EXPECT TO RAISE \$2000.

Solid Foundation for Great Fourth of July Celebration.

With the aim of raising \$2000 for a Fourth of July fund, Lee Teutsch, Leon Cohen and C. E. Roosevelt began circulating a subscription this morning, and within a half hour \$600 was secured from among the business men of the city.

After securing the above among the merchants, the committee turned the paper over to T. C. Taylor, who was requested to present it to the more prominent property owners of the city, from whom a considerable sum is expected.

In order to have a celebration along the lines planned, those in charge of the affair say that a fund of \$2000 will be needed. Consequently all business men and property owners will be requested to contribute to the fund. When a sufficient amount of money is in sight for the celebration, Chairman Alexander will name sub-committees to have charge of the various features of the celebration and arrangements will be made to have a Fourth of July celebration such as Pendleton has not seen for several years.

The following is a list of the contributions secured by the committee this forenoon:

INSANE MAN FOUND

HAD SUIT CASE, PISTOL AND SEVERAL DELUSIONS.

Says He Is From Tennessee, Has a Brother in California, and Belongs to the I. O. O. F. in New Mexico—His Chief Concern Is That He Has No Cartridges for His Pistol—Acted Strangely, But Did Not Attempt to Steal, or Do Violence.

This morning a man named Frank Robb, was arrested just above town by Marshal Gurdane, upon information that the man had been acting in a demented manner. Shortly before his arrest Robb had entered a house in that portion of town, and though he did not steal anything, alarmed the occupant by his strange actions. He was found in the road just above the wagon bridge by Marshal Gurdane and when the officer appeared he was lamenting that he did not have some cartridges for a pistol which he carried. Marshal Gurdane was rather pleased that the ammunition was lacking.

On being taken into custody Robb was taken to the county jail, where he was locked up to await examination. He had \$50 in money and considerable other personal effects, including a suit case which he carried. He gave his home as Gallatin, Tenn., and said he had a brother in California. In a pocketbook was found a card showing him to be a member of an I. O. O. F. lodge in New Mexico.
