## TWO GRADUATING FROM ST. JOSEPH

EXERCISES AT EAGLES' HALL WEDNESDAY NIGHT.

Bishop C. J. O'Reilly Deliver Graduating Address—Misses Georgia Thayer and Alvina Rieden Will Graduate—For 20 Years the Academy Graduating Exercises Have Been Held in Frazer Theater—Added Facilities for Next Year to Accommodate Growing Patronage.

Tomorrow night 41 Eagles' hall will occur the commencement exercises of St. Joseph's academy in which two young women, Misses Georgia Thayer and Alvina Rieden will be graduated. Bishop C. J. O'Reilly of Baker City, will deliver the graduating address and present the diplomas to the graduating class.

An excellent program has been arranged by the Sisters of St. Francis for the occasion and the public is cordially invited to attend. For the past 20 years the graduating exercises of St. Joseph's academy have been held in Frazer theater and the change to Eagles' hall is a reminder of the need of an opera house in this city.

Bishop O'Reilly is a fascinating speaker and the graduating address promises to be a rare treat from an educational and literary standpoint. The work of the past year in the academy has been very satisfactory to the management and increased facilities will be added next year to accommodate the growing patronage of this pioneer institution of the city.

Following is the program for the exercises which will begin promptly at 7:30 tomorrow evening:

- Selection ... St. Joseph's Orchestra
- Salutatory ... Miss M. Rieden
- Selection ... St. Joseph's Orchestra
- Essay—"Aim of Life" ...
- Selection ... St. Joseph's Orchestra
- Piano solo ... Miss Irene Shea
- The Flower Angel's Reproof ...
- Kindergarten Pupils
- Bat Drill ... The Boys
- Fan Drill ... Primary Pupils
- Cantata—"The Triumph of the Cross." ... Arch Drill ... Intermediate Pupils
- Farewell ... Chorus
- Valedictory ...
- Miss Georgia DeMorat Thayer
- Conferring of graduating honors and address Rt. Rev. C. J. O'Reilly, D.D.

### GOVERNORS WILL ATTEND.

Many Chief Executives Will Take Part in Irrigation Congress.

Governors of many states are expected to attend the 15th national irrigation congress to be held in Sacramento, September 2-7 next.

The president of the congress, Governor George E. Chamberlain of Oregon, has written to the governors of the 16 western states and territories which come under the provisions of the national reclamation act, inviting them to be present and especially urging the importance of the presence of the executives of all these states.

Governors of other states have also been or will be invited to attend and several are expected to come long distances for the purpose of attending and participating in the congress.

The great irrigation works which are being constructed by the national government in the 16 western states and territories are an incentive to keen interest in the national irrigation congress and it is expected that most of the governors of these states will attend. Other states are directly interested in forestry and have a common interest in wise governmental conservation and development of national resources.

### Charged With Stealing Clothes.

James Ruddy was arrested last night by Officer Kearney after he had been caught stealing some clothing from the Queen lodging house. The man is said to have been partly drunk at the time and the articles taken were not of much value. He was locked up in the city jail to await the action of the district attorney, but up to this afternoon the matter had not been brought before that official.

### Want Indians in Parade.

Letters are being received in Pendleton daily from the management of the Portland rose show and fiesta urging Pendleton people to enter the parade with an Indian float in competition for the \$250 cash prize offered for the best float. The big parade and competitive exhibition of floats will take place on Friday, June 21.

### Mrs. Lane Ill in Portland.

Mrs. M. J. Lane and daughter, Miss Neva Lane, have been detained in Portland on account of the illness of the former and have been forced to indefinitely postpone their intended trip to the Jamestown exposition.

### Marriage License Issued.

A marriage license was issued today to F. Ray Harrison and Mabel I. Irvine.

### TEUTSCH'S IDAHO INVESTMENT.

Buy a Stock of Merchandise at Preston.

Through a deal made while in Idaho a few days ago, Lee Teutsch, the popular and aggressive merchant, has secured a mercantile business at Preston, Idaho, and in the future, he will conduct a business there as well as in this city.

The store purchased by Mr. Teutsch was that of C. Meacham & Sons, and the stock consists entirely of new goods. The store had been started by the Meachams about a year ago and a very satisfactory business had been established. However, the owners were successful sheep dealers and soon tired of the mercantile life. As a result the stock was offered for sale and it was taken by Mr. Teutsch.

According to Mr. Teutsch it is his intention to conduct a permanent business at Preston, and he has much faith in the town. He will return to Idaho tomorrow or Thursday and will remain there for some time while getting the business established. In the future he will divide his time between Preston and this city, though he will devote the greater portion of his department store here. During his absence from the city his business here will be managed by E. E. Livingston.

