

NATURE PROVIDES FOR SICK WOMEN

a more potent remedy in the roots and herbs of the field than was ever produced from drugs.

In the good old-fashioned days of our grandmothers few drugs were used in medicines and Lydia E. Pinkham, of Lynn, Mass., in her study of roots and herbs and their power over disease discovered and gave to the women of the world a remedy for their peculiar ills more potent and efficacious than any combination of drugs.

LYDIA E. PINKHAM

Lydia E. Pinkham's Vegetable Compound

is an honest, tried and true remedy of unquestionable therapeutic value. During its record of more than thirty years, its long list of actual cures of those serious ills peculiar to women, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person and every thinking woman.

When women are troubled with irregular or painful functions, weakness, displacements, ulceration or inflammation, backache, flatulency, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

No other remedy in the country has such a record of cures of female ills, and thousands of women residing in every part of the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable compound and what it has done for them.

Mrs. Pinkham writes all sick women to write her for advice. She has guided thousands to health. For twenty-five years she has been advising sick women free of charge. She is the daughter-in-law of Lydia E. Pinkham and as her assistant for years before her decease advised under her immediate direction. Address, Lynn, Mass.

DOWN SNAKE RIVER

NEW RAILROAD WILL BE RUSHED TO COMPLETION.

Bridge Plans Drawn for Every Crossing From Huntington to Lewiston, and Contracts for Construction Will Be Made as Rapidly as Contractors Can Be Found Who Will Do the Work the Sooner—Operations Stimulated by C. & N. Movements Farther North.

Plans for the early construction of the Oregon Short Line from Huntington, Ore., to Lewiston have become public through the engineering department, says the Lewiston Teller. It is expected the contracts for the entire route will be awarded within the next few months.

Plans for all the bridges between Lewiston and Huntington have been perfected and the orders for the steel have been placed. It is definitely known that all details relative to the new construction are now being perfected as rapidly as possible, and within a short time the company expects to commence the construction of the entire line with a view of completing the road to this point at the earliest possible date.

Route of C. & N. Road.

The movements of the Short Line people have been precipitated by the definite movements of the Chicago & Northwestern road in the building of their line to St. Anthony, Idaho, and the permanent location of the route from St. Anthony to the headwaters of the Salmon river, from which point a permanent survey has been located to the Snake river above Lewiston.

The route of the Chicago & Northwestern passes from St. Anthony via a low divide to the headwaters of Pahsimero creek, which stream it follows to the Salmon river at the boundary line between Custer and Lemhi counties.

The Chicago & Northwestern, as a Gould road, is recognized as an active competitor of the Short Line and it is understood the latter road proposes to complete the line into Lewiston in order that a traffic arrangement may be forced that will be of advantage to the Harriman people.

The situation is regarded as a most interesting one by railroad people and it is suggested that very active railroad construction in the upper Snake and Salmon river sections will be witnessed within the next 12 months.

May Enliven the N. P.

It is also considered quite possible that the building of the Chicago & Northwestern road will force the Northern Pacific to construct the extension into the Salmon river country from the head of Rocky Gulch, five miles beyond Cottonwood.

This construction by the Northern Pacific people has been under consideration for some time and it is believed a definite move by the Gould interests will hasten the building of the line from Cottonwood to the timber and mineral belt of the upper Salmon river country.

It is also stated that Hill will endeavor to block the movements of the Gould interests by securing rights of way in the Salmon river canyon where the Chicago & Northwestern have not yet secured title and the possible development of a three-cornered fight for the control of the Snake and Salmon rivers water ways is regarded as a likely sequence of the moves now being made.

"Pneumonia's Deadly Work

had so seriously affected my right lung," writes Mrs. Fannie Connor of Rural Route 1, Georgetown, Tenn. "that I coughed continuously night and day and the neighbors' prediction—consumption—seemed inevitable, until my husband brought home a bottle of Dr. King's New Discovery, which in my case proved to be the only real cough cure and restorer of weak sore lungs." When all other remedies utterly fail, you may still win in the battle against lung and throat troubles with New Discovery, the real cure. Guaranteed by Tallman & Co., druggists, 50c and \$1.00. Trial bottle free.

BAD FALL FOR OLD LADY.

Both Wrists Sprained and Injured Internally.

Milton, April 26.—Mrs. Rebekah Sagmore, aged 78 years, a sister of George Johnson, of the Hudson Bay country, who arrived here a few days ago from Baker City, to visit relatives, met with a painful accident Wednesday while explaining to a little child how to manage a tricycle. She lost her balance and fell from a porch which was several feet high, spraining both wrists, and injuring herself internally.

The accident may not prove fatal, though her age is against her.

CONNECT WITH PACIFIC.

Rural Telephone Lines Will Pay Nominal Rental.

Adams, April 26.—The rural telephone lines coming into this city, have signed a contract to make connection with the Pacific system's central office, paying to that company a rental of \$1 per year for the use of the phones furnished by the company.

It was found that some of the patrons of the rural lines had tapped the main line of the Pacific States system, according to reports received from different people who seemed in a position to know.

In the nineteen years since the interstate commerce commission began the collection of facts about accidents, nearly 6000 passengers, over 48,000 employees, and nearly 90,000 other persons have been killed on American railways, and nearly one million more have been crippled or maimed, scalded or crushed, disfigured or invalidated.

