Eruption Broke Out in Spots All Over Body—Caused a Continual Itching for Two Years—Doctor's Medicine Did no Good—Cured at Expense of only \$1.25 and Now

THANKS CUTICURA FOR COMPLETE CURE

Some time ago I wrote you for a book on the Cuticura Remedies and received it O. K. and went and bought the Soap, Ointment, and Pills. They did me more good than any medicine I ever used. They cured me of my skin disease, and I am very thankful to you. My trouble was eruption of the skin, which broke out in spots all over my body, and caused a continual itching which nearly drove me wild at times. I got medicine of a doctor, but it did not cure me, and when I saw in a paper your ad., I sent you for the Cuticura book and I studied my case in it. I then went to the drug store and bought one cake of Cuticura Soap, one box of Cuticura Ointment, and one vial of Cuticura Pills. From the first application I received relief. I used the first set and two extra cakes of Cuticura Soap, and was completely cured. I had suffered for two years, and I again thank Cuticura for my cure. If you wish, you may publish this. Your friend forever, Claude N. Johnson, Maple Grove Farm, R. F. D. 2, Walnut, Kan., June 15, 1905.

Wanted to Know How it Would Act—Plowing for Spring Seeding—Bad Colds Are Prevalent—Daughter Was Born December 12—Jerry Swartz, Station Agent, Will Be Transferred—Big Celebration of Christmas—Considerable Wheat is Being Shipped.

Adams, Dec. 18.—Jimmie Lluellen, the 15-year-old son of Mr. and Mrs. J. T. Lluellen, met with a painful accident Saturday, while handling a cartridge. He wanted to see how it would act and lit a match to it and it proved far more serious than he anticipated. Before he had time to move, his hands, face and hair were badly burned, and he has been suffering considerably since.

A big dance has been scheduled to take place Friday evening in the town hall. A number of the young people from here went to Helix to a dance last Friday night.

Considerable wheat is being shipped out from this point and Eastland, a number of the farmers taking advantage of the present price—55 cents a bushel.

Mr. Nelson, son of the section foreman at Weston, has arrived here to take up the duties of station agent in place of Jerry Swartz, who left here for Wallula Saturday.

Plowing Going on. Farmers about here are plowing in the fields for spring sowing, which speaks well for the mildness of the climate in this section.

Desire For Food Is Important

Appetite Is Necessary In Order To Digest What We Eat.

We notice that some of the most eminent physicians of this country and Europe who have made a study of the process of digestion unite in the opinion that a keen appetite is a great aid to proper digestion. Some even go so far as to say that there must be a good sharp appetite for the food eaten in order that it be properly digested and assimilated. Dr. J. P. Pawlow's essay on "The Work of the Digestive Glands," which was awarded the Nobel prize, sets forth very clearly the value of appetite.

There is no other such safe sure means for creating a healthy appetite as Pabst Blue Ribbon Beer taken before or with your meals, and it is an almost absolute guarantee of perfect digestion, while its tonic and food value cannot be overestimated.

Dr. Joseph Felsler, of the Northwestern University of Chicago, in commenting upon this said: "I fully believe that the moderate use of good beer at meal times acts as a tonic and is therefore useful."

Dr. Felsler stands at the head of his profession and his words must carry great weight with those seeking health.

Pabst Blue Ribbon is such a beer as Dr. Felsler recommends. It is a product of eight-day malt, choicest hops and pure water. Pabst eight-day malt contains all the valuable food element of the barley in predigested form. It gives Pabst Beer its rich nutrition and the fine mellow flavor which distinguishes it from other beer. This, together with sixty years of scientific brewing, is what has put Pabst Beer so far in the lead. No food that comes from the cleanest kitchen can be cleaner, purer and more wholesome than this celebrated beer.

HELIX SCHOOL DISTRICT IS ENTIRELY OUT OF DEBT.

Ten-Mill School Tax Levied—Maccabees and Knights of Pythias Elect Officers—Agitating All High Line Telephone Wires—The Helix Bank Stockholders Elect Directors and Officers—Expect to Abandon the Barbed Wire for Telephones.

Helix, Dec. 18.—A tax of 10 mills has been levied at Helix for school purposes for the ensuing year. This district is entirely out of debt, and had nearly \$1500 on hand at the present term of school. The present tax levy, the directors estimate, will leave about the same amount of money on hand when the school closes.

Efforts are being made to have high line telephone wires instead of the barbed wires, which are so often out of commission. It is believed that before long all the lines running out of here will be the "high lines."

A number of Helix people expect to go over to Adams Friday night to take in the dance at that place.

All are invited to come and see the beautiful display and to purchase Christmas presents. Luncheon will be served every night.

Must Lower the Dam.

A very interesting and important decision was rendered today in the district court in a dam case. Suit was brought by the Boise-Payette Power company against the Canyon Canal company to compel it to lower its dam in the Payette river five feet. The dam was built 12 feet high and backed the water into the power plant of the plaintiff company.

Judge Stewart holds the dam must be lowered, as the rights of the power company attached before the other enterprise was started. The dam can be lowered, but it will require the widening of the canal for some miles to admit of sufficient flow. The canal is intended to irrigate some 40,000 acres of land.—Boise Capital News.

Money in Malheur Alfalfa.

The Parma Mercantile company has purchased so far this season about 150,000 pounds of alfalfa seed. About 100,000 pounds of this was purchased in the vicinity of Vale. In this connection Mr. King, the manager of the company, relates an interesting bit of news, showing the profit in raising seed. One of the men from whom he purchased seed, offered his farm for sale last year for \$2500. This year Mr. King paid him \$2541 for his seed crop.—Parma Herald.

Not Perce Taxes.

Taxes are coming in this year much faster than in 1905, according to the figures in the tax collector's office at the court house, the figures showing 791 more to date than were recorded at the same period last year. On December 14, 1905, 1245 persons had paid their taxes, while up to yesterday the books showed 2036 names on the rolls who had settled with the county.—Lawiston Tribune.
