

There are no "dead" ads in the East Oregonian. They are all fresh, crisp, up-to-date and mean just what they say. Read them this evening.

WEATHER FORECAST.

Probably fair tonight and Tuesday.

A. SMYTHE SELLS 18,000 SHEEP

Contracts Closed Yesterday for May 1 Delivery at \$3.50 Per Head.

DEAL AMOUNTS TO \$63,000 AND IS BEST OF SEASON.

Ruling Price of Sheep is Now From \$2.50 to \$3 Per Head, But the Extraordinary Quality of the Smythe Sheep Brought Better Than Top Price...

What is perhaps the biggest sheep sale effected in the entire northwest this season was made by A. Smythe & Sons of Arlington, yesterday to F. C. Oxman, the well known Chicago buyer.

The deal included the sale of 18,000 head of mutton sheep, to be delivered in the Union stockyards at Chicago by May 1, 1907, at extraordinary prices.

While the ruling price being paid for yearlings at this time is from \$2.50 to \$3, the excellent quality of the Smythe sheep brought \$3.50 per head for them, the largest price on record this season.

The amount involved in the transaction is \$63,000, and is one of the most important sheep deals effected in Oregon this year.

The Smythe sheep are well bred and bring extra prices in the markets continually. Last year Mr. Oxman bought of his firm at prices considerably in advance of the market.

Smythe & Sons will winter over about 25,000 head of sheep next winter and will have one of the largest herds in the eastern Oregon country after having delivered those contracted yesterday.

FIGHTING IN PHILIPPINES

Need of All the Pacification the Administration Can Muster.

Manila, Aug. 6.—At Abuyon, Island of Leyte, 150 Palaganes pierced the military cordon, burned the municipal buildings and killed the ex-constabulary and three policemen.

Major Crawford, Captain Kuanber and a lieutenant and eight members of the constabulary were shooting the rapids of the Abuyon river, in northern Luzon, when attacked from ambush and wounded by Igorrote arrows.

OVER 300 DROWNED

Reported Loss of Spanish Steamer Off Carthagena.

Carthagena, Aug. 6.—It is reported the celebrated Spanish singer, Lola Milano, was lost with the steamer Sirio, Saturday night. The French steamer Marie Louber saved 54 lives.

New York Swelters

New York, Aug. 6.—The city is sweltering. Many people slept on benches and in the suburbs and parks last night. The house-tops in the tenement districts are crowded.

WILL PROSECUTE THE L. & N.

Made Defendant for Violation of Agreement.

Washington, Aug. 6.—Instructions have been sent by the department of justice to the district attorneys of Kentucky, Tennessee and Alabama to bring additional suits against the Louisville & Nashville for alleged violation of the arbitration of 1898 concerning interstate carriers and employees.

Judge Stockalger will undoubtedly

be the democratic candidate for governor of Idaho, the nominee of the convention which meets at Coeur d'Alene August 7.

Murdered for Thirty Cents

Cottage Grove, Ore., Aug. 6.—William Powell, aged 70, of San Francisco, was shot a mile south of here last night by two 15-year-old boys supposed to be escapees from the Washington reform school.

Will Indorse Bryan

Waterloo, Iowa, Aug. 6.—Bryan will be indorsed by the democratic state convention, which meets here tomorrow. Delegates have been arriving today to caucus on a state ticket.

TO BOSTON BY AEROMOBILE

Trying to Make a Record From New York to the Bay City. Noank, Conn., Aug. 6.—Roy Knabenshue, and Dr. Thomas, who started to New York last night to break the American ballooning record, landed here this morning before breakfast.

RACING AND GAMBLING

Unrestricted Vice Rules Saratoga on the Opening Day. Saratoga, Aug. 6.—The racing season opened today, Saratoga day, but the gaiety, despite the great crowds, is slight compared with former years on account of the absence of open gaming.

