

# EDITORIAL ON HOME INDUSTRY

Outside Buying Accountable for Dull Times in Pendleton—Good Reading for the "Knocker."

Take some of the biggest knockers in Pendleton and you will usually find people who buy every conceivable thing possible away from this city. In the growth of any live town or city you will find people loyal to their merchants. There are people in and near Pendleton who will buy sugar or provisions that have no margins at all of their grocer, who is kind enough to carry their account from one harvest to another. These same people pay cash to peddlers for teas, coffees, etc., and pay more for it, rather than buy of the merchant who wears a clean collar and new shine, tries to look pleasant and prosperous. Your home merchant pays taxes on his stock that maintains your schools and makes the town a good place to live in. His money is spent here and falls indirectly into YOUR pocket. Will you reciprocate or will you later "lose your job" because the boss is too poor to keep you? Wake up! Fill your chest with Pendleton ozone and believe that this city has the only red spot on the map. Breathe your enthusiasm into your fellow neighbor. Be optimistic and you'll find this city a hummer. Before you put your shoulder to the wheel, start right by calling up Black 3131 and ordering one pound of that fresh roasted and delicious EMPIRE JAVA AND MOCHA, 40c lb. EMPIRE TEA & CROCKERY CO. Incorporated.

G. M. VINTON, Mgr.

220 E. Court St. Telephone Black 3131

## Watchmaker Sawtelle

--that's a phrase we should like to have you remember.

Remember it because it means personal attention, accurate adjustment, a finished job and a well timed watch before it leaves the shop.

To evidence my facilities, may I have your next job.

Royal M. Sawtelle  
Jeweler

## HAIR BRUSHES in all grades.

We can suit you when you want a hair brush. We can suit everybody, because our stock represents every grade from the cheapest to those made from the best quality of Russian bristles. Though the main feature of a brush is its bristles, the bristles must be mounted in well made backs of good material. We can show you all kinds of backs, solid and veneered woods in variety. All our brushes are good values; all prices from 25c to \$3.

Tallman & Co.  
Leading Druggists.

## We Don't Dictate

We don't presume to dictate what you shall buy when you enter our store.

Often, of course, we give advice, but never do we try to talk you into buying something you don't want.

We have a choice variety to offer the buyer, as our stock of watches and jewelry is complete in every detail.

Jewelers-Opticians.

# COST OF NEW LEVEE

(Continued from page 1.)

is steep on each side and under the Main street bridge, lay up a stone wall with cement mortar.

From station 89 to 165 build a levee on the new location with a wall on bedrock along the outer toe and the face of the levee riprapped with large rock.

When the levee is extended later from station 105 to the O. R. & N. railroad, build a levee on the new location. To carry the riprap down to bedrock on this section will be expensive and in my opinion it will not be necessary if two cribs are put in near the upper end to divert the current away from the levee.

By repairing the toe of the levee with large stone above the Main street bridge, this part of the levee would probably stand any ordinary flood, but to make the levee safe against such floods as occurred this year the work should be done as outlined in this report. If the work is done in sections 1 to 4 inclusive it will protect all but the lower part of the city which would be affected only by back water from below the levee.

As the material available for the construction of the levee will not make a water tight embankment, there will be some seepage through it and also through the gravel under the levee. The seepage water can be carried off through the surface ditches on the sides of the streets to the lower portion of the city. When the levee is extended to the railroad below the city a drainage pipe should be placed through the railroad embankment to let this water out.

The water from the mill race is discharged back into the river through a masonry culvert under the levee at station 69-75. The cost of putting in an iron gate at the lower end of the culvert to prevent the high water backing up through the culvert will be about \$225.

### Cost of Work in Detail.

The estimated cost of the work is as follows:

Section No. 1 (present location)—Excavating, 3000 cubic yards at 20 cents, \$600; embankment, 4500 cubic yards at 20 cents, \$900; riprap, 2400 square yards at \$1. \$2400; stone masonry, 150 cubic yards at \$6.50, \$975; total, \$4875.

Section No. 2—Excavation, 3600 cubic yards at 30 cents, \$1080; riprap, 2100 square yards, at \$1. \$2100; stone masonry, 960 cubic yards, \$6.50, \$6,240; total, \$9420.

Section No. 3—Excavation, 1200 cubic yards, at 30 cents, \$360; riprap, 1600 square yards, at \$1, \$1600; stone masonry, 730 cubic yards, at \$6.50, \$4745; iron gate, \$225; total, \$6930.

Section No. 4—Excavation, 1000 cubic yards, at 30 cents, \$300; embankment, 12,500 cubic yards, at 30 cents, \$3750; riprap, 5500 square yards, at \$1, \$5500; stone masonry, 870 cubic yards, at \$6.50, \$5655; total, \$15,205.

Section No. 5—Embankment, 21,500 cubic yards at 20 cents, \$4300; riprap, 5400 square yards, at \$1, \$5400; cribs, \$2250; total, \$11,950.

Total of all sections, \$48,380. Incidentals and contingencies, \$2,000.

