## LAND IS RESTORED

TRACT NEAR HEPPNER  
 OPEN FOR ENTRY JULY 27.

Temporarily Withdrawn From Settlement in Heppner Forest Reserve But Restored by Order of the President — Descriptions Given to the La Grande Land Office.

Another large tract of land temporarily withdrawn in the Heppner forest reserve will be restored to settlement on July 27 and will be open for entry at the La Grande land office on that date.

This land is part timber land, but not sufficiently covered with forest to justify its retention in the forest reserve and is therefore restored to settlement by order of the president.

The following notice received from the general land office at the La Grande land office giving descriptions and date of opening is republished in the East Oregonian for the benefit of its many readers who may be interested in locating on the land when it is opened for entry. The official notice of the opening is as follows:

Notice is hereby given that the vacant public lands in the following described areas, temporarily withdrawn on May 29, 1903, and February 13, 1905, for forestry purposes, adjoining the Heppner national forest, Oregon, and not otherwise withdrawn, reserved or appropriated, will by authority of the secretary of the interior be restored to the public domain on July 27, 1906, and become subject to settlement on and after that date, but not to entry, filing or selection, until on and after August 26, 1907, under the usual restrictions, at the United States land office at La Grande, Oregon:

**HAVE YOU CATARRH?**

Breathe Hyomel and Relief and Cure Will Be Guaranteed.

If you have catarrh, with offensive breath, burning pains in the throat, difficulty in breathing, raising of mucus, discharge from the nose, tickling or dropping from the back of the throat, coughing spasms, etc., begin the use of Hy-o-mel at once.

Hy-o-mel is made from nature's soothing oils and balsams and contains the germ-killing properties of the pine woods. Its medication is taken in with the air you breathe, so that it reaches the most remote part of the respiratory organs, killing all catarrhal germs and soothing any irritation there may be in the mucous membrane.

The complete Hy-o-mel outfit costs but \$1; and Tallman & Co. give their personal guarantee with each package that money will be refunded unless the treatment does all that is claimed for it.

**SELLS AND FLOTO AT WAR.**

Circus Management in Court Over Process of Seizure.

William Sells, who for one season was a partner in the Denver Post circus and who left that aggregation with more costly knowledge about financing circuses than had been his portion before, has bought out Lemon brothers' circus and will go on the road with that aggregation as general manager, says the Denver News.

Sells is expected in Denver some time this week, to bring suit against the proprietors of the Post on the allegation that they failed to keep their contract with him. He was to have \$100 a week and 25 per cent of the profits under a year's contract. When the year was up Tammen and Bonfils, he says, owed him \$1400 on salary account and he received never a cent of his share of profits. Sells is an expert showman and he claims

that under his management the show prospered, netting a profit of about \$50,000 on the year's business.

In his suit the allegation will be made that not only did the newspaper-circus proprietors fail to give him a share of the profits, but they attempted to show him, by their account books, that the circus lost \$80,000 for the year. Sells has never been able to get an accounting with Tammen, who looks after the circus adjunct of the combination, and he has employed counsel to collect by legal proceedings.

The deal for the Lemon brothers circus was closed in Kansas City yesterday. The tour will open at Topeka July 4.

### Damages from Cayuse Wreck.

Lew Hy Win, the Chinaman whose back was broken in the Cayuse wreck on the O. R. & N. on April 19, was yesterday awarded \$5000 damages for his injuries in the circuit court of Multnomah county. He sued for \$20,000 and the case was bitterly contested. Judge Thomas O'Day was attorney for Lew Hy Win and recently visited the scene of the wreck for the purpose of securing maps and details of the location. The damages were given on the ground that the track was "faulty" at the time of the wreck.

### Prisoners Broke Jail.

Three prisoners in the La Grande county jail made an escape yesterday morning by sawing the bars in a window and crawling out. They were detected by District Attorney Ivanhoe, who was in the court room at the time, and were immediately captured by Sheriff Childers. All three were in jail for minor offenses, but their sentences will now be increased because of their attempted escape.

## "J. N. TEAL" IS IN SERVICE

NEW RIVER BOAT MAKES SUCCESSFUL TRIP.

First Vessel Built by the Open River Transportation Company. Now in Service Between Portland and the Portage Road — The Steamer "Relief" Has Also Been Secured for the Lower River Run—Good Business Is Assured.

The first trip of the Open River Navigation company's new steamer, "J. N. Teal," has just been made from Portland to The Dalles and return, and she has proved to be seaworthy and first-class in every respect. She carried 50 tons of cement to The Dalles as a trial cargo and as she climbed the rapids successfully and her engines worked well, she will now be placed in regular service between Portland and the portage road.

Next Monday the "J. N. Teal" will begin her regular schedule for the season between Portland and the portage docks and is assured of excellent patronage from the very first trip. She will carry both freight and passengers and will make daily trips on the river, stopping at every landing.

The steamer "Relief" of the lower river will be operated by the Open River Transportation company, making two vessels in the regular service of this new company. It is also hoped to secure two boats for service of the Open River Transportation company on the upper river for this season, as there are thousands of tons of produce which could be handled by this company if it has vessels sufficient to accommodate the shippers of the upper river districts.

The company hopes to rush work on the Simmons landing-Holdman railroad as rapidly as possible in order to have that line ready for the 1908 wheat crop in Umatilla county, thus giving their boats an enormous patronage. Material for the line will be unloaded at Simmons Landing from the boats on the upper river run.

### Ripplinger Stole \$30,000.

Seattle, June 13.—When the report of the experts, now making an examination of the many special funds of the city, is in the hands of the finance committee it will announce that the Comptroller Ripplinger shortage amounts to not less than \$30,000 nor more than \$50,000. This is the firm belief of those connected with the financial affairs of the city hall and it is based on figures lately secured and those formerly submitted.

# DRUGS

Trained nurses know where to order their medicines, drugs and sick-room supplies. Experience has taught them that their orders will be quickly and more carefully filled here than anywhere else in town, consequently they are ever recommending this establishment to whoever employs them. And the nurse knows best that everything reaching her from us is of the best, freshest and purest quality; that there are no delays, but quick, safe, and accurate service at a moderate charge.