Immediately after the Fourth of July Mr. Teutsch will leave for the east to make fall and winter purchases for his two establishments.

### CIRCULATION, \$34 PER CAPITA.

Henry Clews Reviews Present Excellent Financial Conditions.

Henry Clews says of the present financial condition of the United States:

There have been two other sources interfering with the revival of confidence, viz., gold exports and government investigation. The gold exports came somewhat as a surprise. Nearly \$3,000,000 has thus far been shipped, and some authorities have calculated that the total amount would aggregate about \$10,000,000.

These shipments, which went mainly to strengthen Paris, have, of course, been facilitated by the easier money rates; slackening business and diminished speculative activity lessening the demand for money.

Our bank circulation now amounts to \$600,000,000, which, together with gold and other kinds of money, to \$2,940,000,000, or over \$34 per head, the highest on record. This is an inflation in our currency of over \$200,000,000 in the last four years.

Had we an elastic currency system, such as has been persistently demanded for years past, our currency would now contract automatically and check any excessive ease in money rates, such as will rapidly follow in case of diminished commercial and financial activities.

### Many Fine Windows.

A number of elegantly dressed and suggestive store windows greeted the Omaha visitors in the city today.

Among the windows specially dressed for the occasion were the Peoples Warehouse and the Fair store, where Pendleton Indian robes were displayed in a most elaborate and beautiful manner. These windows were visited and highly enjoyed by the visitors and many compliments were heard from the business men of the party who saw them. Owing to improvements and changes now in progress in a number of the leading stores of the city, it was impossible to make a window display. However, the visitors expressed delight at seeing the many improvements and declare that these were good evidences of prosperity and good business, and always appealed to practical business men in an emphatic manner.

### Two Hundred Walked.

About 200 people walked home from the Adventists' camp grounds Sunday afternoon, because they were unable to get on the interurban cars, which were loaded to the guards all day long, says the Walla Walla Bulletin. Many of those who finally resorted to the original method of locomotion waited until after the last car had run, then seeing that they were up against it they started in. There were men, women and children strung along the track for about a mile making the best of it. Nearly all were carrying lunch baskets and it was a weary crowd that arrived in the city late at night.

### Buffalo Shipped to Canada.

Fred Farr of the Umatilla reservation, has just returned from the Flathead Indian reservation, and while there saw the loading of a shipment of buffalo sold by Mitchell Pablo, a Flathead Indian, to the Canadian government. Pablo sold about 100 head to the Canadian government and retains about 60 for breeding purposes. Pablo is a half breed Flathead and owns a fine herd of wild buffalo on his allotment on the reservation.

### Will Build Stamp Mill.

Zoeth Houser left last evening for Quartzburg, where he will begin the erection of a 10-stamp mill on the "Present Needs" mining claim owned principally by him. It is expected to have the mill in operation some time during the present month. The "Present Needs" is making an excellent showing and is a very valuable property.

### Good Show at the Star.

The change in the program at the Star theater this week is attracting good crowds. Ruby McMinn in her special skirt dance is very clever, as also are the Parkers in their physical culture act, entitled, "The Professor's Conqueror." The moving pictures are also very interesting this week.

### Dance Thursday Night.

On Thursday night a dance will be given on the fair pavilion for the benefit of the band. The affair will be given under the auspices of the Booster club, and it will be an invitation dance. However, the invitations will be sent out very generally.

### SALEM CANNERY AT WORK.

One Hundred Girls and Women Employed in New Industry.

With the opening of the Mutual Canning company's plant on 12th street, Tuesday morning, the busiest hive of industry in the city, or perhaps in Marion county, went into full operation, says the Salem Statesman.

The great building, occupying an acre of floor space, was filled almost to the doors with girls and strawberries yesterday, while a large force of men, perhaps 25 in number, unloaded wagons of fruit as it arrived from the farms, nailed lids on boxes, carried fruit to the hands stemming and grading the berries, and kept the ponderous canning machinery in full blast in order that the great Saturday supply of berries should be canned before the Sunday vacation, for no berry is held over a day or a night if possible.

There are about 150 girls and women doing the stemming and grading of the fruit, for every berry is carefully placed with others of the same size and condition of freshness, and requires a vast deal of work before it appears as canned fruit.

After it is stemmed and graded the fruit is packed in cans where the cooking takes place, followed by the sealing process, which is done by heat and pressure from the oil and air-heated machinery of the next department.

