The Bank Habit

Possibly you who read this have never kept a bank account. If not, let us suggest that you try the experiment. You will find it helpful in many ways. Aside from the fact that your money will be safe from theft and fire, such a habit tends to thrift, economy, discipline, and a general understanding of business principles, all of which are essential to success. It also affords a convenient method for the payment of bills; and, as the checks are always preserved and returned to you, they serve as receipts for the amounts paid.

We pay interest on time deposits.

FILED EQUITY SUIT

MRS. MABEL YOUNG VS. B. B. HALL, ADMINISTRATOR.

She Asks That Her Stepfather's Will Be Set Aside and That All the Property He Left Revert to Her Under the Terms of an Alleged Agreement Made in 1891—Plaintiff and Her Husband Are Now Under Indictment.

Another chapter in the story of Mrs. Mabel Warner's attempt to secure possession of the estate of the late James W. Young was started last evening when attorneys for Mrs. Warner filed a suit in equity, wherein they ask that the dead man's will be set aside and all of the property given their client.

The suit is brought against B. B. Hall, administrator of Young estate, Miss Nora Watts and other heirs of the dead man. In the complaint Mrs. Warner alleges that when her mother and stepfather were divorced in 1891, an agreement was made whereby Mrs. Warner, then Mabel Young, was to continue to live with her stepfather, who was also her uncle, and that he would educate her and leave her his property at his death. At that time the plaintiff was 10 years of age and attending school at St. Joseph's academy in this city.

It is claimed by the plaintiff that she conformed to the agreement made, that until she became of age she was under her stepfather's control, nursed him in sickness and gave him the affection of a daughter.

The attorneys for Mrs. Warner are Carter, Raley & Raley and Winter & Collier.

The amount involved in the Young estate is valued at between \$30,000 and \$40,000. By the terms of the first will found and which is the only one that has ever been filed for probate, the dead man left land valued at \$7,000 or \$8000 to Miss Nora Watts, a niece, while the remainder of the estate not being bequeathed would fall to the legal heirs, of which Mrs. Warner is not one.

A. D. Stillman and Judge S. A. Lowell have been serving as attorneys for B. B. Hall, administrator, and it is probable that a demurrer will be filed shortly.

Both Mrs. Warner and her husband are now under indictment in the federal court for forging a will, and they are out on \$750 bail each, pending the trial, which will occur at the October term.

STABBED DURING A FIGHT.

Affray Resulted From Cruel Neglect of Children.

The La Grande Observer gives the following account of a disagreeable affair that occurred in that place Tuesday morning:

Because H. T. Pheps last evening, about 5:30 tried to do a humane act, he was knocked down and kicked in the face. However, he is not the only one to suffer, as before the fight was over, Pheps' assailant was bleeding from a knife wound in the arm.

It appears that John Evans, a rancher in this vicinity, has been transacting business in the city, and after getting ready to leave for home, had gathered his little girls in a wagon. Before starting, however, he had driven up to a saloon and leaving the children in the vehicle, went into the saloon to get a drink. It is asserted that for three hours he remained there while the little tots were waiting outside.

Here it was that H. T. Pheps got in trouble. Having seen the children shivering in the cold, he took compassion on them and went into the saloon. Stepping to Evans' side he inquired if those were his children on the outside. Evans informed him that they were and that he could take care of them himself. Pheps held that the man should cease drinking and care for the cold and suffering children. This led to blows in which Pheps, aged about 65, was knocked down and kicked in the face. Mr. Pheps gathered his scattered senses and arose with a drawn knife. Quickly slashing at his opponent, he administered an ugly gash in the right arm. The knife caught Evans in the large muscle of the arm, causing a profuse flow of blood. The wound is a dangerous one. Mr. Pheps is a nursery man of Boise, Idaho.

Papers are out for the arrest of Evans as soon as the wounds the man

BEET SUGAR WILL BE EXHIBITED

LA GRANDE FACTORY WILL MAKE A DISPLAY.

F. S. Bramwell, Field Manager of the Factory Said This Morning That Sugar Beets in All the Stages of Growth and Beet Sugar in the Processes of Manufacture, Would Be Shown at the Coming County Fair—Hopes to Arouse Interest in Umatilla County.

In order to stimulate an interest in the subject and inform the people on the various processes in the manufacture of beet sugar the La Grande sugar factory will have a complete exhibit of sugar beets in all stages, from the tender sprouts in the ground to the finished product in the sugar sack, at the coming county fair here.

Field Manager F. S. Bramwell, of the La Grande factory, who was in the city this morning, said the company was glad to make an exhibit of sugar beets and beet sugar and would show the sugar in all stages of manufacture here.

The La Grande factory is one of the most successful in the northwest, there being over 5000 acres in sugar beets in the Grand Ronde valley this season. The company hopes to stimulate an interest in beet raising in this county and with this end in view will offer the people here every inducement to study the process of manufacture.

Space will be set aside for the exhibit and it is hoped to make it instructive and interesting feature of the fair.

Found Horses by Advertising.

Umatilla, the well known Umatilla Indian, is now a firm believer in the merits of advertising. On Monday evening he inserted a brief advertisement in the East Oregonian for four lost horses, giving a description and the brands and this morning W. R. Taylor, of Athena, called up the East Oregonian by telephone and said he had the horses in his pasture at that place.

JAILED FOR PROFANITY.

Sewing Machine Man Forgot to Be a Gentleman.

W. O. Day, a sewing machine agent, but who seems to be disowned by his house, is now in the city jail serving a five days' sentence for having used profane language while working as a solicitor here yesterday.

The complaint against Day was made by C. G. Prescott and the witnesses named are Mrs. Jennie Marshall, Miss Marshall and J. H. Johnson. The agent is said to have tried to make some collections here yesterday and that payments were refused because the ladies had been informed he was no longer employed by the company. It was then that he made himself offensive by his use of profanity.

MIDDLE FINGER MASHED OFF.

Threshing Machine Accident Near Cold Springs.

While working with a thresher at North Cold Springs yesterday forenoon Thomas Kerr had the middle finger of his left hand cut off at the joint by being caught in the cylinder. At the time the machine was stopped and the injured man was taking out the concave when the engineer, who was working with the flywheel, thoughtlessly turned on the power, thus causing the cylinder to turn.

The injured man came to town yesterday afternoon and his finger was dressed by Dr. C. J. Smith. From the nature of the accident it is regarded as fortunate that he was not more seriously hurt.

Both rooms used by the bowling alley and billiard parlors will be used as a rink, the skaters passing through the large arch from one room to the other at the west end of the building, making a novel circuit around the two rooms and through the doorway.