Engineering and supervision, \$2520. Total cost of work, \$52,900.

If the levee is built on the new location on section 1, the cost will be approximately \$12,500.

Respectfully submitted,

FRANK C. KELSAY.

In addition to the above the engineers' report also includes blue prints of the levee and the proposed changes and the profile of the levee. It also contains several photographs showing scenes along the river, and

illustrating statements in the report. The report is now in the possession of Councilman Murphy of the levee committee.

## IRRIGATION CONGRESS.

Boise Is Making Extensive Preparations, Says Montie B. Gwinn.

"Boise is now lively in anticipation of the national irrigation congress to be held there in September, and every effort is being made to care for the welfare of the delegates," said Montie B. Gwinn, chairman of the executive committee, this afternoon.

Mr. Gwinn, who is now soon to be a resident of Pendleton, having purchased an interest in the Savings bank, came down from Boise this morning. However, he will spend but a day here, after which he will return to Idaho, where his presence will be required constantly until after the great congress is held. Regarding the prospects for the congress he said:

"We have already received notices of the appointment of over 1200 delegates from the various states of the west, and more are now being named daily. There is every indication of a large attendance. Colorado will be on hand with a large delegation, headed by the governor, as will also California. An unusual feature of the coming meeting is the interest shown by people of the far east. One man from Maine wrote but a few days ago saying he would be present and others from all over the eastern states have shown a similar interest."

"At the headquarters in Boise places are now being found for visitors who will be there during the congress and over 1000 rooms have already been registered with the secretary.

### Umatilla Should Be There.

"At the coming congress there will be a grand opportunity for the people of Pendleton and Umatilla county," declares Mr. Gwinn. "This county is now on the verge of a great development and it will be worth while for the citizens to attend the congress and meet with those present from the vice president down."

## GRAND LARCENY CHARGE.

Prisoner Now Confined in the County Jail at This Place.

Martin Baker, accused of grand larceny at Defiance, O., is now a prisoner in the county jail awaiting an officer from the Buckeye state. He was brought down from Helix this forenoon by John Griswold, town marshal, who arrested the man while he was working on a ranch near Helix.

The arrest of Baker was made upon information from W. G. Kopp, sheriff at Defiance. He states that Baker was indicted for grand larceny in November, 1905, and had left Defiance in September or October of that year. He was described as a big man with red hair, red face and a sneaking look. Two brothers were supposed to be with him and they were described by the Ohio sheriff as bad men.

While the prisoner, Baker, admits he is from Ohio and is the man that is wanted, he denies he committed any crime there and does not like the idea of being under arrest. Also his brothers, who were with him, declare that he is an innocent man.

## ANOTHER GRAIN FIRE.

On a Ranch Near Helix—Considerable Grain Destroyed.

As the result of a fire which occurred yesterday six or seven miles from Helix a separator belonging to Ed Zeuske was destroyed and also 40 acres of cut wheat belonging to Al Horn and W. J. Furnish. The ranch is owned by the latter and is being farmed by Mr. Horn.

Just how the fire originated has not been reported but it is presumed to have been caused by a spontaneous combustion due to smutty wheat or some other cause. The separator was completely destroyed and also a stack of wheat which represented the headings from about 40 or 40 acres.

The loss of the wheat was covered by insurance carried with Moorhouse & Hamilton.

### Receiver for Paint Store.

H. S. McCutcheon, representing R. L. Sabin of Portland, has been appointed receiver for the C. C. Sharp paint store, and is now in charge of that place. He and Mr. Sharp have been engaged in invoicing the stock today, and it is not known yet what disposition will be made of the business. The receiver was appointed at the instance of Mr. Sharp.

### R. M. Mayberry Ill.

R. M. Mayberry, of the Savings bank force is ill at his home in this city. He was taken ill yesterday afternoon and forced to stop work. Today he was unable to be at the bank.

Michael F. Dwyer, the most famous race track bettor America ever produced, is dead at New York. He died penniless, though he was once a millionaire.

# 200 MEN WANTED

FOR WORK ON THE PAVING OF PENDLETON STREETS.

Street in Front of District Fair Pavilion on Main Street Will Be Paved Before Fair Is Held, According to the Superintendent of Construction—There Will Be Difficulty in Securing Required Amount of Help—Fifty Greeks Expected From Tekoa, Washington—Graders Will Be Here Tonight.

That the street in front of the district fair pavilion on Main street will be paved before the fair is held, was prophesied this morning by J. H. Shewry, superintendent of construction for the Warren company.

According to Superintendent Shewry the company will commence paving at the south end of Main street provided the vacant O. R. & N. property can be secured as a location for the paving plant. Application for the ground has been made and it is hoped can be secured. In case it is the street will be paved from south to the north end, the machinery and material being hauled over the paving as it is placed.

The grader and several teams belonging to the company left Walla Walla yesterday morning to come to Pendleton by wagon road. They are expected here this evening and Mr. Shewry states that the grader will be started to work at once, the street being graded as fast as the sewer pipe can be laid and covered.

