T. J. Seufert, the canner, lies dangerously ill at his home at The Dalles. He has lain in a comatose condition for several days.

H. Hansen, 17 years of age, a sawmill employe at Marcola, near Eugene, fell against a saw. His right arm was sawn off close to the shoulder.

A Portland man named Fraser, has rented a building at Yakima and will at once engage in the manufacture of spraying materials. He has \$6000 invested in raw materials and plant.

Lewis Darsons was gored to death by a bull on board the steamer Olympia within an hour after leaving Port Townsend for Nemo, on June 5. The animal tore out its victim's entrails, with its horns and then dangled him in the air until he was dead.

Nick Vrigus, a Greek Short Line employe at Pocatello, was knocked from the ladder of a box car by a projection from the coal bunkers and killed by being run over. One leg was crushed from the toes to his hips, the wheels of a car running over it lengthwise.

Special fruit prizes amounting to \$5000 will be given at the state fair at Yakima this year. Not a dollar of this will be expended on exhibits from the Yakima valley. To compete the fruit must be raised in and entered from distant parts of the state.

Portland's school population is 29,133, according to the recent school census taken under the direction of School Clerk Allen. This is an increase of 1193 children, or of 16 per cent over the number of school children reported in the school census of 1906. A large part of the increase is due to annexing Montavilla, Mount Taber and Arleta during the past year.

Edwin Hunter is dead at The Dalles as the result of injuries sustained by falling from No. 6 near that place. The train crew claim he was stealing a ride by hanging on to a platform, and that he was pushed off by a sand guard. He claimed he fell through a trap door that had been carelessly left open in a vestibule. His legs were crushed and he died from shock and loss of blood.

**The Cost of Text Books.**  
There is apparently little in the theory that school books prove a burden to families, for Superintendent J. H. Ackerman has by request figured out the cost of all the text books needed by a child through the first eight grades, says a Salem correspondent. It amounts for the eight years to \$6.80, provided all books are bought new, an average of \$1.22 for each year. The elementary grades, from primary to eighth grade, require but eight subjects. The following table is self-explanatory: Number of books required, 27; number of subjects required, 9; total cost of books during eight years, \$9.80; average cost per year, \$1.22 1/2. Optional subjects might increase the cost 93 cents.

### Osteopathy

#### CONSTIPATION AND ITS CURE.

The causes of constipation are improper diet, lack of exercise, pernicious drugs and pressure of bones, muscles or ligaments on the nerves to the digestive tract.

The treatment in the first three instances is evident. Correct the habits. Just as evident is it in the last. Remove the pressure from the nerves. This is accomplished by the osteopath through the replacement of slightly displaced vertebrae, ribs or pelvis bones; by relaxing contracted muscles and stretching thickened ligaments. The nerves are then free to carry the normal nerve force to the intestines. The glands resume their secretions for the digestion and moistening of the food; and intestinal motion is regained, propelling the contents onward. This is a natural state and consequently a permanent state. If your body was once right it will now be right again. Nature's way is the only way. Osteopathy's success in curing this trouble certainly makes modest any claims it may advance.

What is here said of constipation is applicable to all digestive disturbances. The causes are similar and the treatment is always remove the cause.

#### SWARMS OF HUMANITY AT COOPER'S HEADQUARTERS

Mound City Has Become Overwhelmingly Interested in Young Philanthropist and His Medicines—Physicians' Prediction That He Is a Fad Does Not Seem to Be Borne Out.

St. Louis, June 6.—In view of the enormous sale of Cooper's preparations now going on in this city and the intense interest which Mr. Cooper has stirred up since his arrival, a representative of the Globe-Democrat spent yesterday afternoon at the young man's headquarters, watching the swarm of humanity come and go. During the afternoon the reporter interviewed many of the callers and obtained statements from all who cared to give them as to their experiences with Cooper and his preparations.

The following are selected from those statements as being typical of the general expression of the people seen:

Mr. W. T. Bray, living at 1120 Angelle street, when interviewed, said: "I had suffered for years with stomach, liver and kidney trouble, seven years in fact. I had tried many remedies, but obtained no help from any medicine I took. I bought one bottle of the New Discovery medicine and one of the Quick Relief. After using them one week, I felt so wonderfully improved I can hardly believe it possible. I am very grateful to Mr. Cooper. He has a wonderful medicine."

Another caller was Mrs. Clara Yohe, living at 1410 Locust street. She said: "I had suffered with stomach trouble for several years. I was so bad the last year I could not eat anything at all. I could not digest my food and had severe pain in my stomach most of the time. I did not sleep well and had severe headaches at times. I have tried many remedies, and have been to a number of physicians. I bought some of this man Cooper's preparations. I feel greatly benefited and have gained steadily in flesh since using the medicines. I have not a trace of stomach trouble left, and have come here to thank Mr. Cooper."

Mr. C. A. Taylor of 4220 Finney avenue, said: "I have been suffering with severe stomach trouble for several years and owing to the nervous conditions caused by this trouble, I could not sleep. The only relief I obtained was when up and walking around. I tried everything heard of for stomach trouble, but nothing gave me any relief. I heard so much of this man Cooper, that I decided to try his medicine. I have used several bottles and noticed a decided improvement almost immediately. I am now entirely cured, and feel happier than I have for several years."

Mrs. John Schenk, of 2111 N. 12th street, when questioned, said: "I have had eight years of suffering and sleepless nights on account of stomach trouble and headaches. I have used one bottle of Cooper's preparation and now rest every night. I have not a trace of stomach trouble left and have been immensely benefited every way."

Mr. S. P. Hitchings, living at 2145 Franklin avenue, made the following statement: "I have suffered with rheumatism for 30 years. I was still in all my joints so that I could hardly use them. I have tried Cooper's remedy and have come here to thank him and purchase more, as I can now handle myself perfectly after using the preparations one week. I feel better than I have for years."

Amelia Leonard, living at 1530 Salisbury street, said: "I have suffered for the past 10 years with stomach trouble, headaches, dizziness and kidney trouble. I have been treated by a number of physicians and have used all kinds of medicine, nothing did me any good. My appetite was very irregular and my back pained me greatly. In fact my life was a misery to me all the time. I suffered with nervousness and loss of sleep. I have used two bottles of the New Discovery medicine. This morning an immense tapeworm passed from my system. This has un-

oubtedly been the cause of all my sufferings, and I am very grateful to this man who has relieved me."

In spite of assertions made by various physicians that Cooper is a fad, who will soon die out, the young man seems to be gaining even greater headway as his visit draws to a close. It is estimated that 4000 people called upon him yesterday.

**Plan a New School District.**  
Petitions asking for the creation of a new school district out of Nos. 36 and 86, have been received by County Superintendent Welles. It is desired by residents of that section to reduce district 36 to only the south half of that district; to make the north half and the west half of district 86 into a new district; and to combine lapsed district No. 53 with the eastern portion of district 86. No time for the meeting of the boundary board has yet been set by Superintendent Welles.
