**Have Made Many Pendleton Residents  
Enthusiastic.**

No wonder scores of Pendleton citi-  
zens grow enthusiastic. It is enough  
to make anyone happy to find relief  
after years of suffering. Public state-  
ments like the following are but truth-  
ful representations of the daily work  
done in Pendleton by Doan's Kidney  
Pills:

Mrs. L. Hodson, of 717 Aura street,  
Pendleton, Ore., says: "I just as en-  
thusiastically endorse Doan's Kidney  
Pills today as I did nearly three years  
ago. They relieved me of kidney  
trouble which had bothered me for  
a considerable time. There were  
aching pains across the small of my  
back and down through my kidneys,  
which were aggravated by colds which  
settled in the back and loins and caused  
an awful lameness. This was my  
condition when I began taking Doan's  
Kidney Pills. This remedy banished  
the backache and pains through the  
loins, regulated the kidney secretions  
and removed every symptom of the  
trouble. From that day to this there  
has been no recurrence, and I give  
Doan's Kidney Pills all the credit. I  
consider them to be the best kidney  
remedy procurable and recommend  
them whenever the occasion arises."

Athena, April 27.—Tomorrow the  
Walla Walla Boosters and the Yellow  
Kids will again be seen on the local  
diamond, when a cracking good game  
is expected to take place. On Sunday  
the second game between these two  
teams will be pulled off at Pendleton.  
Lawrence Lfeauellen, of Odams, one of  
the Yellow Kids' standbys, was com-  
pelled to resign on account of his  
business interests on his farm. Frank  
Knapp, of Pendleton, will play second  
base with the team during the remain-  
der of the summer.

M. L. Watts and Attorney W. M.  
Peterson went to Helix Tuesday on legal  
business in connection with the  
W. T. Parker store. Mr. Parker made  
an assignment of all goods and chat-  
tels and book accounts to R. L. Sabin,  
of Portland, for the benefit of his  
creditors. He was indebted to the  
amount of \$900, and the assets are  
estimated at \$12,000. Helix only has  
one store, and it is now closed on ac-  
count of invoicing. It has been closed  
since Saturday and will probably be  
closed another week. This is work-  
ing somewhat of a hardship upon the  
people of Helix, who want to trade,  
and they are now compelled to go to  
outside points.

Mr. and Mrs. Charles Norris have  
gone to Lewiston, Idaho, where they  
will look over the country with a  
view to locating. Mr. Norris has been  
a harness dealer in Athena for the  
past 10 years.

Editor Fred Boyd, who has a brother  
in San Francisco, has not been able  
to hear a word from him since the  
disaster, and is beginning to be very  
uneasy over the affair.

W. W. Jacobs has received news of  
the death of his brother, H. C. Jacobs,  
in Fairfax county, Virginia.

Miss Velma Wilkinson, who taught  
a very successful term of school in  
the South Cold Springs district, has  
returned to Athena to remain with her  
mother this summer.

Bruce Wallace, proprietor of the  
Pioneer Drug store, is ill and threaten-  
ed with typhoid fever.

The roads are being repaired be-  
tween here and Weston, and will be  
put in first-class shape.

Mrs. Ed Manassee has received  
word from San Francisco relatives  
who lost their homes and all in the  
earthquake and fire. Jesse Cohen, a  
brother of Mrs. Manassee, landed in  
San Francisco and found his aunt and  
family destitute and their homes gone.  
He sent the family to Stockton, where  
they will reside temporarily.

The Athena auxiliary of the Chris-  
tian Woman's Board of Missions, will  
give a social tea at the residence of  
Mrs. W. P. Wallaby this afternoon.

Marcel Gagnon, of this place, an  
Indian war veteran aged 72 years, is  
making application for a pension. Mr.  
Gagnon was a member of company  
B, in the California and southern Ore-  
gon Modoc war in '56. Mr. Gag-  
non has the old gun with which he  
fought, and which was in use before  
he had it. He says he knows of only  
one more survivor besides himself,  
from this company.