### 200 Men Needed.

"We need about 200 more men for our work and just now we do not know where we are going to get them," declared the superintendent today. "I sent a Greek to Tekoa, Wash., yesterday to see about getting 50 Greeks now there, but I have not heard from him since," he said.

Apparently there is going to be difficulty in securing enough men for the paving work here and the situation is made worse by the starting of work on the reclamation project ditch below Echo.

## FLOOD DAMAGE SUIT IN COURT.

Motion to Strike Out Argued by Attorneys Today.

In the circuit court today Judge Bean has been listening to the arguments of the attorneys in the case of the Peoples Warehouse, Fair Store and Baker & Folsom against the city and W. S. Byers.

The argument is upon a motion by the city and Mr. Byers, to strike out a portion of the complaint, which if granted, would be a decisive victory for the city. City Attorney McCourt spoke nearly all forenoon in favor of the motion and this afternoon D. W. Bailey has replied for the plaintiffs.

### Another Fire Near Helix.

Besides the burning of the Zeuske machine, another fire occurred yesterday near Helix. It was on the Richmond Bros. ranch, two miles from that place, and the fire was started by the Brotherton thresher engine, which had been at work on the place. About five acres of uncut grain was burned before the fire could be gotten under control. The thresher was not damaged.

Springfield, Linn county, will at once put in a sewer system.

## DO YOU KNOW

That Dr. Pierce's Favorite Prescription is the only medicine sold through druggists for woman's weaknesses and peculiar ailments that does not contain large quantities of alcohol? It is also the only medicine, especially prepared for the cure of the delicate diseases peculiar to women, the maker of which is not afraid to take his patients into his full confidence, by printing upon each bottle wrapper all the ingredients entering into the medicine. Ask your druggist if this is not true.

"Favorite Prescription," too, is the only medicine for women, all the ingredients of which have the unqualified endorsement of the leading medical writers of the several schools of practice, recommending them for the cure of the diseases for which the "Prescription" is advertised. Write to Dr. R. V. Pierce, Buffalo, N. Y., for a free booklet, and read the numerous extracts from standard medical authorities praising the several ingredients of which Dr. Pierce's medicines are made, and don't forget that no other medicines set up for sale through druggists for domestic use can show any such professional endorsement. This, of itself, is of far more weight and importance than any amount of so-called "testimonials" so conspicuously flaunted before the public, in favor of the alcoholic compounds.

The "Favorite Prescription" cures all woman's peculiar weaknesses and derangements, thus banishing the periodical headaches, backaches, bearing-down distress, tenderness and dragging-down sensations in lower abdomen, accompanied by weakening and disagreeable catarrhal, pelvic drains and kindred symptoms.

Dr. Pierce and his staff of skilled specialists may be consulted free by addressing as above. All correspondence is treated as sacredly confidential. By consulting in this way the disagreeable questionings and personal examinations are avoided.

The People's Common Sense Medical Adviser contains some very interesting and valuable chapters on the diseases peculiar to women. It contains over one thousand pages. It is sent post paid, on receipt of sufficient in one-cent stamps to pay cost of mailing only, or 21 cents for a copy in flexible paper covers, or 31 cents for a cloth-bound copy. Address Dr. R. V. Pierce as above.

Dr. Pierce's Pellets regulate and invigorate stomach, liver and bowels. One a laxative, two or three cathartic.

# THE GREAT TRIANGLE SALE

has left us with many short lines and we will continue this week to sell them at Triangle Sale Prices that have made this sale the most Successful Sale ever offered in Pendleton. We have

## ANTI-BRYAN AHEAD.

Sullivan Element Wins the Preliminary Fights.

Peoria, Ill., Aug. 21.—With every prospect of a lively fight, State Chairman Botschenstein called the convention to order. The Sullivan faction won on every side, only one man daring to oppose. Sullivan led the Cook county delegation, numbering 535, into the hall. Judge Thompson, Bryan's mouthpiece, did not give up the fight.

Rainey withdrew as candidate for temporary chairman and the factions agreed Boggs be elected and then a full discussion of the Bryan-Thompson anti-Sullivan resolutions be permitted. All other business, it is

planned, including nominations, will precede this debate.

## Bartholomew-West Wedding.

Invitations are out for the wedding of Miss Margaret Elise Bartholomew, daughter of Mr. and Mrs. Herbert W. Bartholomew, to Thomas Hall West. The ceremony will occur at the First Christian church of Portland, on Monday evening, September 3, at 8:30 o'clock.

## Divorce Suit.

Theodore Christie commenced a suit for divorce from Ellen Christie. The parties were married in Sheridan county, Nebraska, on the 17th day of March, 1890. Peter West is the attorney for the plaintiff.

## The Bank Habit

Possibly you who read this have never kept a bank account. If not, let us suggest that you try the experiment. You will find it helpful in many ways. Aside from the fact that your money will be safe from theft and fire, such a habit tends to thrift, economy, discipline, and a general understanding of business principles, all of which are essential to success. It also affords a convenient method for the payment of bills; and, as the checks are always preserved and returned to you, they serve as receipts for the amounts paid. We pay interest on time deposits.
