OREGON MEN DEFEND THE FOREST RESERVE POLICY.

Salt Lake Convention Finally Endorsed General Policy, But Recommended Changes—Oregon and Umatilla County Represented by Influential Delegations—Dan P. Smythe Was on Committee on Resolutions and Was Elected to the Permanent Executive Committee.

During the convention of the National Woolgrowers' association, just held at Salt Lake, some good work was done in behalf of this state by the members of the Oregon delegation. While there attending the convention they placed before the chief forester and other officials present several propositions greatly desired by the Oregon men. That they are in a fair way to have their requests granted is understood by the local men.

Last night the members of the Oregon delegation arrived home on passenger train No. 5. Those in the delegation from this county were J. N. Burgess, president of the Oregon association; Dan P. Smythe, secretary of the same; Douglas Belts and Thomas Boylen. Others in the Oregon party were ex-Congressman M. A. Moody, H. C. Rooper of Antelope; A. L. McIntosh, of Paulina; George Ayers, of Baker City; T. Turnbow, of Ontario; Charles and Harry Anderson, of Skull Springs; Mr. Stubblefield, of Wallowa, and others. Dr. McClure, head of the federal stock inspection in the northwest, also accompanied the party and returned last night.

While at the convention the Oregon men took a very active part in the proceedings and were influential in shaping the course of the meeting. Dan P. Smythe, of this city, was named as a member of the committee on resolutions and also on the executive committee, which has charge of the association affairs during the interval between the annual sessions.

At the opening of the convention strong opposition was developed from some quarters to the forest reserve policy of the government. Several of the delegations were bitter against the reserve idea and in the committee on resolutions a hard fight was made to censure the administration. In behalf of the Oregon delegation Mr. Smythe opposed this move and throughout the meeting the Oregon men were strong backers of the forestry bureau. The resolution finally adopted endorsed the general policy of the government regarding reserves, but recommended some changes.

In choosing a place for the next convention a hard fight ensued between Salt Lake, Helena and Albuquerque, N. M. Strong delegations represented each city, and for a time the contest was in doubt. Helena was placed in nomination by Dan P. Smythe. When the vote was finally taken all in the convention were allowed to vote vive voce and the decision was given to Salt Lake. At this the Montana men made a protest, insisting that only authorized delegates

SAY DEATH OF TRIBESMEN WAS DUE TO CARELESSNESS.

No Guard Left at the Jail and the Prisoners Were Dead Before Any Effort Was Made to Rescue—Pathetic Letter to Indian Commissioner Gives Sentiment of the Indians on the Death of Their Tribesmen.

In a most pathetic letter to Indian Commissioner Francis E. Leupp, Umapine, the well known Umatilla Indian, today expressed the sentiment of his tribe upon the terrible death of five of their tribesmen in the agency jail Sunday morning.

That the five Indians who were burned to death were unjustly imprisoned, and met their death through gross carelessness and mismanagement is the belief of the Indians and Umapine's letter expresses the sentiment of the tribe in crude, yet impressive language.

He said to the commissioner: "These Indians were not blind drunk. They were going home and were arrested while they were creating no disturbance. They were placed in jail, the jail locked, and all the officers of the agency went to bed, leaving no guard at the jail where these men were confined."

"The agent did not know they were in jail, according to his own words. When the people of the agency were awakened by the fire, the Indians were dying and no one came to unlock the door until they were dead. I am sad today, as are my people. I speak the truth to you. This is sufficient now. I will speak later on the subject."

The Indians feel that unnecessarily rigorous rules are enforced on the reservation in regard to drunken Indians. It is said that the police have orders to arrest any one on whom they may smell whiskey and in this practice often incarcerate innocent Indians who must lie in the agency jail.

The Indians especially condemn the practice of leaving the jail unguarded while prisoners are confined in it and are also of the opinion that if the government is going to maintain a jail at the agency that it should be forced to provide a fire-proof structure in which the lives of innocent men would not be endangered.

This is the second fire to occur in this jail in the past two years.

Bowling Game Tomorrow Night.
An especially interesting bowling game will be played at the Robinson amusement parlors under the Hendricks building tomorrow night, between a juvenile team and the regular bowling team. Those composing the juvenile team, or juniors, are as follows: Castleman, Johnson, Wilkins, Glen and Gale Sturdivant. Those composing the seniors are Sandman, Hurlbert, Hendricks, Simons and Tardiff. Both teams have been practicing for the game and it promises to be an interesting bowling event.

After Supplies.
Will Pierson, proprietor of the Ukiah hotel, is in the city today after a load of supplies for his hotel. The roads have been very good during the cold weather, but are now thawing out somewhat and are soft in places. Stock are in excellent condition and feed is plentiful in the south part of the county.

GUARANTEED STOMACH REMEDY

Tallman & Co. Will Refund Money if Mi-o-na Fails to Cure.

You may ask why it is that Mi-o-na stomach tablets are sold by Tallman & Co. under a guarantee to refund the money unless they cure, when no other treatment for stomach trouble is sold in this manner.

The answer is simple and conclusive. Other medicines for stomach troubles merely digest the food, while Mi-o-na strengthens the whole digestive system so that it soon becomes able to care for all the food that is eaten.

If you do not use your arm or leg for a month the muscles become flabby and weak and you have to resort to artificial help. It is the same way with the stomach muscles. If they are not used they become so weak that it is necessary to continue using a digestive with the food you eat.

On the other hand, when you use Mi-o-na, your stomach soon grows so strong that you can give up the use of medicine.

Mi-o-na costs 50c a box and does more real good than a dozen boxes of ordinary digestive tablets. The proof of this is shown in the fact that a guarantee, absolute and unqualified, is given by Tallman & Co. with every box of Mi-o-na.
