BAKER HORSES HAVE MENINGITIS

QUEER ILLNESS PROVES
FATAL TO TEAMS

Sumpter Valley Horses Die From a
Disease Having Every symptom of
Spinal Meningitis — Investigation
Made by Veterinarians Shows That
the Disease is Really Serious.

The horses in Sumpter valley have
been the victims of an epidemic
which competent veterinarians have
declared has all the symptoms of
cerebro-spinal meningitis. The epidemic
has caused some alarm among
horsemen of that section, but it
seems that the disease has been
checked from further inroads by the
work of the veterinarians. The Baker
City Democrat says.

Dr. C. F. Korinek of Salem, who
with Dr. F. T. Notz of Baker City,
spent yesterday in Sumpter investi-
gating the epidemic that has visited
the horses in this region, last night
reported that the trouble is not as
serious as feared and all the deaths
that have occurred have not been
from the epidemic. The treatment
given by Dr. Notz to prevent the
spread of the disease has been heartily
endorsed.

Dr. Charles F. Korinek has returned
from Baker City and the Sumpter
valley where he went to investigate
the epidemic aforementioned, at the
request of Governor Chamberlain to
whom Mayor Edwards of Baker City
had appealed for assistance. Dr. Kor-
inek went there to investigate the
epidemic which had affected more
than a score of horses of all classes.

In company with Dr. Lytle, of Pen-
dleton, state sheep inspector, and one
of the ablest veterinarians in the state
and Dr. F. T. Notz of Baker City, he
went to Sumpter valley and held
three post mortem examinations on
some of the affected horses which
were ordered killed. All classes of
horses were affected and the symp-
toms which were found led the doc-
tors to conclude that the disease was
cerebro-spinal meningitis.

In the three cases that came under
the supervision and investigation of
the veterinarians, it was found that
the brain and spinal cord were in an
affected condition.

The horses are apparently in good
condition when they suddenly fall
and lay down, making it necessary
for some one to lift them up before
they can regain their poise.

After being raised up they continue
on their way for a time, but again
fall. It seems that the entire sys-
tem of the animal is broken down
and the veterinarians are doing all
they can to check the inroads of the
epidemic and so far have met with
some success. The cause of the dis-
ease has been assigned to the poor
hay and musty oats.

WILL SELECT TEXT BOOKS.

Many Changes in School Books Are
Promised.

Representatives of schoolbook pub-
lishing houses are in Salem today to
the number of 30 for the meeting of
the state text book commission,
which consists of H. W. Scott of
Portland, P. L. Campbell of Eugene,
C. A. Johns of Baker City and W. M.
Colvig of Jacksonville.

The branches of study in which
text books must be selected are:
Reading, grammar, written arithmetic,
mental arithmetic, geography,
spelling, writing, physiology and hy-
giene, United States history, civil
government, nature study and science
work music and drawing.

For high schools the list is as fol-
lows: Higher English, Algebra, phys-
ical geography, Latin, general history,
bookkeeping, physiology, botany,
English and American authors, geo-
metry, physics, geology, higher arith-
metic, elementary political economy,
civil government, German chemistry,
zoology, astronomy.

It is not thought there will be

many changes as the board is gener-
ally believed to be conservative. Ac-
cording to the report of J. H. Acker-
man, state school superintendent,
there were 100,828 school children in
1906 in actual attendance in this
state.

The board may continue in session
for 15 days. Each member of the
state text book commission is paid
\$100 for attendance at each meeting
provided by law, and 10-cent mile
age.

Pineules are for the Kidneys and
Bladder. They bring quick relief to

Linemen in Idaho Strike.

Out of sympathy for their striking
fellow members of the Electrical
Workers' union of Salt Lake, who
have struck for more pay, 25 line-
men employed by the Bell Telephone
company in Boise walked out yester-
day morning in accordance with a
decision reached at a meeting held
Friday night.

The quitting of the men was en-
tirely unexpected to the telephone
people who it was reported by Man-
ager Jones had an understanding
with the men that they would not
go out simply out of sympathy with
their Salt Lake brethren. When every
one of them, however, failed to show
up for work in the morning it soon
became evident that the strike was
on and work on the outside was at
an end for the time being.

The local members of the Electrical
Workers' union, it is stated, had no
grievance, whatever, but their branch
is in the same district as Salt Lake
and they are therefore subject to the
same scale of wages, rules, etc.

While there is a considerable
amount of outside work still to be
done in connection with the improve-
ments the company has been making
in its local service, the principal part
—the installing of two-party instead
of four-party wires—is nearly finish-
ed so far as the work of the linemen
is concerned. The strike will, how-
ever, leave the company very short-
handed and will cause a cessation in
the extension and further improve-
ment of the system which it was con-
templated would be carried on during
the summer.

Last night it was reported here
that the electrical workers at Wei-
ser, Payette, Nampa, Caldwell and all
other places in the jurisdiction had
gone out also.—Boise Statesman.

GENERAL NEWS.

Lionel Norris, aged 22, and his
younger brother, Cresson, were
drowned in Vancouver harbor, Brit-
ish Columbia. Cresson fell off a sail-
boat and his brother plunged after
him. The two struggled several min-
utes and disappeared.

A very dangerous field of icebergs
—said to cover six square miles—was
sighted May 22 in latitude 41, longi-
tude 97 (Atlantic.) French, English
and American cutters are patroling
the bergs as they drift south, for the
purpose of warning commerce.

Salvador San Felipe, a well known
Italian agriculturist residing near San
Jose, Cal., was shot and killed by his
brother Felipe. The murder was the
result of a quarrel between the
brothers. Salvador was quarreling
with his wife when Felipe interfered.

At Copenhagen, Denmark, Corda
Krum Nathanson, the celebrated
Danish actress, was shot and mortally
wounded by her husband at the Hotel
Aalberg. The husband after shoot-
ing his wife, immediately committed
suicide. Jealousy was the cause of
the tragedy.

During a review at Rome on June
1, Captain Ullivelli made an ascension
in a military balloon, with King Em-
manuel and Queen Helena among the
spectators. At a height of about 200
feet the balloon was split by lightning
and fell like a plummet. Ullivelli was
dashed to pieces.

Over \$1,200,000 damage has been
caused to crops and manufacturing
plants by the breaking of the Rio
Grande levee at White's Spur, eight
miles above El Paso, Texas. More
than 1000 acres of land are under
water and many families have been
driven from their homes.

French merchant sailors have gone
on strike in nearly every part of the
republic. The government promised
to break the strike with naval sailors
and attempted to do so, when the of-
ficers of the merchantmen promptly
followed their sailors out, refusing to
give orders to the marines.

While on a picnic to Deep Cove,
near Vancouver, B. C., Lyon Norris,
aged 25, and his brother Cheffop, 10
years old, were drowned. The party
was in a sailboat when the small boy
fell into the water. The older boy
jumped after him. The small boy
clutched his throat and both were
drowned.
