last evening. "It makes one wish he were 20 years younger in order that he might get into the whirl and help make the town.

"I herded calves here 20 years ago," continued Mr. Parker, "and today I scarcely know where I am at. From the very heart of the sagebrush flats the village is growing up into a bustling place with excellent prospects."

Among the Pendleton people who are now engaged in business at Hermiston are Howard Prick, the well known contractor and carpenter; E. P. Dodd, formerly of the Pendleton Tribune; John H. Williams, formerly of the Multnomah lodging house; A. B. Cooley, H. H. Harvey, A. C. Holmes, Carl Nissen and others who are looking over the ground with a view to locating.

### SHIPPED 100 CARLOADS OF ICE.

Harvest of North Powder Ice Was Light on Account of Open Winter.

The ice harvest at North Powder the past winter, or about two-thirds of the usual amount, which is sent out from that place. The exceedingly mild winter caused a scarcity of merchantable ice on the North Powder ponds, and very little ice of more than 12 inches in thickness was sent out.

Ordinarily the ice reaches a thickness of from 15 to 18 inches and the harvest lasts for two months, but the harvest was cut short this year, both in quality of the product and in the length of the busy season. The demand for manufactured ice will be much greater than usual all over western Oregon this year, as a result of the failure of the natural ice crop.

### INCREASED CAPITAL STOCK.

Lumber Company Expands to Meet Demands of Business at Hermiston.

In order to more properly handle its growing business at Hermiston, the Inland Empire Lumber company, which has headquarters here and in which Dr. M. S. Kern is chief stockholder, has increased its capital stock from \$10,000 to \$15,000. Within the past few months the company has increased its storage facilities at Hermiston by building a new lumber shed, and still further improvements are contemplated. Among other things a warehouse and a coal shed will be built soon.

### Early Spring in Union County.

"Sheep have been turned on the range in Union county," said E. P. Ashby of North Powder, to the East Oregonian today. "This has been a most remarkable winter all over the section east of the Blue mountains. While the winter has been open, yet stock have not done as well as they would have done had the ground been frozen. By March 1 all the stock of Union and Baker counties will have been turned on the range. The grass started well last fall and is now very good. It is one of the most favorable winters ever known in eastern Oregon."

### Herd Law Needed on North Side.

J. M. Bentley and Mrs. May Griswold, whose residence lots adjoin on the north side, are having a fence erected around their properties for the sole purpose of protection against the hordes of dogs that infest the neighborhood. Strangers driving in to town from the north for the first time might be forgiven for supposing that the denizens of the north side are for the most part Indians, judging from the number of dogs. So a north-sider informs a reporter.

### Meacham Will Be Busy.

Mr. and Mrs. Ben Marlin of Meacham, left last evening for their home after a trading trip in the city. There is every prospect that Meacham will be a lively point during the coming season, owing to extensive railroad improvements, sawmill construction and extensive wood cutting which will be done. There is considerable wood on the yards at Meacham this spring, although a large quantity has been shipped to Pendleton during the last two months.

### New O. R. & N. Operators.

George Bachant, who has been day operator at the O. R. & N. offices since the resignation of C. J. Jackson a month ago, has resigned his position and R. L. Taylor, who has been night operator here for some time, has been promoted to the position of day operator. A night operator is expected to arrive tonight. Mr. Bachant is now employed on the clerical force in the office of Sheriff Taylor.

### R. D. McLaughlin Reported Killed.

It has been reported here today that R. D. McLaughlin, formerly of this city, and now employed in the Northern Pacific office at Ellensburg, was killed at that place yesterday. Mr. McLaughlin is a member of Damon lodge No. 4, Knights of Pythias of this city, and this forenoon a message inquiring as to the report was sent to Ellensburg. However, up to 3:30 this afternoon no answer had been received.

### Here From Pocatello.

W. H. Bean and wife of Pocatello, Idaho, arrived last evening for a few days' visit with relatives in this city. Mr. Bean is a son of Mr. and Mrs. A. J. Bean of this city, and a brother of Charles E. Bean, Mrs. Leo Teutsch and Mrs. H. C. Bickers.

### Dance at Hermiston.

The Chevalliers of Hermiston, a social organization, will give a public dance and supper at the Hermiston hotel next Saturday evening, February 27. A number of Pendleton people expect to attend the dance.

### Remains to Lewiston.

The remains of Earl J. Mount who died at the Hot Lake sanitarium, passed through the city today to his former home in Lewiston, for interment.

Tripoli's yearly output of ostrich feathers is valued at \$1,000,000.

### DECLAMATORY CONTEST.

Annual Event of Pendleton Academy on March 15.

