ALBA NEWS NOTES

SPLENDID PROSPECT FOR ALL VARIETIES OF CROPS

Bowling Alley for Hidaway Springs—Seattle Buyer Looking for Heavy Horses—Fat Cattle Bring $55.125 Per Head, for the Seattle Market—Many More Beeves Ready for the Market Soon—Scarcity of Farm Hands Hereabouts.

Alba, June 21.—After several days of rainy weather the atmosphere has turned warm, causing vegetation of all kinds to grow rapidly. With a few more showers, which we will surely get, we have the promise of great crops.

William Scott of Hidaway Springs, has gone to Pendleton with teams to haul in a bowling alley for his summer resort.

There was a Seattle horse buyer here this week looking for heavy draft horses. He went through to the John Day country.

J. Quant and wife of Oakland, Oregon, are here visiting his brother, A. S. Quant and family. The two families, accompanied by Miss Mildred Quant and Alex Manning of Pilot Rock, have gone to Lehman Springs for a week's outing.

Willie Futter last week sold a carload of steers at 4 1-2 cents. They were contracted one month ago. The steers brought him $55.125 per head.

Clarence Adams also sold two car loads at 4 cents. The cattle were driven to Pendleton and consigned to the Seattle markets.

In about a month there will be some more good grass beef here.

James Jones, the old-time cattle buyer, passed through here yesterday. He was headed south, where he has contracted a large number of cattle to be put on thetrail for Pendleton in the near future.

Ed Howard, who had a severe attack of rheumatism, has returned from Lehman Springs much improved.

Owing to scarcity of harvest hands, several of the farmers are getting field loaders, which take the hay out of the windrow and loads at the rear end of the wagon.

The Horse and Cattle association met at Ukiah today, James Mossie in the chair and Clarence Adams secretary. The association is gaining members right along. The brands of all members were ordered printed, which will be posted at the most conspicuous points, and will be a help in the round-up in the fall, and every member will help to locate his neighbors' stock and guard the range from any imposition.

Jack London, the author, who has written much of animals, in a letter to relatives at Des Moines says that President Roosevelt is an "animal ignoramus." The comment was inspired by the president's attack on "nature fakers."

BABY'S DREADFUL CASE OF ECZEMA

Extended Over Entire Body—Mouth Covered With Crusts as Thick as Finger Which Would Bleed and Suppurate—Disease Ate Large Holes in Cheeks—Hands Pinned Down to Stop Agonized Scratching—Three Doctors' Best Efforts Failed to Give Relief.

BUT CUTICURA WORKS A MIRACULOUS CURE

"When my little boy was six months old he had eczema. The sores extended so quickly over the whole body that we at once called in the doctor. We then went to another doctor, but he could not help him, and in our despair we went to a third one. Matters became so bad that he had regular holes in his cheeks, large enough to put a finger into. The food had to be given with a spoon, for his mouth was covered with crusts as thick as a finger, and whenever he opened the mouth they began to bleed and suppurate, as did also his eyes. Hands, arms, chest, and back, in short the whole body was covered over and over. We had no rest by day or night. Whenever he was laid in his bed, we had to pin his hands down, otherwise he would scratch his face and make an open sore. I think his face must have itched most fearfully.

"We finally thought nothing could help, and I had made up my mind to send my wife with the child to Europe, hoping that the sea air might cure him, otherwise he was to be put under good medical care there. But, Lord be blessed, matters came differently, and we soon saw a miracle. A friend of ours spoke about Cuticura. We made a trial with Cuticura Soap, Ointment, and Resolvent, and within ten days or two weeks we noticed a decided improvement. Just as quickly as the sickness had appeared it also began to disappear, and within ten weeks the child was absolutely well, and his skin was smooth and white as never before. F. Hohrath, President of the C. L. Hohrath Company, Manufacturers of Silk Ribbons, 4 to 20 Rink Alley, South Bethlehem, Pa., June 5, 1905."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.) (or in the form of Chocolate Coated Pills 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Mailed Free, Book on Skin Affections.

