## CUPID'S HEADQUARTERS.

St. George Restaurant Turns Out 10 Weddings in Two Years.

If Dan Cupid has headquarters anywhere in Pendleton it must be at the St. George restaurant, judging from the activity he has manifested there in the past two years. Ten happy weddings, which have taken place in this city in the past 24 months, were the results of courtships begun, it is said, in the St. George.

It is said that a position as wait-reas there brings more certain results than an advertisement in any matrimonial paper known. A number of the weddings were the result of short courtships, other girls served a long term before the ceremony was performed, but a position there has been considered as good as a proposal for some time, it is said.

Following is a list of the weddings which have taken place as a result of courtships begun in the dining room at this place:

Nellie Ennis to George Small, now residing at Spokane.

Pearl Ramussen to Chris Nordgaard, now residing at Bellingham.

Thelma Schnur to Berkeley Halley, residing in this city.

Mrs. C. E. Cooper to Earl Giltland, now residing at Meacham.

Triphena Wilson to Charles Gritman, residing in this city.

Edith Halderson to Ralph Douglas (Coom), residing in this city.

Sarah Wilson to Claud Estes, residing at Athena.

Frances Brittain to Roy Belts, residing in this city.

Lillian Roswell to James Doty, residing in this city.

Inez Banta to Charles Madden, residing in Portland.

## Praises Moorhouse Pictures.

The Portland Chamber of Commerce Bulletin says of Major Lee Moorhouse's album of Indian pictures:

Major Moorhouse certainly deserves the congratulations and appreciation of not only the people of the far northwest, but also that of the entire American continent for the most superb collection of reproductions from photographs taken by himself of Indian men and views. It is most artistic typographically, and most interesting in contents. The major should feel proud of this achievement, as not so many years hence souvenirs of this character will be prized very highly, due to their scarcity.

The pictures are all described, either by poem or in prose. The album is well worth a distinguished place in the home of every person in this section of the country, to say the least.

## Marriage Licenses Issued.

The following marriage licenses were issued today: Joseph Kyle and Maria Redford; James F. Belts and Lena Maurer.

An unknown man deliberately threw himself backward off the Post street bridge at Spokane, into the river, about 200 feet above the higher falls. The body has not been recovered.

## THIRTEEN CLUB'S DINNER.

Will Run Counter to Many Traditional Superstitions.

Washington, April 13.—A special train of thirteen cars, leaving New York at 12:13 p. m., will reach Washington early this evening bringing the members of the Thirteen club of New York city to this city for their annual dinner at the National Hotel tonight. Previous to the dinner the members of the club will be received by the president at the White House. The dinner itself will be an occasion to shock the superstition, for every tradition of occultism will be flouted.

The members will walk under a ladder in entering the banquet hall, and not being able to limit the guests to thirteen will do the next best thing and have 413 to sit down at the table. The black cat, which is the mascot of the club, will preside over the revels in the banquet hall, and among the decorations there will be tree frogs on gilded cages in place of canaries.

The president of the club will inaugurate the dinner by breaking a looking glass, and all the other guests will be given a chance to take a rap at it also. If anybody else has a pet superstition they want defied all they will have to do will be to mention it before the dinner, and if possible some of the members will do something to tweak the superstition's tail.

Miss Galters at Carlisle.

Miss Mollie V. Galters, formerly assistant superintendent of the Umatilla Indian school, is now at the Carlisle Indian school at Carlisle, Pa., and writes the East Oregonian that the Umatilla Indian students now at that institution are doing nicely and are among the brightest in attendance. Miss Galters speaks kindly of her many friends in this city and hopes to be able to visit Pendleton again in the future.

Mr. S. L. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Cure. One dollar bottle and part of the second cured me entirely." Foley's Kidney Cure works wonders where others are total failures. Koeppe's Drug Store.
