

OLD SORES FED AND KEPT OPEN BY IMPURE BLOOD

A great many people have an idea that old sores exist merely because of a diseased condition of the flesh where the ulcer is located. They patiently apply salves, powders, plasters and other external applications, but in spite of all such treatment the place refuses to heal. Whenever a sore or ulcer does not heal readily the blood is at fault; this vital fluid is filled with impurities and poisons which are constantly being discharged into the place, feeding it with noxious matter, which makes it impossible for the sore to heal. Old sores may be the result of an inherited blood taint, or the effects of a long spell of sickness, or again the circulation may be contaminated with the collections of refuse matter which the different members have failed to expel through the channels of nature. Whatever the cause the blood becomes steeped in poison and a cut, bruise, scratch or other wound often develops into a sore, fed and kept up by these impurities, causing it to eat deeper into the surrounding tissue, inflaming, festering and causing pain. External applications can only keep the sore clean; they cannot cure the trouble because they do not reach the blood. S. S. S. cures Old Sores by going to the very bottom of the trouble, driving out the impurities and poisons and purifying and building up the entire circulation. When S. S. S. has removed the cause the blood becomes rich and healthy, the sore begins to heal, new flesh is formed, the place scabs over and is soon permanently healed. The officials of the First National bank at Condon have voted to increase its capital stock from \$25,000 to \$50,000, which will be done at once.

The city officials of Yakima will undertake to enforce a dog tax ordinance, hoping thereby to add between \$1200 and \$1500 to the city's income during 1907.

William E. Wood, an old miner and prospector who has lived on Burnt river 25 years, has been declared insane in Baker county and sent to the state insane asylum.

The mercury reached the lowest point at Madras, Crook county, the morning of January 15, that had reached since the winter of 1884-85—26 degrees below zero.

At Penticton, B. C., W. Zimmerman, a well known jeweler, was murdered by having his head split with an ax, by robbers who looted his store. No clue to the perpetrators as yet.

Snow is from seven to 10 feet deep on the level in the Buffalo Hump country. Roosevelt is completely isolated, communication having entirely stopped with the place three weeks ago.

Andrey Zavidia, a miner at the Tiger-Poorman mine in Burke, was brought to the Wallace hospital suffering from a severe concussion of the brain, caused by a large icicle falling point downward on his head. He was walking under the eaves of the Tiger boarding house when the icicle fell.

The largest Sunday schools in Oregon are those of the Grace street and Taylor street Methodist churches of Portland. The third largest is that of the First Methodist church at Eugene. The fourth largest is that of the M. E. church at Grant's Pass, with an average yearly attendance of 220.

So much water was wasted at Seattle during the very cold weather by allowing it to run to prevent freezing that not enough water was left in the city reservoirs to afford protection against fire. As a result, the water superintendent shut the water off from the residence districts completely during the night hours until the weather became mild.

When Judge Crawford at Baker City presented himself for the redemption of Highland gold mines, S. L. Baer, the trustee who recently bought the mines at sheriff's sale, protested the redemption on the grounds that such proceeding had not been properly advertised, according to statute. The protest was sustained, leaving Baer in possession.

Cured of Lung Trouble.
"It is now 11 years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at Tallman & Co.'s drug store. 50c and \$1.00. Trial bottle free.

ELECTRIC ENGINES FOR G. N.
Great Northern Seeks to Abolish the Cascade Tunnel Nuisance.
A task more stupendous than the building of the Panama canal is the way James J. Hill sizes up the remedy of the transportation problem now confronting the country.

To meet the situation the Great Northern is prepared to spend enormous amounts of money. Every factor contributing to congestion or delay has been carefully weighed and plans made to improve the service.

As an instance, Mr. Hill, discussing the eastbound lumber traffic from the coast with the Mississippi Valley Lumberman, cites the Cascade tunnel, through which all such shipments must pass. There is a difference of 265 feet in grade between the two ends of the bore, which is 13,000 feet long, and there have been long delays and losses of life through the accumulation of smoke and gases from locomotives.

Mr. Hill announces that the long talked of plan to operate the tunnel with electric power is already close to realization, the road now having in the course of construction two large electric locomotives to pull trains through the mountain.

This will permit one train to follow another closely, something which was never possible with coal burners.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