NEWS OF WESTON

9000 SACKS OF POTATOES SHIPPED QUITE RECENTLY

$1.25 Per Sack the Top of the Market—Daughter Born to the Ginns—Physician From Cove Expected to Locate Here—Dr. Cashatt and Wife Will Return Soon—Movement to Co-operate Telephone Lines Opposed by Independent People.

Weston, June 21.—W. A. Sayre of Portland, who has been at Weston for several weeks buying potatoes, shipped out nearly 5000 sacks from here. The highest price paid by him was $1.25 cents per sack, f. o. b., Weston. Sim J. Culley, the local grocer, has also shipped out a great many potatoes—a total of 4000 sacks in all during the past two months.

Dr. and Mrs. S. L. Corpe of Cove, Union county, were here a few days ago looking over the Weston country with a view to locating. He will probably come as soon as he can arrange his business affairs at Cove. He has a good practice at Cove, but is attracted by the good school advantages here.

Those who went from here to Bingham Springs last Saturday evening to take in the opening dance report an enjoyable trip.

Mr. and Mrs. J. W. Bassett are both reported to be quite seriously ill at their home on the mountain.

Miss Jauntita Culley is visiting with friends in Walla Walla.

Mr. and Mrs. Anson Woods and daughter were recent visitors here from Athena.

Pioneer Here.

J. H. Parks, his son, Wm. Parks, wife and children of Condon, have arrived here to visit relatives, expecting to remain several days.

Wish to Co-operate.

The Pacific States Telephone company is again desirous of co-operating with the Independent Rural Telephone company of this place. This company embraces 10 miles with about 100 phones, and it has been very successfully operated as an independent concern. Many of the people in and about Weston are opposed to the proposed combine.

Daughter Born.

A daughter was born June 13, 1907, to Mr. and Mrs. Walter T. Ginn, at Spofford station, a few miles from here.

FREEWATER-MILTON.

Peach Day Will be Observed Some Time This Season.

Freewater, June 21.—At a meeting of the Freewater Commercial club it was definitely decided that peach day be celebrated in Freewatr. It will be held sometime within this fruit season, and a committee of three was appointed to make preliminary arrangements, D. C. Sanderson, R. T. McLaughlin and F. E. Crittendon being named. Invitations will be issued to prominent leaders in the growth and development of the inland empire, which will include United States Senator C. W. Fulton, Governor Geo. E. Chamberlain, Representative Ellis and many others. Five thousand advertising cards of the Freewater country will be out in a short time.

Much of the hay in this vicinity has already been put up and it is of a very fine quality.

Thinning peaches from the trees has been going on for some time, it becoming necessary in many of the orchards to thin them as they were too thick for good growth. Many of the growers have promised fine donations for peach day.

A number of people from the Freewater-Milton country are in Portland this week in attendance at the rose show.

Mrs. Aleck Manela has been entertaining her younger sister from Athena for several days this week.

The passenger traffic between here and Walla Walla over the interurban line is heavy every day, and the line is doing this part of the country much good.

It is reported that the cannery will be ready for operations in a few days.

Rapid Progress on the Loop.

Milton, June 21.—A ball will be given at the Milton opera house tonight. Mickelson's orchestra of Walla Walla, will furnish the music for the evening's dancing.

Rapid progress is being made in the construction of the loop which will take the trolley cars around by Nichols' park.

Great Automobile Record.

An automobile run from Walla Walla, Wash., to Baker City, was made yesterday that is a record breaker when mountainous roads are taken into consideration.

The distance is 180 miles.

Messrs. Walter Moore, son of ex-Governor Miles C. Moore, of Washington, and Bert Preston, formerly in business in this city, left Walla Walla at 10:55 a. m. yesterday and arrived in this city at 7 p. m., covering the distance in 8 hours and 5 minutes.—Baker City Democrat.