**Lively Runaway.**  
George Carmichael drove to town  
from his farm near Weston yesterday  
with a spirited team. He unhitched  
the team at the city scales and weigh-  
ed them, and when he hitched them  
up again he did not fasten in the side  
checks. The horses began to run at

a breakneck speed, demolishing the  
hack, and Mr. Carmichael was thrown  
out and somewhat injured. One of  
the horses was quite seriously injured  
also. It was a very exciting runaway.  
**Another Runaway.**

While coming to the city Monday  
from his ranch near Adams, Ike Chris-  
topher and family experienced an ex-  
citing runaway. After running some  
distance the horses struck a telephone  
pole which brought them to a stand-  
still. One of the horses was slightly  
cut in the wire. None of the occu-  
pants of the carriage were injured,  
however.

**Trades for Cattle.**  
W. R. Taylor, brother of Sheriff  
Taylor, has exchanged his band of  
range horses on his John Day ranch  
for 100 head of stock cattle at Hepp-  
ner. He went to Heppner after them  
Wednesday.

**Hotel Changes Management—Making  
Ready for Carnival.**

Echo, April 27.—Frank Griggs has  
purchased the interest of his partner  
in the butcher business. Mr. Clark  
will withdraw from the business to en-  
gage in other work.

Messrs. Bray and Richardson have  
given up the Hotel Echo which they  
recently leased from M. H. Gillette.  
Mr. Gillette has resumed the manage-  
ment of it.

W. H. Babb was in Echo on business  
this week.

The Echo Gun club engages in prac-  
tice almost daily and some excellent  
shots are being developed.

All things are being arranged for  
the big Eagles' carnival which will  
open here Monday next. The business  
houses are arranging to decorate for  
the occasion, and it promises to be one  
of the most glorious events in the  
history of the city.

**SHEEP NOTES FROM GILLIAM.**

**2300 Sheep Averaged 12½ Pounds of  
Wool Each.**

We believe that William Smith has  
just disposed of a bunch of the finest  
yearling half-breed lambs that have  
ever been raised in the United States,  
says the Arlington Record. There  
were 2300 of them and they are half  
Merino and half Lincolns. They aver-  
aged 12½ pounds of wool each, after  
the "tare" of wool sacks—or a total  
of 28,642 pounds of clear wool. Mr.  
Smith received 21½ cents per pound  
for the wool, making a total of \$6155.-  
03 for the wool clip. These lambs  
were disposed of this week for \$3.50  
per head.

For each head and the wool from  
the same netted Mr. Smith \$6.18 per  
head, or a total of \$14,214.

This is the largest price that has  
been paid for sheep in the northwest  
for years. Mr. Smith is the leading  
sheepman of Gilliam county, and has  
been in this business for the past 23  
years and has made Arlington his  
home during that time. He still owns  
9000 head of sheep. Thirty-one hun-  
dred of these sheep lambred this spring  
and the lamb yield was more than ex-  
ceptionally good this season—this  
large band averaging 110 per cent of  
lambs.

All of Mr. Smith's sheep are being  
sheared by the new shearing plant  
south of Arlington, of which he owns  
a half interest. A Smythe & Son  
owns the other half of the plant.

**ORDER IS BEING RESTORED.**

**Only 8000 Telephones Left Out of 50,-  
000 Patrons.**

The following resume of conditions  
at San Francisco and Oakland gives  
a very clear idea of the situation there  
now. The report says:

Telephonic communication with  
Oakland has been restored. The  
company had 800 men at work today.  
A 25-wire cable was laid along Mar-  
ket street in a cable slot. Only 8000  
subscribers are left of 50,000.

The only vessel allowed to leave  
port was a big freighter bound for  
Hamburg, and the shipping business  
is at a standstill. The San Francisco  
Gas & Electric company has a small  
army of men at work. The United  
Railways has men clearing its tracks  
and re-erecting poles along Market  
street. Coffee and sugar is no longer  
needed. Other provisions are becom-  
ing plentiful. Meat is being sold at  
normal prices.

