### ADAMS HAPPENINGS IN MORROW COUNTY

#### WHEAT DAMAGED BY HEAT ABOUT TWENTY PER CENT.

Death of Mrs. Robert Adams—A Threatened Scarcity of Farm Hands—Fred Blake Will Manage Warehouse—Butchering Business Has Changed Hands—No Prospect for Decrease in Price of Sacks—City is Putting in a New and Better Bridge—Newly Married Couple Arrives Home.

Adams, July 21.—Mrs. Robert Adams, who had been an invalid for over a year, died at her home near this city last Saturday, and her remains were taken to Athena for burial Sunday. The cause of death was consumption, and she had a 9-year-old daughter, who died of the same trouble a few weeks ago. The deceased leaves two daughters, aged 12 and 15 years, to mourn her loss, her husband having passed away over a year ago.

Harvest is Here. Harvest will be on in full blast next week, a few of the wheatgrowers having begun this week. John McPhail, who lives near Eastland, and W. B. Swartz of Havana, have been harvesting with their combines this week. It is found that the wheat is damaged considerably about here, and that which was expected to bring 40 bushels will only yield 30. It is estimated that the damage will amount to about 20 per cent.

Scarcity of Hands. The farmers are complaining considerably over the scarcity of hands for the harvest season. Many of them are rushing the haying through this week so all will be ready for harvest. Some of the men who have been hanging around idle claim they will not work at haying, but will work in the harvest field. If this is the case, however, the demand for help will not be so great. The wheatgrowers are making every effort to secure all available help.

Fred Blake, who has accepted a position with the Interior Warehouse company during the harvest season. Tom Brewster expects to go to Pendleton the early part of next week to work in one of the drug stores at that place.

Louis Bergovin has purchased the butcher business of J. F. Bentley in Adams, and he now has charge of the place.

Lineman Depot of Walla Walla, with the Pacific States Telephone company of that place, was in Adams the first of the week on business.

David Gregoire, agent for the Interior Warehouse company, was in Pendleton Thursday on business. He says he does not believe that the price of sacks will be any less this season.

Raymond Hite of Endicott, Wash., has been in the city for a few days visiting J. T. L'euallen and family.

Arle Pennic, a former resident of Cambridge, Idaho, expecting to remain a few days on business.

H. A. Richardson, who was recently married to Miss Lillie Dodds, at Drayton, Canada, arrived home with his bride Tuesday. They left immediately for Pomeroy to visit relatives, returning to Adams last evening. They have a host of friends who wish them happiness through life.

The city is putting in a new bridge over Wild Horse creek, between the city and the depot, which is a great improvement on the old one.

#### TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having an Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither uses dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 2c. in stamps for sample to The Herpicide Co., Detroit, Mich.

#### DEATH OF TWO OLD AND WELL KNOWN PIONEERS.

Horse's Head Crushed by Lightning—Quail Sells His Dwelling—Admitted That Crops Have Been Injured—General Review of the Wool Market and Prospects—Remaining Wool Will Be Shipped in Individual Consignments.

Peter Brenner tells us that Mrs. Lott Anderson, of Eight Mile, lost a valuable horse killed by lightning one day last week during a thunder storm. He says the animal's head was crushed as badly as if it had been struck by a train.

Thomas Quail has sold his residence property at the foot of Main street to J. W. Brown. Consideration \$2200. He also sold six acres of unimproved land on the hillside in the northeast portion of town for \$700.

John B. Hunt, a long resident of Heppner, died at his home in this city early last Friday morning after a brief illness, at the age of nearly 74 years. The immediate cause of death is attributed to a severe cold bordering on pneumonia. At his advanced age his system was not strong enough to throw the disease and weakened very rapidly until death relieved his suffering.

James Neville, a pioneer of Morrow county, died at the residence of a daughter at 524 Flanders street, Portland, last Saturday evening, at the age of 74 years. He died very suddenly from a burst blood vessel in the head.

A short time before he died he had been talking to a friend over the telephone and stated that he felt better than for some time. Soon thereafter he became dizzy and was placed in bed and a physician called, but nothing could be done to relieve him and he soon passed away peacefully. The funeral occurred Monday at Portland.