TEMPORARY TRACK

No Work Yet Done on Tunnel 6, Southern Pacific. Redding, Cal., Aug. 6.—The temporary track around tunnel No. 6, is completed. Transfers of passengers were made last night.

Chicago Wheat Market

Chicago, Aug. 6.—Wheat closed at 72 3/4, corn at 49 3/8 and oats at 31 1/8.

BANK FAILURE MAKES FURORE

POLICE KEEP BACK MOB OF ANGRY DEPOSITORS

Bank Carried Deposits Amounting to \$4,000,000, Largely Credited to Foreigners—Bank Said to Be Closed Because of the Unexpected Absence of One of the Principal Officials—The President is Also Away.

Chicago, Aug. 6.—The Milwaukee Avenue State bank with a capital of \$250,000, and deposits said to be \$4,000,000, and deposits said to be \$4,000,000, was closed this morning by Vice President Theodore St. Anselmi for examination.

A big force of police is holding back the enraged depositors, who are mostly foreigners.

Various rumors are current as to the cause of the failure, among them being the alleged shortage in the accounts of one or more officials. The police state warrants have been issued and attempts are being made to serve them.

Paul O. Stensland, president, has been on a vacation for some time. His son, who is vice-president, says the bank closed on account of the unexpected absence of an official who alone could conduct the affairs.

Big Shortage Reported. A conference was held this afternoon between Police Inspector Shipley, Stensland and Examiner Jones.

Hering was not present. It is rumored the bank's books show a shortage of \$150,000.

It is reported that Cashier Henry Hering returned home this afternoon, being absent over Sunday without notifying the bank.

"We have on hand over \$1,000,000 in cash. Hering could have taken all had he intended to default. Upon demand of Examiner Jones we procured a warrant charging Hering with the embezzlement of \$500. We are all right and will pay all claims, and will resume business as soon as the examination is finished."

DOUBLE TRACK NORTH BANK

New Line Will Have Every Facility for Heavy Traffic.

Between Vancouver and Cape Horn on the Columbia river, in Skamania county, a distance of 25 miles, the north bank road will be given a double track.

The same facilities will also be provided between Hovey and Kennewick, a 18-mile stretch along the upper river. Orders for the double tracking of those two sections of the road have been issued by President James J. Hill, of the Great Northern.

The building of the additional track was decided upon in order to eliminate the necessity of having so many switches along the river. When the grain shipping season is on in full blast President Hill holds that it would be more economical to have a double track than innumerable switches.

Both tracks will be built and completed in the same time.

Will Indorse Bryan

Waterloo, Iowa, Aug. 6.—Bryan will be indorsed by the democratic state convention, which meets here tomorrow. Delegates have been arriving today to caucus on a state ticket.

No fight of importance has so far developed.

ANOTHER FORM OF REBATING

Railroads Did Not Collect Storage Charges Due from Standard Oil Company.

HELP FREEZE OUT THE INDEPENDENT COMPANIES

Executive Director of the Chicago Commercial Association, Formerly a Railroad Official, is the Witness the Government Relies Upon to Prove This By—The Sugar Trust From Its New York Headquarters, This Morning Announced Advance of 10 Cents Per 100.

Chicago, Aug. 6.—Prior to presenting evidence in the Standard investigation, the railroads rebating charges, to the grand jury today, Sullivan, Morrison, Pugin, Hanchett and Dyer, the latter district attorney at St. Louis, all government lawyers conducting the campaign, conferred.

The jury will be sworn this afternoon by Judge Betha.

The Cleveland case will be presented in its entirety. It is said the evidence relates to storage charges that were never collected, the omission of which, it is charged, gave the Standard undue advantage over its competitors.

The star witness will probably be H. C. Barlow, executive director of the Chicago Commercial association, and a former railroad official once in the confidence of the Standard, but now an active opponent of both the railroads and the Standard.

Advance in Sugar

New York, Aug. 6.—All grades of refined sugar are advanced 10 cents per 100.

RICH PLACERS FOUND

Dirt in Douglas Creek, Wyoming, Runs \$750 Per Ton, Gold.

