NOTES OF UMATILLA FREEWATER ADVICES

UMATILLA WILL SOON HAVE 'PHONE SERVICE.

Pound's Health Is Improving—Street Services by Rev. Levi Johnson—M. E. Reed Visited in Town—Meat Market Suspends Because People Buy Meat Products Away From Home—Prisoner Tries to Burn Out of Jail—Town Needs a Cleaning House—Sheriff En Route With a Prisoner.

Umatilla, July 30.—The mercury registered 104 today. Ed Pound is ill with a slight fever. James A. Pound returned from Pendleton last Thursday very much improved in health, and is again at his place in the postoffice.

Astocal stock company will soon install a telephone exchange here.

L. R. Ferbrache is in town today from Bonners Ferry, Idaho, where he is now located.

Harry J. Burnham and wife visited Portland last week.

Rev. Levi Johnson held street services here Sunday.

D. C. Brownell returned Saturday from Satsop, Wash., where his wife and daughters are spending a month's vacation.

Alex Frazer of the Chronicle force, went to Pendleton Sunday to work a short time in the Promoter office.

Sid Saylor left yesterday for Portland and the coast for a two weeks' outing. Frank Warren is running the shop for him.

M. E. Reed, formerly a switch engineer here, but now located in The Dalles, has been visiting friends here the past few days.

E. S. Davis, switch engineer, returned from a visit to Cascade Locks today.

Robert Campbell, the butcher, has closed his shop here and returned to his home at Freewater. Local hotels and restaurants insist on sending to outside points for their meat, thus making it impossible for a shop to keep up. This is a poor way to build up a town.

Prof. McDaniel came down from Milton and visited here yesterday.

Dick White, O. R. & N. lineman, was in the city Saturday.

Marshal Kelly has had several occupants already for the new jail. One inmate could not keep warm apparently, although it was 105 in the shade, and so started a fire in his room, which burned through the floor and which would have resulted more disastrously had he not had a pall of water in the room. The culprit will answer to the next grand jury for his act.

A general town cleaning-up should be instituted, and all the streets and alleys raked up and hauled away. The trash and filth is noticeable in almost every alley in town and we are of the opinion that the city council should order them put in a presentable and more healthy condition.

The Hannaford went down the river yesterday to Celilo. The leaky boilers were patched up so that it can be taken to a drydock, where she can be overhauled and put in running condition again.

Miss Margaret McCoy of La Grande, is visiting her brother Pat McCoy, who is now switching here.

Jim Furlong visited The Dalles yesterday.

Clide Bland, who has been night clerk at the Duncan house for some time, has resigned his position and joined the O. R. & N. company surveying force.

W. S. Robbins, sheriff of Latah county, Idaho, is in town today. He will go to Boise this evening with a prisoner for the state penitentiary.

CHICKEN EVERY DAY.

Palouse Farmers Forecast to Extreme Measures to Keep Harvest Hands.

Some farmers of the Palouse country have hit upon a novel scheme to relieve the situation occasioned by the scarcity of harvest hands, says the Moscow Star. Seeing that the offer of good wages has failed to induce many who as a rule don't particularly care to work, some have decided that once a day they will spread chicken in profusion on their tables and make life in this section a veritable paradise.

The whole northwest is experiencing a shortage of help and for that reason harvest hands are commanding good salaries, short working hours and the delicacies of life on the menu.

Frisco's First New Brick.

The first permanent brick building in the down-town or "burned" district has just been completed, says the San Francisco Examiner. Twenty-one days ago there was a piece of bare land covered with a mass of brick and twisted pipe. Today a substantial three-story business block covers the lot, and the tenants will move into their offices on August 1. This is only one instance of the way in which San Franciscans are setting about the rebuilding of their city.

Freewater, July 31.—It is understood that a petition is being circulated in the Freewater country for a saloon at this place. The petition reads that under the law the mayor and city council have a right to give a license under certain conditions. The petitioners have had an attorney at work on the matter. It is expected that there will be a strong fight on regarding this question, as many of the citizens are opposed to saloons, and it is thought that Milton will fight it.

Some Wheat Comes in.

Wheat is coming in slow, owing to all teams being at work in the harvest fields, and it is not expected that much will arrive until harvest is nearly completed. The Peacock Milling company and the Farmers' warehouse together, have received about 600 sacks of wheat and 200 sacks of barley up to this time.

The Peacock Milling company's bank is now known as J. L. Elam's bank, the change having been brought about by the sale of the Peacock mill recently.

Samuel D. Peterson, secretary of the Milton Progressive association, is securing reliable data regarding the advantages of the country surrounding Milton and Freewater, and will have a supply of literature printed with descriptive matter of Milton and vicinity, which will no doubt be very beneficial.

A. S. Pearson, justice of the peace, Attorney C. T. Godwin and Dr. E. E. Dotson of Milton, went up to the tollgate last Tuesday to hold an inquest over the body of John Prell, a sheepherder who was found dead last Saturday, 20 miles beyond that place. They returned home Thursday.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free, by mail. Address Dr. J. C. Kilmer & Co., Binghamton, N. Y.
