**CITY ELECTION WILL BE HELD DECEMBER FOURTH.**

Only One Ticket Yet in Nomination—Several Real Estate Transfers—Right of Way for Electric Line Not Yet Secured Through Freewater—Moved to Oklahoma—Several Properties Damaged by the Flood—F. B. Pennock Grew Immense Potatoes.

Freewater, Nov. 21.—The following nominations have been made for the coming city election, which will be held December 4: Recorder, William Hirst; treasurer, J. S. Vinson; marshal, Herman Wolfe; councilmen, John M. Clark and Sam Christensen; (one year term), T. Taylor.

Freewater Times, has gone to Oklahoma, where he will locate. His parents live there.

John Elias, a former resident of this place, arrived Saturday morning to visit a few days on his way from Duluth, Minn., to Condon, where he will look after business affairs.

A basket social will be given at the opera hall on Thursday evening, for the benefit of the public school.

J. Merrifield of Milton, who is now assistant cashier at the J. L. Elam bank in place of J. H. Hall, has been assisted by his sister, Miss Cora Merrifield, of late.

F. B. Pennock has some very large potatoes on exhibition at the Freewater branch of the Bank of Milton, which he raised on his place. The tubers weigh over four pounds each.

Andy Johnson expects to leave in a few days for Los Angeles, Cal. to spend the winter.

The dance last Saturday night in the Badger hall was a success, and every one reported an excellent time.

**Land Deals.**  
Pearson & Hirst, the real estate dealers, have sold 24 acres of alfalfa land belonging to Miss Grace M. Crockett and Mrs. Otto E. Didion, to Andy and William Johnson, for a consideration of \$280 an acre. The land is located three miles north of town, and the purchasers will divide it in six-acre tracts and place it on the market. The Walla Walla electric line runs along one side the land.

E. S. Isaacs of Walla Walla, has purchased one lot and a small dwelling on Depot street for \$550, which he will hold until a little later, when he will erect a large building on the property.

A. S. Pearson sold four lots on the corner of Main and Grant streets, to Mrs. Helen Dyer, for a consideration of \$550.

**The Electric Line.**  
The Walla Walla Traction company, which is building a line through Milton and Freewater, has secured its right of way through Milton, but has as yet not secured a franchise for right of way through Freewater. Several different ways are being discussed. The plan of coming through west of Depot street is now in favor, although the company objects somewhat, saying it will make the line longer to Milton. The route will be decided on shortly and the road will be through here by Christmas unless bad weather hinders building somewhat.

The late heavy rains have washed out the temporary bridge constructed across the Walla Walla river below town, which will delay work for some days. As soon as the damage is repaired the company will move camp to the Christian place in Freewater, and work from this end of the line.

**Sells Residence.**  
Grant Allen has sold his residence property next to the old Badger house to Sam Krelman for \$500.

**Floods Damage Property.**

The most serious damage done last week by the floods was to the McCoy property and the T. L. Ragsdale property, where the Walla Walla river cut deep channels through their places, leaving the old channel dry and destroying valuable land for these parties. The old channel has been filled with rock and debris, and unless something is done much valuable property will be lost along the river near here. It is understood that the property owners will ask the Tmatilla and Walla Walla county courts to repair the levees.

**Copper Industry of Japan.**  
London, Nov. 21.—Since the first of the present year the shipments of copper from Japan to Europe amount to 10,000,000 as compared with 60,000 during the same period in 1905. Large copper fields are daily being opened up in Japan and the latest improved mining machinery from America is being introduced. It is estimated that in the course of a short time Japan will be one of the largest copper producers in the world.

**How's This?**  
We offer One Hundred Dollars Reward for any case of catarrh that cannot be cured by Hall's Catarrh Cure.  
E. J. CHENEY & CO., Toledo, O.

**Large Order for Railway Ties.**  
Detroit, Mich., Nov. 21.—George J. Gould has placed an order with a lumber firm here for 6,000,000 railway ties for a long term of years for the Gould lines, especially the Missouri Pacific. To carry out this contract 22,000 acres of timber land will have to be acquired.

Need a good cathartic? A pill is best. Say a pill like DeWitt's Little Early Risers. About the most reliable on the market. Sold by Tallman & Co.

**Why Vinol Is Better Than Any Other Remedy to Restore Health and Strength**

**Vinol**

**WE RETURN MONEY IF IT FAILS TO GIVE SATISFACTION**

**The Pendleton Drug Company**

Because Vinol is a real Cod Liver Preparation and does not contain a single disagreeable or harmful ingredient and is not a secret formula.

Because Vinol contains all the medicinal elements—the soothing, healing, strengthening and flesh creative properties of Cod Liver Oil—but without oil or grease.

Because everything in Vinol,—except the tonic iron and a fine old wine,—is actually extracted from fresh cods' livers and their oil.

Because Vinol is deliciously palatable and agreeable under all conditions. Everybody likes it.

Because Vinol tones up the system, strengthens every organ, nerve, muscle and fibre of the whole body and thus overcomes weakness by thoroughly eradicating the cause of disease.

That's Why Vinol is altogether different and better than any other remedy for Coughs, Colds, Bronchitis, and all Throat, Lung and Wasting Diseases.

That's Why Vinol Restores Health and Strength to Delicate Children, Feeble Old People, Weak and Sickly Persons, Nursing Mothers, and Convalescents.

**BRITISH TRADE OUSTED.**  
Americans Best Them in Mexican Competition.

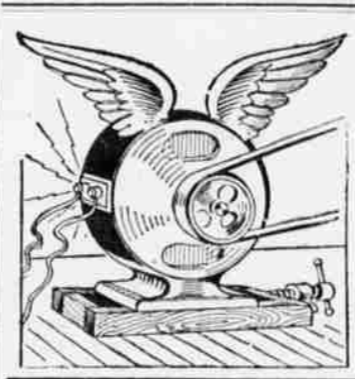

London, Eng., Nov. 21.—In a consular report published today it is stated that there is a great falling off in trade between Mexico and Great Britain both in quantity and value, as compared with the United States. The report states that the geographical advantages possessed by the United States are offset by the great sea transportation which Britain can offer it being possible to ship freight from Liverpool to Vera Cruz cheaper than goods can be sent from New York, Chicago or other American cities to either Tampico or Vera Cruz, or by rail alone to Mexico City. In conclusion the report states that the British have practically withdrawn from Mexico just at the time when the seed which they so plentifully had sown was about to fructify.

"For years I starved, then I bought a 50 cent bottle of Kodol Dyspepsia Cure, and what that bottle benefited me all the gold in Georgia could not buy. I kept on taking it and in two months I went back to my work as machinist. In three months I was as well and hearty as ever. I still use a little occasionally as I find it a fine blood purifier and a good tonic. May you live long and prosper."—C. N. Cornell, Roding, Ga., Aug. 27, 1906.  
Kodol is sold here by Tallman & Co.

**WE ARE STILL HAMMERING.**  
away and emphasizing the great value of our lumber and its superior quality for building and other purposes. If we did not positively know it to be all right we would not guarantee it, but we do know it to be the soundest and strongest lumber ever offered in this market, remarkably free from imperfections, and cut into convenient lengths for quick use. Our prices, as you know, were always low.