This part of the work is done by men who wear thick gloves and oil-cloth aprons, for the fruit is kept at a high temperature and every precaution is taken to prevent accidental scalding.

From 8000 to 10,000 quart cans of fruit is the average daily output, when a full working force is present and the fruit arrives promptly from the farm.

### MEETING OF THE LEAGUES.

All Commercial Bodies of Oregon to be in Portland June 19-22.

Portland, June 11.—The officers of the Oregon Development league will meet at the Portland Commercial club Thursday evening, June 20, at 7:30, and every active worker, as well as the presidents and secretaries of the different commercial bodies are urged to be present. The league proper will open Friday morning at 9 o'clock at the Marquam Grand theater, and this session will close at 12:30. Afternoon recess for flower parade and general recreation. Friday evening exactly at 8 o'clock there will be a special pipe organ recital at the First Presbyterian church by Professor Edgar E. C. Jensen, one of the best organists in America, free of charge to all visitors residing outside the city. This is a rare and unusual treat.

There will be a morning session of the league Saturday from 9 to 12:30, and the program includes some of the most effective and thoroughly practical admen in the country.

### REVOLUTION IN FRANCE BEGUN

Serious Disorders Follow an Arrest at Montpelier.

Montpelier, France, June 11.—Serious disorders, causing Hussars to charge a crowd today followed the arrest of a youth carrying a banner reading, "March on Paris." The boy was released to avoid bloodshed.

A proclamation is issued by the leader of the revolt started by the wine growers that he intends to resort to arms. Soldiers at Marbonne today clashed with their commanders because they say they will never obey an order to fight their friends.

The revolt leader says the populace is anxious for revolution, "but the time has not yet arrived."

### Irvin-Harrison.

F. Ray Harrison and Miss Mabel I. Irvin will be married at 10 o'clock tomorrow morning at the home of the bride's parents, Mr. and Mrs. H. T. Irvin, in Hermiston. The groom is one of the reclamation force at Hermiston, while the bride is a well known young lady of that city, her father being the president of the East Umatilla Waterusers' association. The ceremony will be performed by Rev. Blodgett of Echo. Following the ceremony the bride and groom will leave on the westbound train for western Oregon, where they will spend their honeymoon.

### To Masonic Grand Lodge.

Worshipful Master Louis Hunsiker and Wardens W. H. McCormack and Will Moore of Pendleton lodge No. 52, A. F. & A. M., left this morning for Portland to attend the meeting of the grand lodge of Oregon Masons which will be held there this week. J. S. Norval and Manuel Friedly of Helix lodge, also went down today in company with the Pendleton delegates.

### After Abraham Cohen.

New York, June 11.—A detective from Jerome's office is on the way to San Francisco to bring back Abraham Cohen, indicted for wife abandonment.

At Washtucna, Wash., 182,500 bushels of bluestem and red wheat sold a few days ago at 73 cents per bushel.

### NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundance.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes—50 cents and \$1.00. A. C. Koepfen & Bros.

PAPER RATES REDUCED.

Colorado Manufacturers' Association Secures Concession.

By action of the Trans-Missouri Freight bureau, which yesterday closed its session at the Savoy hotel, the rate on news printing paper from Missouri river to Colorado common points, will be reduced 20 per cent, says the Denver News.

Thomas C. Scott, general manager of the Colorado Manufacturers' association, has been quietly at work on the matter for several months. A large reduction will also be made by the roads which haul the paper from the Wisconsin mills to the Missouri river. The present rate on printing paper from the Missouri river to Denver is 50 cents per hundred-weight, which will be reduced to 40 cents. A similar reduction was made yesterday on strawboard and wrapping paper for the benefit of Colorado manufacturers.

Western roads have started a movement for an advance in the rate of lime, cement and lumber, but although this matter was thoroughly discussed at the meetings held here no action will be taken until the session to be held next month in St. Louis.

Taken Up Notice.

Come to my place 12 miles northwest of Pendleton, about April 6, one black horse, weigh about 1200 pounds, branded IX on left stifle. Owner of above described animal can secure same by calling at my place and paying all charges.

WM. R. MEINERS, Holdman, Ore.

Read the East Oregonian.

Don't give up. Remember that 75 per cent of the people we do work for have been previously fitted with glasses by others but failed to get relief. Gratitude naturally follows when one gets relief from constant headaches, nervousness, weak, watery or bloodshot eyes and as a consequence we can show you many testimonial letters or furnish you substantial references; not from strangers, but people well and favorably known in Pendleton. Eyes examined free. Dayton Bros., eye specialists. Office balcony suite over French restaurant, until June 16.
