WATER PIPES.

Should Be in Perfect Shape Before Paving Commences.

That parties owning property on Main and Court streets should see that the water pipes connecting with the street mains are in perfect shape before the paving work commences is urged by William Sutherland, water superintendent.

In speaking on the subject yesterday Mr. Sutherland said:

"After the streets have been paved it will be a hard matter to make any changes in the water connections and they will be expensive on the property owners who will have to pay for tearing up and replacing the pavement."

We will sell you a good 17 Jewel Watch in a dust proof case for only \$12.00

ment. Consequently all those having plumbing that has been in use for a long time, as is the case with most of the old buildings, should have the same renewed at once.

"In many cases where the pipes have been in the ground for years they are liable to be defective and the heavy weight of the paving machinery may smash the pipes. But of course the connections for the new buildings such as the John Schmidt, the Smith-Crawford and other buildings will not need inspecting."

As the paving company will commence grading shortly, those who intend acting on Mr. Sutherland's suggestions will have to do so quickly.

FORGERY AT SUMPTER.

Husband of Spokane Girl Faces Serious Case.

Sumpter, Ore., Aug. 19.—On complaint of H. B. Griffin, pioneer hotel man, a warrant for the arrest of Lew H. Wallace was sworn out yesterday. Wallace is charged in the complaint with having cashed a check for \$80 purporting to be signed by Griffin, while the latter was visiting at Los Angeles.

Griffin pronounces the signature a forgery, claiming he never signed or issued the check in favor of Wallace. The latter is charged also on a separate complaint with having forged the name of Griffin to a promissory note for \$450 and delivering it to J. P. Baird, a furniture dealer and justice of the peace for Sumpter precinct. Owing to this complication the case was brought before the city recorder, F. P. McDevitt, who is ex-officio justice of the peace.

During Griffin's absence last winter Wallace acted as manager of the hotel business here, and the transaction complained of is said to have occurred. Wallace has been considered honest by the business people. Last winter he married a most estimable young woman at Spokane. Wallace denies the forgeries and says the check and notes were both signed and issued by Griffin in his favor.

To Foreclose Mortgage.

S. C. Bitner has brought suit against Daniel Doherty to have a mortgage foreclosed, the complaint in the case being filed this morning by Judge S. A. Lowell. The mortgage is upon the Alta House property, which was sold by Mr. Bitner to Mr. Doherty, and afterwards repurchased.

CANNOT SAVE MANCHURIA.

Four of Her Boilers Are Out of Commission.

Honolulu, Aug. 21.—All efforts to float the Pacific Mail line steamship Manchuria which went on a reef off Rabbit Island, early Monday morning, have thus far proven futile, and small hope of saving the vessel is entertained. Her middle now rests on the reef and it is feared will break in two.

The vessel was taking water and laboring heavily. It is also thought that the engines have been rendered useless from pounding.

The tug Fearless, while attempting to haul the vessel off last night, broke her anchor and cut her hawser. The Fearless then returned to Honolulu, but will go back this afternoon.

At high tide this morning the Manchuria made an effort to get off with her own steam, but failed. Four of her boilers are now out of commission.

A supreme test to float the Manchuria will be made this afternoon, the cable ship Restorer being sent along to aid the Fearless.

All the passengers were taken off, but the officers refuse to leave the ship. A heavy swell is on and a high wind is blowing.

Negro Suspects Held.

Atlanta, Aug. 21.—Arthur Reed, a negro, and two black companions, are held in jail awaiting identification as the assailant of Ethel and Mabel Lawrence in the suburb of this city yesterday, while the girls were in the garden of their home. A mob is armed with guns and ropes, and is awaiting the result of the girls viewing the suspects.

OHIO DEMOCRATS MEET.

A Full State Ticket is to Be Elected Today.

Columbus, O., Aug. 21.—Columbus has seldom seen a larger congregation of democrats from all parts of the state as today, the opening day of the democratic state convention. The hotels in the central part of the city are crowded with democratic politicians and the headquarters of the contending factions are busy as beehives.

The convention is of particular importance owing to the fact that not only a full state ticket is to be selected, but that the convention will also take decisive action in regard to the attitude of the democratic party of Ohio in the coming presidential campaign. Aside from the temporary organization of the convention no slate has been prepared and all the fighting for the nominations will be done on the floor of the convention hall.

Judge B. F. McCann of Dayton, has been selected for temporary chairman, Price Russell of Wayne county, for temporary secretary; Bert Barlow of Butler county, for sergeant-at-arms. The total number of delegates will be 936, thus making the total number required for a choice, 469. It is the general understanding that the Patterson faction, composed of the friends of the late governor, is still in control and will exert a dominating influence in the convention. It is believed that a powerful effort will be

made in the convention, to commit the democracy of Ohio in favor of William Jennings Bryan's candidacy for president.

ANOTHER LYNCHING.

Young Daughter of a Planter Found Nearly Dead.

Goldboro, N. C., Aug. 21.—The mutilated body of Minnie Sexton, the 16-year-old daughter of George Waddill, a planter, was found this morning. Her lips were torn as with the naked hand, and her neck terribly bruised. Poeple around Fremont near where the crime was committed, are enraged. Another lynching is scheduled. She had been ravished.

Ask Pardon for Morrell.

Sacramento, Aug. 21.—Among the applications for pardon before the governor is that of Edward Morrell, sent for life imprisonment from Fresno 12 years ago, for robbery. Morrell held up a Fresno jailer and took his pistol and liberated Chris Evans, a noted train robber, and both escaped. Evans wounded the chief of police. Later the pair were captured.

Wheat Crop Loss.

Ogden, Utah, Aug. 21.—The entire wheat crop is ruined, but the rust loss is confined to the irrigated crop. Dry farmers' crops are not being touched. It means about a million and a half loss to the farmers.

If you see it in the East Oregonian its true.
