### GENERAL NEWS.

The Alabama house of representatives passed a resolution unanimously approving of Roosevelt's course in discharging negro troops after the Brownsville affair.

A special from Fox-Warren, Manitoba, says eight men were killed by dynamite in a railroad camp. Six Gallicians were frozen to death near Starbush, Manitoba. Their train was snowbound and the Gallicians started to walk.

Testimony concerning the affray at Brownsville will be taken by the full senate committee on military affairs, beginning February 4. Subpenas will be issued at once for officers of the discharged negro battalion and possibly some of the enlisted men.

Amos R. Howerton, a well known contractor of Bozeman, Mont., has met instant death by being electrocuted. Howerton, it appeared, did not wait for the lineman to remove an exposed wire on a trestle on which he was walking and he stumbled against the wire.

By a vote of 68 to 6 the California state senate passed a resolution excluding former Congressman E. J. Livernash, correspondent of a San Francisco evening paper from the privileges of the chamber on account of published criticisms of that body, of which Livernash was the author.

Senators Ankeny and Piles of Washington voted in favor of raising the salaries of the members of both houses of congress, the speaker and other officials. Both voted against the amendment to provide that the increase shall not apply before 1913. Senators Dubois and Heyburn of Idaho voted the same way.

Willis Rogers' dwelling at Centralia, Wash., occupied by John Saunders, burned. Loss on the house, \$1,800; on the contents, \$550. No insurance.

January 22, 20 carloads of full fed beaves, fattened in Eagle valley, Baker county, were shipped to Seattle and at the same time one carload of draft horses.

E. E. Brasel, while working in the round house at La Grande, fell nine feet, dislocating his left ankle and sustaining a compound fracture of the left leg just above the ankle.

At Sunnyside, Wash., Anthony Klies while working with a hay baler for D. W. Hutson, fell a distance of three feet. He struck on the back of his head, breaking his neck. Death was practically instantaneous.

Thomas Williams, a bridge carpenter, was killed in the Northern Pacific car shops at Spokane. His head was crushed by a stick of timber which was caught in moving machinery and jerked from the grasp of a workman.

Parma, Idaho, went on the warpath January 20 and notified the Short Line officials that if coal was not sent in there within 24 hours the citizens would hold up the first train bearing coal and not leave it enough to get out of town with. The Short Line at once got busy and sent a supply to Parma from its own bunkers at Nampa.

John Stanley will be prosecuted at Lewiston under the state law of 1879 forbidding furnishing liquor to Indians. The federal statute governing the selling of whisky to Indians was declared inoperative in an opinion of the federal court of appeals at San Francisco last year, and in view of this the old territorial statute, passed in 1879 and included in the code when Idaho assumed statehood, making the selling of intoxicants to Indians a misdemeanor, will be invoked.

### HAVE YOU WEAK LUNGS?

**Do You Fear Consumption?**  
"When we take into consideration the fact that one out of every seven in this climate dies of consumption, is it any wonder that it is feared by the people of Pendleton who have weak lungs and chronic colds and coughs?" said a member of the Pendleton Drug Co.

"Physicians everywhere have recognized the value of cod liver oil for coughs, colds, bronchitis, consumption and all wasting diseases, but, unfortunately, few could take it and derive any benefit from its use on account of the indigestible oil which it contained.

"We want every person in Pendleton to know that Vinol actually contains in a concentrated form all of the body-building, strength-creating elements of cod liver oil actually taken from fresh cods' livers, without a drop of oil to upset the stomach and retard its work, and tonic iron added.

"Therefore, whenever old-fashioned cod liver oil or emulsions will do good, Vinol will do far more good. We guarantee Vinol will improve the appetite, strengthen digestion, make rich, red blood, create strength, cure chronic coughs and colds, and strengthen weak lungs."

If Vinol fails to give satisfaction to our customers, we return money without question. The Pendleton Drug Co.

Note.—While we are sole agents for Vinol in Pendleton, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

**MINOR LEAGUE PROPOSED.**

Walla Walla Wants to Play Baseball During 1907.

The Walla Walla Statesman starts off the baseball season with the following introductory:

A minor league to include Walla Walla, Pendleton, North Yakima and Ritzville, is the favorite baseball talk just now.

It seems to be the idea that membership in the big league might be too expensive a proposition for Walla Walla. If Portland goes in the Northwest league it would take a pile of money to buy a team which would be in the class with the one in which she would in all probability get, say some of the fans.

They are, therefore, skeptical about the advantages of trying to get in the fast company but seem to think a speedy little minor league would just about fill the bill for 1907.

They assert that whatever league Walla Walla goes in she must have a winning team if it is to get support, and to get a winning team in the Northwest league would take \$5000 at least.

The German courts have decided that the North German Insurance company, which repudiated its San Francisco obligations, must pay in full.