Texas leads in railroad mileage in this country, there being 12,500 miles of road in that state. Illinois follows, with 12,000 miles, and Kansas comes next, with 11,038 miles.

AN ARGUMENT OF FORCE.

Napoleon Smashed a Vase, and the Treaty Was Signed.

Early in April, 1797, the people of Austria demanded peace with France. Negotiations were begun in the vicinity of Leoben. Bonaparte, in an interview with the Austrian plenipotentiaries, said to them, "Your government has sent against me four armies without generals, and this time a general without an army." In the treaty which the Austrian commissioners projected the first article stipulated that the emperor of Austria thereby recognized the French republic. "Erase it!" exclaimed Napoleon. "The existence of the republic is as plain as the sun. This article is only fit for the blind. We are our own masters and shall establish any government we prefer. If one day the French people," he continued, "should wish to create a monarchy, the emperor might object that he had recognized a republic." The preliminaries were soon settled. Napoleon signing for France, thus placing himself on an equal footing with the emperor of Austria. The formal treaty known as Campo Formio was signed in October, 1797. Austria fulfilling the pledges she had already given. The Austrian plenipotentiary protested against the distribution of the provinces beyond the Adige. Napoleon was angered at this, and, seizing a vase, dashed it to the ground, exclaiming, "If it is not so arranged I will break your monarchy as I have broken this vase!" This argument of force, as demonstrated to the diplomat was convincing, and the treaty was signed.

PHYSICAL EDUCATION.

Don't Develop the Mind at the Expense of the Body.

The man or woman who would train the mental faculties without any reference to the physical shows a faulty qualification for the work in which he or she may be engaged. The mind may be ever so well trained and stored with knowledge of the books, but unless there is behind it a reasonably strong body life runs the risk of being a failure; if not that, an existence of pain that serves as a limitation upon its possibilities. It is a species of cruelty to educate the mind at the expense of the body. Better let a child grow up into manhood or womanhood with an inferior education than with a better education of the mind and a body weakened in the effort.

The fact that so many men in this country who have succeeded in business and in professional and public life have been the sons of farmers, whose early life has been spent out of doors, has been a subject of remark. May it not be accounted for on the ground that in their boyhood their physique was developed so that in after life, besides their mental acquirements, they had strong bodies with which to do the work they have so successfully performed? This is not only possible, but very probable.—Knoxville Journal.

A Stolen Trade Secret.

The manufacture of tinware in England originated in a stolen secret. Few readers need to be informed that tinware is simply thin sheet iron plated with tin by being dipped into the molten metal. In theory it is an easy matter to clean the surface of iron. Dip the iron in a bath of boiling tin and remove it enveloped in the silvery metal to a place of cooling. In practice, however, the process is one of the most difficult of arts. It was discovered in Holland and guarded from publicity with the utmost vigilance for nearly half a century. England tried to discover the secret in vain until James Sherman, a Cornish miner, crossed the channel, insinuated himself surreptitiously into a tin plate manufactory, made himself master of the secret and brought it home.

Women and Jewelry.

"Women know a great deal more about buying jewelry now than they knew twenty-five years ago," said a jeweler. "When I first started in the business a clerk with a persuasive tongue could talk a woman into buying most anything. It wasn't safe for her to step inside a shop unless she had a man along. Now the average woman knows more about jewels than the average man. Of course they can be fooled—anybody can but an expert—but as a rule she buys with a surprising knowledge of value, and her taste in the cutting and setting is excellent."—New York Post.

Brains.

"A man stood on his head twenty minutes in order to win a wager. He died the next day."

"What killed him? Congestion of the brain?"

"No; if he had had any brains he wouldn't have done it."—Cleveland Plain Dealer.

Specified.

"When in trouble," said the eminent lecturer, "refrain from worrying."

"But, doctor," asked a woman in the audience, "how can we?"