Dr. Ward, president of the state  
board of health, states that there is  
less communicative diseases in the  
city than at any time during the past  
seven weeks. He will issue daily  
health bulletins. Chairman Phelan  
reports contributions to the relief  
fund as follows: Outside, \$1,917,000;  
local, \$540,000; total, \$2,457,000.

The steamer Shasta unloaded 20  
tons of general supplies and another  
large vessel was expected during the  
day. A steamer is due from Seattle  
with 1000 tons of supplies.

The grand lodge of the I. O. O. F.  
of Washington sent \$5000 to the San  
Francisco relief fund.

**The Hospital**

Thankful are They  
Who Escape The  
Surgeon's Knife

Thousands of surgical operations are per-  
formed every year in our great city hospitals  
upon women afflicted with serious female  
troubles. Sometimes the operations are suc-  
cessful—oftentimes they are not.

It is safe to say that certainly nine out of ten operations  
for female troubles might have been wholly avoided.

The most valuable tonic and re-builder of the female  
organism, the medicine with a record of thousands of cases  
literally 'snatched from the operating table, is

**Lydia E. Pinkham's Vegetable Compound**

Do not consent to an operation which may mean death until after  
you have given Lydia E. Pinkham's Vegetable Compound a fair trial.  
Note what it did for Mrs. Paul Oliver, whose letter follows:

DEAR MRS. PINKHAM:—I was suffering from pains in my side and  
a serious female trouble. The doctors said to get well I must have an  
operation performed, but I would not consent to that.

I heard of Lydia E. Pinkham's Vegetable Compound and sent for a  
bottle; the first dose did me good, and after taking the first bottle I could  
sleep all right and I did not have those pains in my abdomen which I had  
all the time before. Now I can ride ten miles in a carriage, my color has  
returned, and I am full of life. I owe all this to the Vegetable Compound.

It has also done wonders for my thirteen-year-old daughter. I will  
never cease to praise it and recommend it to my friends.

MRS. PAUL OLIVER, St. Martinsville, La.

Thousands of women, residing in every part of the United  
States, bear willing testimony to the wonderful virtue of Lydia  
E. Pinkham's Vegetable Compound. It cures female ills and creates  
radiant, buoyant female health. For your own sake try it.

**STORIES OF FRISCO.**

**Grievous Narratives of the 'Quake  
and Fire.**

L. Curtis, mate of the steamer Ne-  
vadan, was a busy man when that  
steamer was at San Francisco, says  
the Seattle Star. In the first place  
he was to be married upon his return  
there, which was expected to be with-  
in a few days. Now comes word that  
the steamer will sail direct for Hono-  
lulu and he will send for his affianced  
bride. At San Francisco he assisted  
his sweetheart from Russian hill,  
where the fire was raging, to the  
home of his parents at Alameda.

During the destruction of San Fran-  
cisco many heart rending sights were  
seen by Mr. Curtis. One woman with  
three children was walking along the  
streets. He asked if they had been  
able to secure food. She said "yes,"  
and held up a bottle of blueing, which  
she had been carrying around with  
her.

At Oakland a woman was passing  
along in a dazed condition, carrying  
a baby. She was asked if she had any  
place to go, and replied, "No." Lift-  
ing the shawl, covering the baby, it  
was found dead. In this manner she  
had carried the infant for hours, be-  
ing unconscious of its condition.

Mr. Curtis saw one man gored to  
death by a steer on Mission street,  
near the corner of East. A drove of  
12 steers were on their way to the  
water front, when a lodging house  
collapsed killing 10 of the steers,  
also the driver. The two steers un-  
injured charged the crowd, and one  
cornered a man against a building,

goring him to death. A policeman  
shot the steer and the other one was  
last seen running up East street to-  
ward Black Point.

With fire raging on both sides of  
him, a Dutch saloon keeper at the  
corner of East and Market streets,  
was calmly sprinkling his sidewalk,  
his saloon opened for business. Two  
hours after his place was a mass of  
ruins.

"People seemed to be dazed and  
absolutely unconscious of their move-  
ments," said Mr. Curtis.
