is Giving Freely to San Francisco.

Governor Chamberlain was asked if he intended to convene the legislature in special session in compliance with the telegraphic request of Senators Fulton and Gearin in order that an appropriation might be made for the relief of the sufferers from earthquake and conflagration at San Francisco and other places in California, says the Salem Statesman.

In reply he stated that while he fully appreciates the motives which prompted the telegrams referred to, he does not feel that it would be just to the people of the state or show a proper spirit to the good people of California to undertake to levy an enforced contribution and to thereby deprive our citizens of the magnificent relief which they have made to the call for aid from their friends and neighbors in California.

"Within 24 hours after the disaster carloads of supplies and hundreds of thousands of dollars were voluntarily contributed by workers in every factory, field and farm, and by every city, town and hamlet in the state," said Governor Chamberlain. "The world has never witnessed such magnificent and immediate generosity. Not only have cities and towns contributed, but the people in the interior everywhere have hastened to points along the line of railway and other transportation facilities and generously donated money, supplies and clothing sufficient to answer immediate and pressing demands."

"The ladies of the state in the cities, in the field and on the farm have prepared bread and other supplies to meet pressing needs, and altogether there has been shown a disposition everywhere to meet the necessities of the occasion."

D. B. SHELLER TO MEET STOCKMEN

SUPERINTENDENT BLUE MOUNTAIN RESERVES HERE.

Urges Large Attendance of Stockmen for Meeting of May 5 in This City—The Eastern Division Comprises About One-Half of the Entire Reserve—Extends From Kamela 78 Miles Southward to the Survey of the Military Road and Averages From Eight to 15 Miles in Width.

D. B. Sheller, forest superintendent of the eastern division of the Blue Mountains forest reserve, is in the city today to meet with Umatilla stockmen, who are interested in ranging in the eastern division of the Blue Mountains reserve. He will go to Walla Walla tomorrow to be present at the meeting to be held in that city on Friday for the readjustment of the Wenaha range allotments, and will return to Pendleton about April 30, to remain in charge of the reserve until the meeting on May 5, for the purpose of discussing the reserve and range questions with the stockmen of this county.

Mr. Sheller desires a full attendance of stockmen at the meeting in this city on May 5, since all the various phases of ranging in forest reserves, and every detail of the range allotments will be fully explained and he will be glad to give fullest information in regard to the matter.

The eastern division of the Blue Mountains forest reserve over which Mr. Sheller has supervision, comprises nearly one-half of that immense reservation and vitally interests Umatilla county stockmen. The north border of the reserve is on the summit of the Blue mountains at Kamela. At that point the reserve is about eight miles in width and there is a strip of country about six miles along the O. R. & U. line, that is not in either the Blue Mountains nor the Wenaha reserve.

From Kamela the eastern division of the Blue Mountains reserve extends for 13 townships or about 78 miles, southward to the line of the old military road which passes near Canyon City in Grant county. The reserve varies in width from eight to 15 miles and many small settlements in the general outline of the reserve are excluded from the withdrawal.

Grand Ronde river, Desolation creek, Beaver creek, Meadows creek and all the smaller streams in that section of the Blue Mountains have their source in the eastern division. This comprises the most magnificent range area in the inland empire and Umatilla county stockmen who desire to secure allotments are urged to attend the meeting here on May 5. All applications must be in by May 19.

The western division of the reserve extends from Burnt river westward to within six miles of Prineville, but this division is not under Mr. Sheller's supervision.

Hung and Shot the Negro.

Oakwood, Ill., April 25.—A mob took a negro aged 17 from the sheriff this morning and hanged him and riddled the body with bullets. He made an unsuccessful attack on a woman.

SPECIAL POLICE ARE A NUISANCE

Funston Orders Them Off the Streets as Such and Threatens Punishment.

REFUGEES REFUSE TO OCCUPY VACANT HOUSES.

Municipal Railway Proposed—President "Backs Up" and Suggests That Relief Money Be Sent to Local Committee Instead of to the Red Cross—General Greeley Ordered to Forward Complete List of the Injured—Miners Killed in Shaft by Boulder Loosened by Earthquake—Military Will Be Reduced to Minimum.

Oakland, Cal., April 25.—The protests about the unwarranted conduct of special police came to a head this morning when General Funston ordered them off the streets and threatened punishment if they are found around. In many cases special police have been arrested by the troops. They will be succeeded by a citizens' patrol, which will guard against fire, and are now being sworn in in large numbers to watch property and help the troops and regular police preserve order.

Chicago Detectives Not Needed.

The Chicago detectives sent here are not needed and have return home. At Fort Mason the refugees are getting accustomed to camp life. Under instructions from the soldiers they have learned how to keep out water and be comfortable. As a rule they refuse to move into vacant houses until such a time as they can find permanent homes.

The matter of establishing a municipal railway is in abeyance. Rudolph Spreckels, who proposed to supply the funds, refused this morning to say whether or not the plan will be carried out.

Red Cross Not Needed.

Washington, April 25.—The president issued a proclamation today urging all contributors that inasmuch as the San Francisco people have recovered and organized committees for relief, the Red Cross is no longer needed except as an auxiliary, and all money should be sent to Chairman Phelan of the local finance committee at San Francisco.

Want List of Injured.

Washington, April 25.—General Greeley has been ordered to wire a complete list of the injured.

Miners Killed by Boulder.

Santa Rosa, April 25.—A cage in the Great Eastern quicksilver mine at Guernville was struck by a gigantic boulder during the earthquake and its three occupants killed.

President Wheeler, of the University of California, announces that the summer school will be held as usual, from June 25 to August 1.

Employ Frisco Men at Navy Yard.

Washington, April 25.—The president in a special message to congress today recommending the immediate passage of \$300,000 appropriation for the employment at the Mare Island navy yard of 2000 San Francisco men, said he has requested the treasury and postoffice department to make early estimates of the necessary reconstruction repairs.

The war department ordered General Greeley to reconsider his recommendations for 25,000 reinforcements and notify as to the minimum number absolutely necessary. The department says there is no law for such use for the army. They want to do all possible, yet avoid sending troops from elsewhere when feasible, and told Greeley he would have to furnish supplies and shelter for reinforcements, as they have none to send them.

EXPECTING TROUBLE IN PARIS.

Government Making Preparations to Suppress Workings.

Paris, April 25.—The military authorities are preparing to suppress the threatened rioting May 1, when the strikers plan a great demonstration in the streets. The commanding general estimates there will be 80,000 abroad and 20,000 seeking trouble, but says he will have 45,000 troops to quiet them.

Arrived From Los Angeles.

Harold and Lottie, son and daughter of Dr. and Mrs. Lynn K. Blakeslee, and Miss Julia Olin, a sister of Mrs. Blakeslee, arrived last evening from Los Angeles to live permanently in this city.

Eighty-seven patients and 11 attendants were killed in the insane asylum at San Jose, Cal.—all by falling walls. No one was burned at the institution—St. Agnew's asylum.