The Times has taken considerable pains to inquire into the crop conditions of Morrow county since the hot weather set in, and we find conflicting opinions in some localities. But most farmers admit that the full extent of the damage cannot be ascertained until threshing commences.

It is no doubt true that spring wheat has suffered considerably from the heat, but in Morrow county the percentage in spring sown grain is comparatively light. It is the general belief that fall grain has been injured but little as it was too far advanced when the hot days came.

Ordinarily wheat would not have suffered from warm weather unaccompanied by winds, but the heavy and continued rains during May and June put grain in such a thrifty condition that especially spring grain suffered, but fortunately for the Morrow county farmer this crop is not large.

Owing to the fact that the acreage is larger than ever before, it is believed that the total crop will not fall very far short of the usual.

Frank Lee purchased the following lots of wool during the past week: J. H. Casaday, 10,103 pounds at 15 cents per pound; A. V. Templeton, 13,246 pounds at 19c; Templeton Bros., 24,876 pounds at 19c; S. & W. Grant, 13,631 pounds at 15 1/2c; Oscar Shafer, 10,639 pounds at 19c; Johnson estate, 9312 pounds at 18 1/2c; John Jonas, 18,578 pounds at 19c; G. V. McHaley, 9669 pounds at 19c; Davidson Bros., 23,489 pounds at 15c; T. J. Merrill, 14,112 pounds at 16c; Joe Hayes, 15-

#### A Trite Saying.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assist your system in manufacturing each day a pint of rich, red blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which so many people suffer from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings "blue." Dr. Pierce's "Discovery" cures all blood humors as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put up for sale through druggists for the purpose that contains neither alcohol nor harmful habit-forming drugs, and the only one, every ingredient of which has the professional endorsement of the leading medical writers of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address free, on receipt of request therefor by letter or postal card, addressed to Dr. R. V. Pierce, Buffalo, N. Y. It tells just what Dr. Pierce's medicines are made of. The "Words of Praise" for the several ingredients of which Dr. Pierce's medicines are composed, by leaders in all the several schools of medical practice, and recommending them for the cure of the diseases for which the "Golden Medical Discovery" is advised, should have far more weight with the sick and afflicted than any amount of the so-called "testimonial" so conspicuously flaunted before the public by those who are afraid to let the ingredients of which their medicines are composed be known. Bear in mind that the "Golden Medical Discovery" has three bands of honesty on every bottle wrapper, in a full list of its ingredients. Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels.

Dr. Pierce's great thousand-page Illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one cent stamps, or cloth-bound for 51 stamps. Address Dr. Pierce as above.

314 pounds at 18c; Anson Wright, 21,953 pounds at 18c; L. Sweek, 13,809 pounds at 18c; Newt Robinson, 23,747 pounds at 17c; W. B. Potter, 993 pounds at 17 1/2c.

Mr. Lee has been the largest purchaser in the Heppner market this season.

Only about 200,000 pounds of wool remain in the warehouses unsold at the present time. It was presumed there would be another sales day, but as Frank Lee has purchased about all the lighter wool as it came into the warehouses, another day has not been fixed and probably will not be. There is some talk that the remaining wool will be shipped east in individual consignments.

#### WASHINGTON'S LOST CAVE.

Attractive Cavern Found on Lake Pend d'Oreille.

Lost cave, sometimes called the Cavern of the Pend d'Oreille, on the east bank of the Pend d'Oreille river, one of the most wonderful pieces of natural scenery in the state of Washington, according to W. S. Yearsley, who spent last week in the vicinity of Metalline, says the Spokane Chronicle.

"It is very difficult of access," said Mr. Yearsley, "and for that reason is rarely visited. It is practically a two days' journey from Spokane. One must go to Newport on the Great Northern, thence to Big Falls, the head of navigation on the Pend d'Oreille, by boat and must thereafter travel 15 miles to reach the cave. It is 13 miles from Metalline, Wash., on the trail to Boundary City."

"Our party consisted of D. T. Ham, Edgar A. Torrence, George S. Canfield and myself, of Spokane, Jesse Samuel of Dayton, Wash., and John Snavely of Metalline. We were gone 10 days, over two of which were consumed in our journey on foot between Metalline and the cave.