A Sale of Distinctive New Suit Models for the HORSE SHOW

THROUGHOUT THE REMAINING PART OF THE MONTH THIS STORE WILL BE REPLENDANT WITH TYPICAL NEW CREATIONS IN WOMEN'S SUITS AND GARMENTS FOR THE HORSE SHOW. A SOCIETY CIRCUS

UNDER THE AUSPICES OF THE GYMNASIUM COMMITTEE

Would Supplant the Annual "Commercial Association Entertainment"—A Great Novelty That Can Be Made Irresistibly Funny—Armory at Portland Was Crowded for Three Successive Circus Performances—Pavilion the Proper Place.

To give a society circus in this city some time next fall is now being contemplated by the Commercial association gymnasium committee and should the project be found feasible after more complete consideration such an entertainment will be given instead of the usual Commercial entertainment at the theater.

Interest in the idea of a society circus here has been aroused by the success of the performance recently given in Portland by the Multnomah club and the Third Regiment, O. N. C. For three successive evenings the large armory in Portland was crowded to its capacity for the circus and a matinee performance was also given on Saturday afternoon. Those who saw the affair declare that such a thing can be easily pulled off here, using the fair pavilion for the purpose. In giving an entertainment of that character there is no end to the number of meritorious stunts that can be used and with the numerous talented local performers in this city it should be easy to make up an entertainment that would far surpass that given in Portland.

That a society circus would be the proper thing for the next year's Commercial association entertainment is believed by Mark Moorhouse, chairman of the "gym" committee, who has been investigating the matter to some extent and he will urge the idea to the other members of the committee should the proposition be found favorable.

As a circus entertainment would necessarily have to be given before or after the severe weather of the winter, it is probable that the date will be set for some time in October, several weeks after the coming district fair and before the covering has been removed from the pavilion.

As a society circus requires an immense troupe and scores of workers aside from the performers it is proposed that the Commercial association and Company L of this city, cooperate in giving the circus should it be decided to give such an entertainment here.

A dog can take more mercury than would kill a human being.

..THE ALEXANDER.. DEPARTMENT STORE

The Reliable Store

A PROGRESSIVE FIRM.

Teutsch Department Store Will Be Remodeled and Enlarged.

The great rebuilding and remodeling sale to open at Teutsch's department store on Saturday, April 27, proves again what hard work, perseverance and bulldog tenacity will do. Six years ago Mr. Teutsch opened the store at the corner of Main and Alta with a handful of merchandise. In that short time he has gradually built up a business that any one should be proud of. He has entirely outgrown the two large rooms he now occupies, only last fall he added 1000 feet floor space by building a balcony in the dry goods department to accommodate his ready-to-wear section, and now, just six months later, he is compelled to add the entire basement, giving 2500 feet more sale room.

The brick wall between the two rooms will be removed and the entire front replaced by modern plate glass windows, making the Teutsch department store one of the finest stores in eastern Oregon.

Idaho's Big Wool Crop.

The wool crop of Idaho this spring will be heavier than last year's crop and of finer quality, according to the expressed opinion of C. L. Tuttle, assistant general freight agent of the Oregon Short Line, who returned yesterday from a trip through Idaho in the interest of his road as to wool loading.

"Shearing has been started in only a few corrals about the state, but by the last of the month it will be general," said Mr. Tuttle last night. "I believe the wool there will sell very quickly. Several buyers are already in the state and while it is evident they will hold back for prices to go lower a little, I believe the Idaho crop is going to move more readily than the Utah crop is at present."

"From all indications the crop is going to be unusually heavy and of excellent quality. I found conditions in other lines of business very good throughout the state."—Pocatello Tribune.

Deer Plentiful in Idaho.

State Auditor Robert S. Bragaw states that he has heard that the Priest river country, in what is now a part of Bonner county, is full of deer, says the reason for this is the great decrease in the number of cougars brought about by the payment of a bounty on them by the state. The number of deer, it is stated by local sportsmen, had been steadily and rapidly growing less in the north of the state up to within five years ago. Since that time the enforcement of the game laws and the offering of a bounty on the wild beasts that prey upon them has allowed their numbers to again increase until they are now comparatively plentiful.

REV. HAYES WILL PREACH.

Noted Nez Perce Indian at Presbyterian Church.

Rev. James Hayes, the Nez Perce Indian pastor of the Presbyterian church of Kamiah, Idaho, will preach here next Sunday evening. The service will commence promptly at 7:30. Mr. Hayes is one of the leading spirits in the special services now in progress in the Tutullia church. He is a man of exceptional ability and has a message for both the Indian and the white man.

Services will also be held in the Presbyterian church in the morning, one of the ministers of the Presbytery of Pendleton preaching the sermon.

STATE OF OHIO, CITY OF TOLEDO, LUCAS COUNTY. Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886. A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free. F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

Joseph H. Morris, an old soldier and watchman in the United States sub-treasury at Cincinnati, while on duty received a message that his wife was dying and wanted him to come and say good bye. The old man started to leave, but at the door of the treasury remembered his oath not to leave the building under any circumstances. He stayed at his post and when he got off watch his wife was dead.

Made in New York A VOID vulgarity expressed in "loud" clothing. Alfred Benjamin & Co. make clothes only for men of good taste—distinctive in character but never over-stepping the limits of correct form.

The merchant in this city who sells clothing bearing the Alfred Benjamin & Co. label sells the very best clothing the most skilled tailors can produce.