Cheyenne, Aug. 6.—Thousands of acres of placer claims in Douglas creek district mineral deposits estimated by experts to be worth in excess of \$15,000,000, will be opened as the result of report received here from David T. Day, chief of division of the United States geological survey.

Samples, the poorest of which could be found in the center of the placer field, show dirt that runs \$750 to a ton in gold, 30 per cent magnetic iron and 54 per cent hematite, making these among the richest placer fields in the country. The samples carry platinum, in which Day made no report.

EXHIBITS FREE TO BOISE

Pacific Express Company Makes Concession for Walla Walla.

The following from the Walla Walla Union, shows that active steps are being taken there to send exhibits to the National Irrigation congress, to be held September 3-8.

The Union says: "The Pacific Express company has opened a way for Walla Walla county to send a first-class exhibit to the National Irrigation congress to be held at Boise, Idaho, from September 3 to 8. The company advertises that it will carry free all fine exhibits of fruit, shipments not to exceed 100 pounds from any one shipper.

A great interest is being manifested in this congress all over the country, and exhibits will be sent from nearly every state west of the Missouri river and from many of the eastern states.

There is no better fruit raised anywhere than that raised in Walla Walla county and it is believed that no county can collect a better display.

It is to be hoped that the matter of a fruit display will be taken up by the farmers, fruitgrowers and business men and that a concerted action can be taken toward making the proper showing at Boise.

So far no arrangement of this kind has been made in this city, the local office of the Pacific Express company not having received notice that shipments of any exhibits will be carried at less than regular rates.

The Walla Walla Meat & Cold Storage company has secured the contract for furnishing the penitentiary with hives on the hoof, prime steers, at \$2.23 per 100 pounds.

FORMER PENDLETON GIRL DROWNED

Miss Ethel Galbreth, who taught swim, got into deep water and cried for help. Several men were standing on the bank but none offered to help the young woman, so Miss Hilda Sawyer went to the rescue, but could do nothing with the drowning girl.

Then Miss Margaret Sawyer went to endeavor to lend them aid. Miss Galbreth is from eastern Oregon.

SEYMOUR JONES KILLED BY TRAIN

Apparently the Young Man Sat Down on the O. R. & N. Track When Drunk.

HAD BEEN WALKING ON TRACK TOWARD HOME

Body Was Dreadfully Mutilated, and Was Struck by a Freight Train Some Time Close to Midnight Last Night, by Being Run over Just This Side of Nollin Station. From all indications young Jones had sat down on the track while partly drunk, and was struck by freight train No. 353, which was following close behind No. 5, the westbound passenger.

As No. 5, the morning eastbound passenger train, was passing Nollin this morning the trainmen noticed the mutilated remains of a man scattered along the track. The train was stopped and the section boss at Nollin notified to watch the remains until the arrival of Coroner Folsom. That official was informed of the discovery soon after the passenger reached this place.

He left on the westbound passenger for the scene, and returned on a freight early this afternoon.

According to Mr. Folsom the body was found beside the track, about 400 yards this side of Nollin. Beside the track was also an unbroken bottle of beer with a corkscrew. From the footprints and other evidence it is believed that young Jones was sitting on the track in a drunken condition when the freight train struck him.

The dead man was in Pendleton yesterday afternoon and is said to have gone down to Nollin on No. 5 last night. After getting off at Nollin he had evidently started to walk up the track to his home, which is a mile or more this side the station. While doing so he sat down on the track and was not aroused by the approaching train.

The body of young Jones was terribly mutilated by the freight train, the same having passed over his entire body, cutting off his head and arms and rendering the corpse almost unrecognizable. The remains were brought here today but will be shipped back to Nollin for interment. No inquest will be held, as Coroner Folsom holds such to be unnecessary.

BUYS TERMINAL GROUNDS

Northwestern Steamship Company Pays \$250,000 for Tract at Seattle.