Never Fully Explored. "The cave has never been fully explored. With a little blasting, to enlarge openings, many branch caverns might be penetrated for a considerable distance. The entrance is but four feet square, and although it is but a quarter mile from the main trail, one must get a native guide in order to find it. The explored portion of the cave is about 1200 feet in length. It is probably considerably longer, though it is too small to permit one to penetrate it. For the most part it is about 10 feet wide and perhaps 12 feet high.

"For grandeur and exquisite beauty the interior can hardly be surpassed by any cave. Giant stalactites and stalagmites reflect the light from the torches. Were it lighted by electricity the effect would be indescribably beautiful. Along either side are some pretty cup-shaped formations, called 'the fairies' baths.'

"Some day this is destined to be famous and become a Mecca for tourists. The country in its vicinity is rugged and constitutes one great scenic paradise."

#### WALLA WALLA WATER FIGHT.

Annual Contest Over Supply in Streams Has Opened.

The annual summer water fight between the residents along the Yellowhawk and the users of Mill creek water was opened Thursday night when several residents of the Yellowhawk county went to the weir which divides the waters of the two creeks and loosened the boards in the dam, diverting the entire flow from Mill creek, says the Walla Walla Union.

As a consequence no water flowed through the city yesterday except what originates in springs below the weir. The City Mill, on Palouse street was forced to shut down. At DeWent's mill improvements were being made and the mill was not running when the water was shut off.

Every year the water question around Walla Walla is getting more serious. Last year several threats were made of partially destroying the weir, and this year these threats have been carried out.

The water problem is more complicated this year on account of the changing of the channels of the streams by the May floods. It is said that the high water opened up a number of channels through the rocks under the streams and as a result much of the water now flows underground to appear in springs several miles below.

Try a little KODOL FOR DYSPEPSIA after your meals. See the effect it will produce on your general feeling by digesting your food and helping your stomach to get itself into shape. Many stomachs are overworked to the point where they refuse to do further Kodol digests your food and gives your stomach the rest it needs, while its reconstructive properties get the stomach back into working order. Kodol relieves flatulence, sour stomach, palpitation of the heart, belching, etc. Sold by Tallman & Co.

## PILES

"I have suffered with piles for thirty-six years. One year ago last April I began taking Cascarets for constipation. In the course of a week I noticed the piles began to disappear and at the end of six weeks they did not trouble me at all. Cascarets have done wonders for me. I am entirely cured and feel like a new man." George Kryler, Napoleon, La.

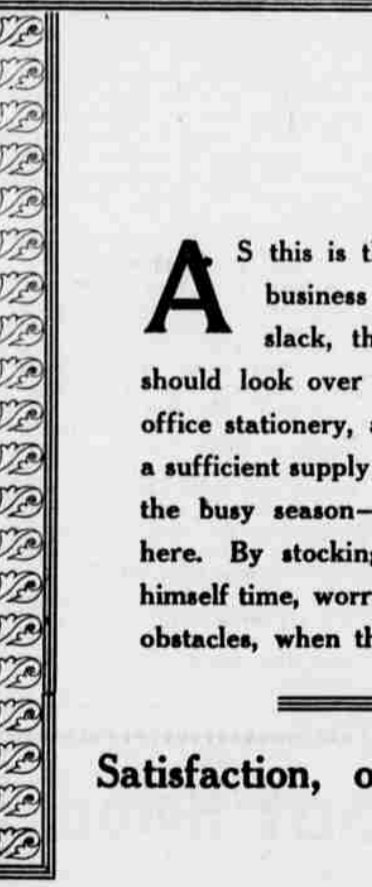

Pleasant, Palatable, Potent, Taste Good, Do Good. Never Sickens, Weakens or Grips, the Stomach. Never sold in bulk. The genuine tablet stamped C.C.C. Guaranteed to cure or your money back. Sterling Remedy Co., Chicago or N.Y. 50c ANNUAL SALE, TEN MILLION BOXES

Central Market Carney, Ramsdell & Co. have purchased the Augustavo meat market and wish to announce that they will continue the business at the same quarters, selling only the best of meats and lard. They cordially invite you to call. Opposite Council rooms.
