NEW WEED LAW IS TO BE ENFORCED

Following is a complete text of the Oregon weed law which was passed at the last session of the legislature and which is now in force. The bill was drawn and introduced by Representative Barrett of this county, and if its provisions are enforced throughout the wheat districts will rid the county of the noxious weeds which now threaten to "take" the land in places. The county court and District Attorney G. W. Phelps will insist on the enforcement of the law and land owners and road supervisors are urged to co-operate with the officials in the enforcement. The law is as follows:

A bill for an act for the extirpation of the Russian, Canada and Chinese thistle Sisyrium Altissimum (called White Mustard), Cockle Bur (known as the Dagger Cockle Bur), Atriplex Argenta (called Silver Salt Bush), and to provide for the manner of extirpation of Russian, Canada and act and for the sale of real estate upon which a lien may be created under the provisions of this act and to repeal an act entitled "An act for the extirpation of Russian, Canada and Chinese Thistles," which act was passed by the legislative assembly and approved February 18, 1899, which act repealed an act entitled "An act for the extirpation of the Canadian Thistle," which act was passed by the legislative assembly of the state of Oregon, February 29, 1899.

Be It Enacted by the People of the State of Oregon:

Section 1. It shall be the duty of each road supervisor in each road district in this state, in addition to the duties heretofore prescribed by law, to ascertain from time to time whether or not there is in his district any weed known as the Russian thistle, the Canada thistle, the Chinese thistle or Sisyrium Altissimum (called white mustard), cockle bur (known as the Dagger cockle bur), Atriplex Argenta (called silver salt bush), and he shall as he ascertains that there is any of such weed and before any thereof has shed its bloom or commenced to form the seed, serve or cause to be served upon the owner, if he be known, and residing within the county, and if not, upon the occupant of the premises upon which said weeds or thistles may be, a notice in writing notifying said owner or occupant of the existence of said thistle, weed or weeds, and in such notice shall give the name of such weed and a description of the land upon which same is growing. Said notice shall be served by delivering to the occupant or person in charge of said premises a copy thereof duly certified to be such by the person serving the same, and if there be no occupant of such land upon which such weed may be growing, then such notice shall be served by posting in three conspicuous places upon said premises a copy of such notice duly certified to be such by said road supervisor.

Section 2. Immediately after serving said notice or posting same as provided in section 1, such road supervisor shall file the original notice, a copy of which he has served as provided in section 1, with the county clerk of the county in which his district is situated, together with his return on said notice stating the time and manner of making such service, which said notice shall be filed by the county clerk and retained as a record of his office.

Section 3. If such owner or occupant shall fail or refuse for 10 days after being so notified of the existence of such weed or weeds upon his land, to completely remove same, it shall be the duty of such road supervisor and he shall have authority to go upon said land, calling to his assistance such help as he may deem necessary, and cause said weed or weeds to be extirpated from said land in such a manner that will be most effective and work the least injury to the land, but that will destroy said weed and its seed and prevent the same from in any way spreading to any adjoining lands. Upon the completion of said work the road supervisor shall file with the county clerk an itemized statement of the expenses of destroying said weed, including his own fees hereinafter provided, verified by his oath, and when said statement is filed, the county clerk shall cause the same to be entered upon a lien docket prepared for that purpose, and the amount of said charges and expenses when so docketed shall constitute a first lien, prior and superior to all other liens and charges upon said lands or premises, except taxes. If said charges and expenses are not paid, and said lien discharged, by the owner or occupant of said lands within six months after the same is docketed, it shall be the duty of the county clerk to notify in writing the district attorney of the district in which said county is situated of such fact, whose duty it shall be to bring a suit in the name of the county for the foreclosure of said lien; and the lands affected thereby shall be sold under execution for the payment and satisfaction of said charges and expenses, and of said lien and all charges touching the same.

Section 4. If within 10 days after the statement has been filed and the lien docketed, as provided in the preceding section, no objections have been filed thereto, the county court shall pay the county supervisor out of the county funds, the amount of said charges and expenses, and the same shall be thereafter recovered to the use of the county, as in the foregoing section provided.