Seattle, Aug. 6.—The Northwestern Steamship Co. and allied lines have purchased lots 6 to 12, inclusive, block 370, Seattle tide lands for terminal purposes. The purchase price is said to be approximately \$250,000.

The property will be improved by warehouses and docks and a slip is to be dredged through the entire depth of the property, which is 456 feet wide by 900 feet deep.

The plans of the steamship company are not completely outlined but it is expected that the terminals will be in shape to handle the traffic by the opening of the Nomsa season next summer.

POISONED FIFTY

Ascend of Mount Baker Will Be a Failure This Year.

Bellingham, Wash., Aug. 6.—Canned mushrooms poisoned 50 Mazamas of Portland and elsewhere trying to reach Mount Baker's summit. Half the party were incapacitated and unable to make the trip, and the ascent is probably a failure.

Neff Gets Seven Years

Warsaw, N. Y., Aug. 6.—John W. Neff, former county auditor, was today sentenced to seven years for grand larceny in connection with the "graveyard" scandal at Buffalo.

Letfelf & Hauser, Wallowa sheepmen

have sold the remainder of their sheep—2600 head—to Tom Tucker, who now owns 6700 head.

THREATEN TO STRIKE

Linemen Will Remain at Work Conditionally.

San Francisco, Aug. 6.—Linemen employed by San Francisco Gas & Electric company, which supplies practically all the lighting and electric power of the city, notified the company this morning that if it supplied the United Railroads with one cent above the amount contracted for by the railroads, they would strike in sympathy with the railroads' linemen. The company promised to adhere strictly to the contract.

CHIEF OF POLICE RESIGNS

Is Succeeded by a Finlander From the Russian Army.

Helingsfors, Aug. 6.—As a result of recent disorders here, Chief of Police Malm and two adjutants have resigned. Malm is succeeded by Major Pergh, a Finlander, from the Russian army.

St. Petersburg is Quiet

St. Petersburg, Aug. 6.—The city is quiet. Three newspapers appeared this morning.

S. H. MCCLINTOCK DEAD

Was Pacific Coast Agent of Standard and Union Tank.

San Francisco, Aug. 6.—S. H. McClintock, who died suddenly by heart disease at the Hotel Imperial in New York yesterday morning, was the Pacific coast agent of the Standard Oil company and the Union Tank line. His home was in Palo Alto, Cal.

BEGIN PAVING IMMEDIATELY

COMPANY OFFICIALS ARE NOW IN PENDLETON.

Two Carloads of Cement and Drainage Pipe Expected Today, and Actual Work Will Begin as Soon as It Arrives—Laborers Will Be Employed Here as Much as Is Possible—Electric Light and Power Poles Afford a Problem.

This afternoon Superintendent Shewry stated that the carload of cement for curbing work has arrived and that a force of men will be started to work day after tomorrow, some of the workmen coming over from Walla Walla tomorrow.

Material Now Here

That the street paving work will commence at once was declared this morning by Warren Construction company people, who have just arrived for the purpose of starting operations under the company's contract.

J. H. Shewry, superintendent of construction, and H. E. Hoyt, cashier, are the two officials now here, and the former will be in charge of the paving work in Pendleton. Mr. Hoyt will remain until the work has been organized, when he will return to Pendleton.

According to Superintendent Shewry a carload of cement and one of drainage pipe are expected here this afternoon and as soon as they arrive actual work will be started. He says that much of the delay has been caused by the difficulty in securing cement, which is now very scarce in the coast market.

As soon as the cement and sewer pipe arrives a force of men will be started at work upon the curbing, and another at placing the drainage pipe. The company will bring its cement men from outside, and laborers will be employed here. As many men will be employed as can be secured as the sewer work and grading will necessitate a large force. Superintendent Shewry does not believe he will have much trouble in securing laborers for the work, but if he does will bring in a crew from Walla Walla. At that place the company is just finishing with a gang of 250 and many of these will seek work here when through in the Garden City.

