The first time since New Orleans was founded, 188 years ago, a modern sanitary and underground sewer system was put into operation October 10. The pipes connected are part of a \$21,000,000 sewage, drainage and water system, building of which began eight years ago.

The badly decomposed body of A. F. Bird was found by a party of school children in a small swamp at the outskirts of Tacoma. Bird was an elderly colored man, who partially out of his mind and half blind, wandered away from his home four weeks ago. It is supposed he died of exposure and lack of food.

The famine in the district of Kasan, Russia, is assuming alarming proportions, and already hundreds of peasants are dying because they lack the necessities of life. Not only have the peasants starved to death, but typhoid has broken out in their ranks which greatly adds to the terror of the situation.

The strike and boycott against the Washington Water Power company, which operates the street cars and furnishes the electricity for Spokane is assuming greater proportions every day. The trouble commenced when the linemen struck early this summer. Ever since, the company has been boycotted by the labor men.

The Santa Fe railroad has bought an 8550-acre ranch 30 miles north of San Diego, and will make of it an eucalyptus orchard, planting 700 acres each year until the entire area is growing eucalyptus trees in every stage of development. Exhaustive experiments have proven that the eucalyptus makes the most enduring ties.

Viccent Almeida, a wealthy and titled Brazilian living at Rio Janeiro, supposedly insane from harrying debts, bought a cage of lions of a local zoo and had them brought to his estate and half starved. He then gave a well dinner party and in the presence of his guests deliberately threw himself into the cage of lions and was torn in pieces.

SCORE WAS 7 TO 3

AFTERNOON TEAM WON THE BASKETBALL GAME.

Game Was Fast and Furious and Was Witnessed by a Large Audience of Rooters—The Defeated "Maneaters" Have Not Lost Either Confidence or Courage, and Will Re-enter the Lists Later on for Revenge.

By the decisive score of seven to three the "Tigers" whipped the "Maneaters" in the first big basketball game of the season at the gymnasium last evening. By so doing they demonstrated the superiority of the afternoon gymnasium class over that of the evening aggregation, concerning which proposition there had been some doubt.

It was known in advance that the game last evening was to be a good one and long before the time for playing arrived the balcony in the gymnasium was filled with enthusiastic supporters of the two teams.

During the game Edgar W. Shockley, director, officiated as referee and at the opening he announced that the halves would be 10 minutes each, with a 10 minutes' rest between.

From the time the ball was first tossed up at center until the finish of the last half the playing was red-hot. Though both teams were somewhat lacking in practice, they made up in spirit what was lacking in team work. Shortly after the half had started a basket was thrown for the "Tigers" by Walter Whitman and later a foul was thrown by Clark Nelson, thus making the score 3 to 0 in favor of the Tigers at the close of the first half. In the second half two more baskets were thrown for the Tigers, one by Harry Thompson and one by Lee Drake. Also, one basket was made for the Maneaters, it being thrown by J. T. Lambirth, while a foul was thrown by Glenn Goodman, making the final score 7 to 3 in favor of the afternoon team.

For the Tigers Captain Thompson played "like a house afire," and covered himself with glory, while fine work was also done by Clark Nelson, Walter Whitman, R. E. Tarbett and Lee Drake. Those five men played throughout the entire game.

For the Maneaters the particular stars were Percy Folsom, Glenn Goodman and Roy Alexander. Owing to the fact that some of the players were not in training, several cubs were used during the second half. Aside from the above three those who played were Roy Haley, Ernest Ruppe, J. T. Lambirth, Mr. Morrissey, and Mr. Kelly.

At the close of the game last evening, Major Haley of the Maneaters, announced that team's intention of winning back the laurels lost to the hated Tigers.

COURT SENTENCES AT YAKIMA.

Interesting Batch of Criminals in Federal Court.

Judge Whitson this morning sentenced several law breakers found guilty by the petit jury in the federal court during the past few days, says the Yakima Republic.

Charles Hepp, one of the principals in a rather sensational trial, was sentenced to seven years in the federal prison at McNeil's island. He was given five years on the first count—bringing a woman into the United States for immoral purposes—and two years on the third count, which charged him with violating the pauper laws by bringing a pauper into this country.

Oscar J. Fahlen and Randolph Goruloucky, owners of a brewery at Sprague, convicted of violating the revenue laws, were given six months in the Yakima county jail and \$500 fine. Jacob Shafer and Charles Williams, found guilty of selling whisky to Indians, were sentenced to serve one year in the federal penitentiary at McNeil's island. Paul Jones and Frank Wolf found guilty of the same offense, were given 6 months in the Yakima county jail and \$200 fine and 60 days in jail and \$200 fine respectively.

AFTER UKIAH LANDS.

Union County People Alive to Their Opportunities.

La Grande people have been making an onslaught against vacant timber land in the vicinity of Ukiah, about 25 miles southwest of Pendleton, says the La Grande Chronicle. About 25 people from here have filed on claims within the past few days. The list includes Dan Hynes, Frank Lilly, Mrs. T. N. Murphy, S. N. Bolton, Mr. and Mrs. J. F. Phy, Miss Alta Chambers, Mr. and Mrs. E. Morgan, L. Morgan, Mrs. Charles Norris, Mrs. J. C. Gardner, Ed urphy and many others. It seems that but few Pendleton people have been in the scramble, the filing of Mrs. A. P. Nash being about the only one from that locality.

The O. R. & N. has already announced that a branch line will be built from Pendleton to Pilot Rock, and it is only a question of time when the road will be extended to the Ukiah section and all these claims will become valuable. A big sawmill at Pendleton, where wood is selling at \$7 a cord, is also among the possibilities as soon as this timber section is provided with shipping facilities.—La Grande Chronicle.

Good Wheat Yield.

Threshing is now in operation on the ranch in which William Pollman is interested, which is located north of Baker. The indications are that the yield will be about 600 bushels of wheat from 100 acres, land that was said to be worthless for wheat raising.—Baker City Herald.

A Young Mother at 70.

"My mother has suddenly been made young at 70. Twenty years of intense suffering from dyspepsia had entirely disabled her, until six months ago, when she began taking Electric Bitters, which have completely cured and restored the strength and activity she had in the prime of her life," writes Mrs. W. L. Gilpatrick of Danforth, Me. Greatest restorative medicine on the globe. Sets stomach, liver and kidneys right, purifies the blood, and cures malaria, biliousness and weakness. Wonderful nerve tonic. Price 50c. Guaranteed by Tallman & Co.

Bridge Contract Let.

The county court has awarded the contract for the construction of the new bridge over the Grand Ronde river near the Palmer Lumber company's mill to P. S. Esterday & Co. of Fairbury, Neb., the contract price being \$2890. The bridge is to be of steel of 100 feet span. A large number of bids were offered and they covered both wood and steel and mixed structures, but it was decided that a steel bridge would be the cheapest in the long run. There will also be a railroad bridge over the river near this point.—La Grande Chronicle.

Better Butter

THE small creamery or farmers churning cannot produce an absolutely pure roll of butter—they haven't the necessary machinery nor the sanitary plant with which to do so.

Again, the outside creameries are not able to send their best products here, because the time and exposure on the road reduces it in quality, but still you pay the same price for it, as you do for the pure article—and the middle man has to take his profits out.

Does not this show that when you call for Blue Mountain Creamery Butter you not only help your local institution, but you receive the the purest and best butter that your grocer handles.