Section 5. The road supervisor shall receive from the county for his services as required by this act the sum of \$3.00 per day for the time actually employed.

Section 6. If any person, persons or corporation owning, possessing or

having care or charge of any land or lands, improved or unimproved, enclosed or unenclosed, in this state shall knowingly permit or suffer any Russian thistle, Canada thistle or Chinese thistle or Sisyrium Altissimum (called white mustard), cockle bur (known as the Dagger cockle bur) Atriplex (called silver salt bush) to grow up thereon, and suffer the same to stand until its bloom falls or its seeds begin to fall, such person, persons or corporation shall be guilty of a misdemeanor, and upon conviction thereof shall be guilty of a misdemeanor, and upon conviction thereof shall, for the first offense, be fined not less than \$10 nor more than \$50, and for the second and each subsequent offense not less than \$25 nor more than \$100, said fines to be recovered, with costs, in an action to be brought in the name of the State of Oregon, for the use and benefit of the general fund of the county where the offense is committed. Justices of the peace shall have jurisdiction of this offense.

Section 7. It shall be the duty of each road supervisor in each road district in the state to call a sufficient number of laborers to cut down and destroy, before the same has dropped its bloom or commenced to form its seed, any Russian thistle, Canada thistle or Chinese thistle, Sisyrium Altissimum (called white mustard) cockle bur (known as the dagger cockle bur) Atriplex Argenta (called silver salt bush) found growing at any time hereafter in the public highways or upon any public lands in his road district, and the county court shall audit and allow the amount of expenses and just and reasonable charges of such work, as other claims or bills filed by the road supervisors.

Section 8. If any road supervisor of any road district in the state carelessly or wilfully neglect any of the duties imposed by this act, or violate any of the provisions thereof, he shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than \$50 nor more than \$150 for each offense.

Section 9. It shall be the duty of all municipal corporations in this state to provide for the extermination of said Russian thistle, Canada thistle or Chinese thistle, within the limits of such corporation, or upon vacant lands within said corporation; and any city or town incorporated within this state neglecting or refusing to comply with the provisions of this act shall be liable to a forfeiture to the county in which said municipal corporation is situated of a sum not less than \$50 nor more than \$5000 to be recovered against said municipal corporation in a suit maintained by the county in which said municipal corporation is situated.

Section 10. That all acts and parts of acts in conflict herewith be and the same are hereby repealed.

Section 11. Inasmuch as there is immediate necessity for the extirpation of the weeds and thistles described in this act in order to prevent the destruction of rich agricultural lands throughout this state, this act is necessary for the immediate preservation of the public health and safety and an emergency exists and is hereby declared to exist, and this act shall be in effect from and after its approval by the governor.

Osteopathy in Nerve Troubles. As osteopathy deals with nerves largely and makes a more thorough study of their duties and their sufferings than any other school, it is not at all strange that it has achieved better results in the treatment of nervous diseases than the older systems have ever attained. No stimulant is needed to whip the jaded nerves into action, no sedative given to make it seem as if pain and suffering had departed. The actual cause of the derangement is hunted down and made normal again. So that cures wrought by this method, although not always rapid, are permanent cures, and usually very speedy relief is secured. Women are particularly subject to nervous disorders. It is now evident why so many women are patrons of osteopathy, and being cured are its strongest advocates.

Even if your head feels As if it was in a vice

It's better to keep your headache than use a dangerous remedy. To cure it with some dangerous powder brings after effects which are far worse. Many headache cures kill the pain by some powerful drug which if used too often finally enervates and breaks down the system. That's why you should be very careful what you take to cure a headache.

Jexall HEADACHE WAFERS Are a simple and positive cure for headaches, absolutely harmless, especially suited to women. Guaranteed to be free from Aspirin, Opium, Morphine or Chloral. If these wafers do not give absolute satisfaction, bring back the empty package and we will return your money. In two size packages, 10c. and 25c. THE PENDLETON DRUG CO. "THE MARK OF QUALITY."