Superintendent Shewry has been in charge of the paving work at Walla Walla, though the company has not yet finished with its last contract there. Within a short time a contract will be completed for \$75,000 worth of paving at Baker City, and also the Boise contract will soon be made.

Electric Poles a Problem

What to do with the electric poles in the gutter on the west side of Main street and the north side of Court is a question that will have to be settled soon. According to the Warren people a waterproof pavement cannot be placed around poles and consequently the poles should be placed through the sidewalks or the wires put underground. The telephone company has already made arrangements to place their wires beneath the surface, but what disposition will be made of the electric wires remains to be seen.

\$1500 FOR THE FAIR AVAILABLE

For Expenditure Locally, Besides \$250 for Advertising From State Printing Office.

SECRETARY OF STATE WILL ISSUE WARRANTS LATER

President Cohen Considers the Success of the First Umatilla-Morrow Fair is Assured—The \$1500 Available for Premiums Must All Be Expended on Exhibits; None of It for Speed Premiums—Probable That a Meeting of the Fair Commission Will Be Held Saturday.

That the \$1500 state appropriation for premiums at the coming district fair will be available, has finally been ascertained, and as a result the success of the enterprise is now assured.

In a letter to his partner, John McCourt, District Attorney Phelps states that he called upon the secretary of state while in Salem and that he found that official willing to issue the warrant for the \$1500 when the proper time comes. Though some objection was encountered owing to the failure of some of the commissioners to file their oaths of office, this was satisfactorily explained, and the money will be forthcoming.

A letter has also been received by Dr. C. J. Smith from State Printer Whitney, in which that official says he consulted the secretary of state regarding the \$250 worth of printing that is to be done for the fair, and was informed by the chief clerk that the Umatilla-Morrow county money is available.

Means Success of Fair. According to Leon Cohen, president of the fair commission, the action of the secretary of state now removes all doubt regarding the state money, and consequently there will be \$1500 to offer as premiums for livestock and agricultural exhibits. None of the money can be used as premiums for trials of speed, such being prohibited by the law.

It is probable that a meeting of the fair association will be held on next Saturday, at which a plan of action for the fair will be agreed upon. However, in the meantime, the local members of the commission will be busy engaged in working out the general plans, one of the most important things being the selection of a fair site.

WILL ENLARGE SCHOOL HOUSE

Present Quarters in District 44 Are Too Small for Next Term.

The directors of school district No. 44, six miles east of Weston, have decided to build an addition to their present school house and to employ two teachers for the coming term in stead of one as in the past. The reason for the school enlargement is that the present quarters are insufficient for the growing school.

WOOL FOR WOOLEN MILLS

Agent for Pendleton Mills Buys 100,000 Pounds in Lewiston at 14 1/2 to 17 Cents.

Frank Lee, wool buyer for the Pendleton Woolen mills, has just purchased 100,000 pounds of wool in Lewiston, Idaho, for the mills, the prices paid ranging from 14 1/2 to 17 cents per pound.

Keever-Perkins

Cards have been received here announcing the coming wedding of Elbert F. Perkins, formerly of the Elite Candy Kitchen, to Miss Clara A. Keever, of Burlington, Kan. They will be married in that city on August 14, and will make their future home at McMinnville, Ore., being there after October 1. The bride-to-be is a daughter of Mr. and Mrs. G. W. Keever, of Burlington.

Schools in Perpetual Session

That the schools of Umatilla county never cease in their work is indicated by reports that have just been received at the office of Superintendent F. K. Welles from the districts where school is held during the summer. Final reports showing the closing of the schools in districts 47, 49 and 10 have just been received, while district 40 has notified the superintendent of having just commenced its summer term.

After New York Ice Trust

New York, Aug. 6.—Judge Rosalsky charged the grand jury today to investigate the alleged ice trust, and urged upon them the necessity, inasmuch as this season the need for ice is great. The price of ice is so high as to prevent tenement dwellers getting any.
