MEAD CONDEMNED

GOVERNOR HAS PARDONED
A BAD CRIMINAL.

"Red Gallagher" One of the Most Notorious Toughs of the Northwest, Receives Executive Clemency—Walla Walla Papers Bitterly Condemn the Action of the Governor.

The Walla Walla Bulletin severely criticizes the action of Governor Mead in granting a pardon to a desperate criminal, "Red Gallagher," as follows:

Governor Mead, with his usual solicitude for the criminal class as against his consideration of the peace, happiness and security of society, is again busily signing pardon after pardon and parole after parole for convicts.

Consideration of legislative measures cannot be too exacting to win Governor Mead from his attentions to the desires of those who would doff striped uniforms of the felon, and the gates of the Walla Walla penitentiary have opened for the passing out of many convicts in the last three months.

Executive clemency was shown Wednesday in the case of Ed Garrity, alias Ed Gallagher, alias Red Gallagher, one of the most desperate criminals that has ever appeared on the Pacific coast. He was serving a 14-year sentence for burglary, committed in Tacoma about eight years ago, when a parole came recently.

Garrity came to Seattle from California, where he had served time in the state penitentiary, says a coast report. Chief Wappenstein, then detective, and William Meredith, later chief of the department, arrested the man as a suspicious character, and a burglar's outfit was found on him.

But five days of a 63-days' sentence was served when Garrity broke away from the chain gang and was shot at by guards, but escaped. Several days later he was captured in Tacoma, after having been shot in the hip and in his companions got away.

A desperate fight was put up by the bartender, who was assisted by Patrolman Brown. In the exchange of shots Garrity was the only person wounded, the jaw while engaged with two.

The prisoner gave the name of Gallagher, but was subsequently identified by Sergeant Powers of the local police force as Garrity. He was found guilty and sentenced to 14 years in the state penitentiary. His record at Walla Walla is bad. He had an ugly disposition and spent a great portion of his time in solitary confinement.

WANTS NEW COLLEGE CHAIR.

Oregon Should Have Chair of Animal Husbandry.

The Rural Spirit says: It is nothing less than a disgrace to the State of Oregon that her Agricultural college does not support a chair of animal husbandry. There is scarcely another state in the union that makes the pretensions at stock raising that we do but what has such a chair.

If Oregon is anything it is an agricultural and stock growing state. While she has much wealth in her forests, fisheries and mines her future support must come largely from her fields and pastures.

Agriculture is the base of our wealth and livestock its chief cornerstone. An industry of so much importance is certainly deserving of more attention at the hands of our agricultural colleges.

Saved Her Son's Life.

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppee. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold cure, by Tallman & Co., druggists. 50c and \$1.00. Trial bottle free.

All the news all the time in the East Oregonian.

NORMAL BILL WAS LOST.

Consternation in the State House Was Unnecessary.

Considerable excitement prevailed among friends of the normal school bills yesterday over the story which had been sent out to one of the country papers, that Representative Vawter's house bill 201, providing for the creation of a board of normal school regents, had been lost on its way to the governor's office, and could not be found anywhere, says the Salem Statesman.

The telephone at the state house was soon put into active service, and inquiries came in thick and fast regarding the alleged lost bill. The disappearance of a bill a few days ago only added uneasiness to the situation, and Secretary Gatens informed one party that the bill had not shown up in the governor's office. At the time he telephoned, the governor had the bill on his desk, and it had not been entered in the records, and Mr. Gatens thought it had not come from the clerk's hands who were getting them in proper shape for the governor's consideration, and passed the matter up without further thought.

Later in the day the bill was properly recorded, but not signed by Governor Chamberlain, and filed with the secretary of state. Thus the would-be mystery turned out to be all smoke and no flame. It is said the friends of the normal schools were so afraid the governor would veto the bill in connection with the Drain-Monmouth bill, that the story of the lost measure caused them to grow worried, but now they are satisfied that the bill will become a law, even though the governor did not approve or sign his name to the bill.

Big Irrigation Suits Begun.

Suits aggregating over \$4000 have been brought against the Walla Walla Irrigation company by persons owning land adjoining the ditch operated by the company because of damage done to their property by the overflow of the ditch, says the Walla Walla Statesman. Albert Sanders and John Sanders, John Harer and Eva Harer, and W. J. Haney and wife have filed suits in the superior court. The first claim damages in the sum of \$2300 and the other two in the sum of \$1500 each. Plaintiffs allege that the irrigation company has been negligent in repairing the head gate of the ditch situated on the McBean donation claim and that the banks of the ditch have given way causing the water to overflow their property and wash part of it away and pile sand, dirt and debris on other parts.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon my work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." Why not let it help you? Koepfen's Drug Store.

The telegraphers of Spokane have organized a union with the following officers: A. Nisoner was elected president; G. W. Brady, vice president; D. Thiede, secretary and treasurer; William Stroub, sergeant at arms, and A. W. Nelmer and C. Nickum, executive committee. The union has 65 members.

THE CHANGE OF LIFE

Sensible Advice to Women from Mrs. Henry Lee, Mrs. Fred Certia and Mrs. Pinkham.

MRS HENRY LEE

MRS. FRED CERTIA

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms.

This is the most critical period of her whole existence and every woman who neglects the care of her health at this time invites disease and pain.

When her system is in a deranged condition or she is predisposed to apoplexy or congestion of any organ, the tendency is at this period likely to become active and with a host of nervous irritations make life a burden. At this time also cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, melancholia, dread of impending evil, palpitation of the heart, irregularities, constipation and dizziness are promptly heeded by intelligent women who are approaching the period of life when this great change may be expected.

Mrs. Fred Certia, 1014 So. Lafayette Street, So. Bend, Ind., writes: Dear Mrs. Pinkham—

"Lydia E. Pinkham's Vegetable Compound is the ideal medicine for women who

are passing through Change of Life. For several months I suffered from hot flashes, extreme nervousness, headache and sleeplessness. I had no appetite and could not sleep. I had made up my mind there was no help for me until I began to use Lydia E. Pinkham's Vegetable Compound, my bad symptoms ceased, and it brought me safely through the danger period, built up my system and I am in excellent health. I consider Lydia E. Pinkham's Vegetable Compound unsurpassed for women during this trying period of life."

Mrs. Henry Lee, 60 Winter Street, New Haven, Conn., writes: Dear Mrs. Pinkham—

"After suffering untold misery for three years during Change of Life I heard of Lydia E. Pinkham's Vegetable Compound. I wrote you of my condition, and began to take Lydia E. Pinkham's Vegetable Compound and followed your advice, and to-day I am well and happy. I can now walk anywhere and work as well as anyone, and for years previous I had tried but could not get around without help. I consider your medicine a sovereign balm for suffering women."

Women passing through this critical period should rely upon Lydia E. Pinkham's Vegetable Compound. If there is anything about your case you don't understand write to Mrs. Pinkham, Lynn, Mass., for advice. It is free and has guided thousands to health.

When a medicine has been successful in restoring to health, actually thousands of women, you cannot well say without trying it, "I do not believe it will help me." It is your duty to yourself and family to try Lydia E. Pinkham's Vegetable Compound.