"Anyway," replied the lecturer, "refrain from worrying other people."

Worse Still.

She—You'll be glad to learn, dear, that I've got out of visiting our relatives. He—Grand! Splendid! It hung over me like a cloud. How did you manage it? She—Oh, I asked them here!—Life.

Meeting the Situation.

"I wonder if there's anything serious between that tall girl and the little captain?"

"I think there is. She has had the heels of all her shoes lowered."—Fliegende Blatter.

PENDLETON, OREGON

Cherry Crop on Lower Snake.

Cherry shipments on Snake river have now reached their height and will continue to be sent out now at the rate of three carloads a week for the next three weeks. White Brothers & Crum sent their first straight carload from Riparia yesterday consigned for Chicago.

Bings and Royal Anns are the principal shippers now and the fruit is of exceptional quality and is commanding the highest price in the east, where there is an active demand for the Snake river product. The Black Republicans and Black Tartarians will be the next shippers and will close the season.—Lewiston Teller.

The boiler of the locomotive drawing a westbound freight train on the Denver & Rio Grande blew up one mile east of Florence, Col., killing Engineer Thomas E. Wing and Fireman W. G. O'Brien and Brakeman C. B. Gorch, all of Pueblo. The train was wrecked and the track torn up for several hundred feet.

THE NEW REMEDY.

Take It Now That Vacation Days Are Fast Approaching.

Thousands of men and women are anxiously looking forward to the vacation days that come in June, July and August—not so much for the pleasure or enjoyment as for the chance of getting rid of their ill health.

To thoroughly drive away troubles of the stomach most people think they have to make a business of it with dieting, exercise and perhaps a vacation.

But Mi-o-na stomach tablets taken with regularity, in a very few days will drive away indigestion, dizzy spells, distress after eating, headaches, sleeplessness and the many other symptoms of bad digestion and sluggishness of the digestive organs that keep people from enjoying themselves.

Day after day, at work behind desks or in the factory with poor sunlight and air, soon results in sluggishness of the entire physical and mental apparatus. The first slight symptoms of indigestion can be easily cured, but when they are allowed to increase without any help, then the stomach complaints become hard to shake off.

Strengthen the whole digestive system with Mi-o-na and you will soon find that both stomach and bowels do their work as they should.

Tallman & Co. sell Mi-o-na in 50-cent boxes and guarantee to refund the money if the remedy does not give complete satisfaction.

Even if your head feels As if it was in a vice

It's better to keep your headache than use a dangerous remedy. To cure it with some dangerous powder brings after effects which are far worse. Many headache cures kill the pain by some powerful drug which if used too often finally enslaves and breaks down the system. That's why you should be very careful what you take to cure a headache.

Foxall

HEADACHE WAFERS

Are a simple and positive cure for headaches, absolutely harmless, especially suited to women. Guaranteed to be free from Antipyrin, Opium, Morphine or Chloral. If these wafers do not give absolute satisfaction, bring back the empty package and we will return your money. In two size packages, 10c. and 25c.

THE PENDLETON DRUG CO. "THE MARK OF QUALITY."

Chew Your Food

No medicine can take the place of teeth. Eat slowly, chew your food thoroughly and keep free from indigestion.

When haste imposes extra work on the stomach, help it out with

Dairy and Farms For Sale

Owing to my removal to Portland to reside permanently, I have discontinued the Alfalfarm Dairy business, and have for sale my herd of dairy cows consisting of about fifty grade Jersey and short-horns, and will also sell either or both of my farms, one a quarter section of fine wheat land, one and a half miles South of Athena, in Umatilla County, and the other, over nine hundred acres of grain, alfalfa and grazing land, on the Walla Walla branch of the O. R. & N. Ry., six miles Northeast of Pendleton, with the equipment of the latter. For particulars adress me at 400 Chamber of Commerce, Portland, Oregon.

T. G. HAILEY
