NEWS OF MILTON

TWO MILD CASES SMALLPOX CONTRACTED IN WALLA WALLA

Fruitgrowers' Convention Will Be Held About February 1. Attended by Dr. Withycombe—Nearly All the Snow Vanished Before the Chinook—Union Revival Services Closed—Daughter Born to the Lawsons—New City Marshal Appointed.

Milton, Jan. 21.—The Milton-Freewater country has been exceptionally free from contagious diseases this season until the past few days, two cases of smallpox having developed. Clarence Hurst, a mile below the city, is one of the victims, and Jim Hopkins, who is employed at the electric power plant, 10 miles above the city. Hopkins drove to town not knowing the nature of the disease and engaged a room. It is believed that both these parties contracted the disease at Walla Walla, as there are a number of cases at Walla Walla. Everything is being done to prevent a spread of the disease, and the schools will not be closed unless more cases develop. It is in a mild form.

The union evangelistic meetings which have been held at the M. E. church, south, came to a close last night. The meetings were very successful and well attended.

Arrangements have been made to hold a fruitgrowers' convention at Milton about February 1. Dr. James Withycombe, of the State Agricultural college, and other prominent fruitgrowers and agriculturists of the state will be here for this occasion. Milton is one of the greatest fruit districts in the state and a good attendance is expected at this meeting.

Chinook at Milton.
 After the long cold spell a chinook wind and warmer weather took away nearly all the snow, though considerable remains on the mountains surrounding. The young people made the best of sleighing and skating while it lasted.

Daughter Born.
 Born to Mr. and Mrs. Leo Lawson of Hudson Bay, Thursday, January 17, a baby girl.

Woodard is Marshal.
 Walter Woodard has been appointed city marshal to fill the unexpired term of Grant Williams, who recently resigned.

Death of Mrs. Craig.
 Mrs. W. R. Craig, who has been ill for some time with tuberculosis at Ellensburg, died Saturday. She was a former resident of this place and has a daughter, Mrs. Cananne, living here at this time. She also has a daughter, Mrs. R. E. Frazier, living at Walla Walla. The funeral will take place at Walla Walla.

Nearly every person who is subject to attacks from the stomach suffers a morbid dread of a dietetic treatment for relief, that is three-fourths starvation, and one-fourth toast and milk. On the other hand you can eat as you please and digest the food by the aid of a good digestant, thus giving the tired stomach equally as much rest. Eat what you please and take a little Kodol For Indigestion after your meals. It digests what you eat. Sold by Tallman & Co.

MAY BUILD RIVER BOATS.

Company Formed to Engage in Alaskan and Inland Empire Traffic.
 A steamer, to be built in parts in Portland and transported to the Yukon river, in Alaska, will be operated on that stream and its tributaries by the Alaskan Transportation, Mining & Trading company, says the Oregon Daily Journal. It will ultimately go into the steamship business between Portland and Alaska and may extend its steamboat operations to the upper Columbia and Snake rivers.

The company was incorporated Saturday at Salem, with a nominal capital of \$20,000. The incorporators are R. H. Spencer, John S. Jensen, Frank Schlegel, L. H. Campbell and Captain George Walker.

Three of the men named are practical steamboat men and have had extended experience in the transportation and trading business. Mr. Campbell and Captain Walker were some years ago engaged in steamboating on the Columbia and in recent years have been in business in Alaska.

Mothers who give their children Kennedy's Laxative, (containing) Honey and Tar, invariably endorse it. Children like it because the taste is so pleasant. It is the Original Laxative Cough Syrup and is unrivaled for the relief of croup. Gets at the trouble and drives the cold out through the bowels. Conforms to the National Pure Food and Drug Law. Sold by Tallman & Co.

New Phone Company at La Grande.
 The incorporation of the Home Independent Telephone company has been effected, with the capital stock placed at \$75,000. The incorporators are W. H. Bohnenkamp, W. J. Church, S. D. Crowe, William Miller and J. L. Caviness. This is essentially the Vergere Phone company on an expanded basis. The new company will absorb the old one, and the principal officers and stockholders remain the same. The Vergere company has expended about \$38,000 in building the independent system in Union and Walla counties. About as much more is to be expended in extensions and improvements. The principal office of the company is at La Grande. —La Grande Chronicle.

When cold winds dry and crack the skin, a box of salve can save much discomfort. In buying salve, look for the name on the box to avoid any irritations, and be sure you get the original DeWitt's Witch Hazel Salve. Sold by Tallman & Co.

FREEWATER ADVICES

TROLLEY LINE IS VERY NEAR TO COMPLETION.

Work Will Begin on the New Grange Hall at Vincent's Chapel in a Short Time—Contract Made for 25,000 Barrels of Flour by the Peacock Company—Broom Manufacturing Is Opened by a Washington Man—Prospect for the Opening of a Brick Yard.

Freewater, Jan. 21.—The Walla Walla Traction company has its electric line completed to a point very near Freewater, and it will be finished within a few days' time, from present indications. The line will not be operated at present, however, as the poles cannot be obtained to finish the last two miles of trolley at this time. The line will be extended into Milton at once, according to late reports.

R. E. Vancil is agitating the establishment of a brick yard at this place, which, it is believed, will be a very successful venture.