On the evening of March 15, the annual declamatory contest for Pendleton academy will be held here and the following program has been arranged for the same:

- Recitation, Hazel Hamblen, selection from "Hiawatha."
- Recitation, Margaret Johnson, "The Revolutionary Uprising."
- Recitation, Hazel Patton, "The Unknown Speaker."
- Recitation, Bessie Porter, "Prince."
- Recitation, Alice Proctor, "The Octoroon."

### Will Debate Tualitin.

Arrangements have now been completed for a joint debate between a team from the Pendleton academy and one from Tualitin academy at Forest Grove. The subject will be "Resolved, that the United States should subsidize the merchant marine." The negative side will be upheld by the Pendleton team, which is composed of Douglas Johnson, Edmund Milne and Harold Blakeslee. The debate will occur at Forest Grove and the local school is hopeful that its team will come back victorious.

Prof. W. H. Bleskney, president of the academy, is to be one of the judges in the debate between Whitman college and Pacific University, which occurs at Walla Walla tomorrow. However, owing to the lack of railway service, he may be unable to get there.

### MISS SHEUERMAN THANKED.

Given Color Sketch of Sadie Girls by Stage Manager Raley.

In token of the appreciation in which the gymnasium committee holds the work done by Miss Carrie Sheuerman during the recent entertainment, an appropriate souvenir was given her today. It is in the form of a life-like color sketch of the Sadie girl troupe which was drawn by J. Roy Raley, stage manager, during the entertainment and an artist of importance. Accompanying the sketch the following beautiful poem, likewise from the pen of Manager Raley, was sent Miss Sheuerman:

"Music hath charms to soothe  
The savage Sadie girl  
And causeth her to pause  
In her wild whirl.  
It moveth old Ki-ram  
To shed a tear  
And makes the festive Ki-ki  
Bite his ear.  
Therefore, O Carrie, teaser of the  
of the ivory keys,  
Accept our thanks, do please."

### Help for State Institutions.

The appropriation bill introduced by the ways and means committee providing for \$161,750 for the expenses of the improvements, equipment, betterment, supplies and other necessary expenses at the penitentiary, asylum, reform school, deaf mute school and blind school of the state, was passed in the house by a narrow margin, says the Salem Statesman. The bill has been published heretofore and provides for \$7500 for the penitentiary, \$136,500 for the asylum, \$6000 for the reform school, \$3250 for the institute for the blind, and \$3500 for the institute for deaf mutes. Those who voted against the bill were: McCallon, Jackson, Simmons, Upmeyer, Crawford, Dye, Brown, Farrell, Holt, Huntley, Jones of Clackamas, Jones of Polk and Lincoln, Kubli, Northup and Raskieff.

### No Basketball Games.

Owing to the condition of the roads the Walla Walla high school basketball team will be unable to reach this city for the games which were to have been played with the Pendleton high school team this week, and the games are therefore called off.

### THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight." There was Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery. Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair. Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes—50 cents and \$1.00. A. C. Koepfen & Bros.

### OVER 900 CORDS OF WOOD.

Large Supply Now in the Yards of Pendleton.

There are now over 900 cords of wood in the various yards of this city, most of this amount being 16-inch wood.

This is the largest amount of wood that has been on hand at any one time for the past year, according to wood men and will be sufficient to last the city until summer.

For the past two or three weeks large quantities of wood have been shipped from Kamela, Huron, Meacham, Spring Spur, Allen Spur and other wood shipping points on the mountains. The large supply has been rushed in early for fear that the softening roads in the mountains would prevent the delivery of wood at the yards later in the spring.

There are still several thousand cords on the yards at the various wood stations. Heavy shipments have been made to Walla Walla and other Washington points as well as to this city and the fuel shortage for this winter is evidently at an end as far as wood is concerned.

### WILL CLOSE ALL DAY TOMORROW

Schools, Public Offices and Nearly All Business Houses.

Tomorrow, Washington's birthday, will be observed in Pendleton by a general closing of business in the afternoon; of public offices during the entire day, and by the suspension of all school work. According to Prof. Landers, city superintendent, no school sessions at all will be held to-

morrow and this afternoon appropriate exercises are being held in many of the rooms. The programs are all under the direction of the individual teachers.

The following local stores have signed a petition to close all business houses during the afternoon tomorrow: R. Alexander, The Peoples Warehouse, R. E. Tarbett, C. E. Roosevelt, Despain & Bean, Gray Brothers Grocery, Max Baer, Leo Teutsch, D. Howehin, Bond Bros., W. A. Crank, Empire Tea company, Standard Grocery company and the Gordon Grocery company.

It seems quite natural to suffer sometimes for the sake of a cause or principle, and things natural are generally right.
