 WHAT SHALL IT BE?
 That's the perplexing question.
 The wedding takes place two weeks

 GOT to decide upon something pretty
 soon. But what shall it be? I'll tell
 you what we will do. Let's go down

'PHONE EXTENSION
 DESIRED FROM UKIAH
 TO FOX VALLEY.
 Appeal to Business Men of Pendleton
 for Aid in Enterprise—Money Will
 Be Raised Here for This Purpose if
 Possible—Pendleton Gets Consider-
 able Business From That Section—
 This City Would Have Communica-
 tion With That Country.

To raise \$400 for the extension of
 the 'phone line from Ukiah to Fox
 valley in Grant county, is wished by
 people living in that section, and they
 have appealed to the business men of
 Pendleton for aid in the enterprise.
 That the money should be freely
 given is declared by those who are
 informed in the matter.

L. F. Reesing is the president of the
 'phone company, and not long ago
 he was here for the purpose of
 taking the matter up with the local
 merchants. However, a meeting was
 impossible at that time and Mr. Reesing
 left the matter in the hands of
 R. H. Wilcox. As soon as he can do
 so Mr. Wilcox intends raising the
 money here if possible.

"Pendleton gets considerable busi-
 ness from that section, and it is in-
 creasing," declared he this morning.
 If communication with this city were
 better it would work to the benefit
 of our merchants and would also make
 it much more convenient for the
 Grant county people. Pendleton has
 never done anything before for that
 region, and we should help them in
 this matter. In subscribing for stock
 the people will not be giving away
 their money, as a bonus for the line
 can be made a paying thing and some
 day it will be sold and the money re-
 funded."

Mr. Reesing, the promoter of the
 'phone line, lives at Ritter, and he
 wishes the line extended from Ukiah
 to Long creek via Ritter. The line
 is now as far out as Dale, and if it
 can be taken on to Long Creek that
 entire section will be provided with
 'phone facilities connecting them with
 Pendleton. At present the only con-
 nection is via Heppner and the service
 is extremely poor.

"IT WAS AS LONG AS —"
 Nelson and Humphreys Caught the
 Big Fish, But Lost Box.

This morning a small army of fish-
 ermen left for Bingham Springs and
 vicinity to fish in the Umatilla. They
 were attracted by the strong showing
 made by Clark Nelson and William
 Humphreys, who returned from there
 yesterday morning. While fishing day
 before yesterday the two anglers made
 a haul that has been the envy of other
 sportsmen. One of the fish, a silver
 salmon, was 28 inches long, while an-
 other, a Dolly Varden, measured 22
 inches and weighed three and a half
 pounds each.

Coming down on the stage from
 Bingham Springs yesterday morning
 the box containing the fish was lost
 out of the boat and when Messrs. Nel-
 son and Humphreys arrived here with-
 out their fish they were made the vic-
 tims of many sad jokes. However,
 their box of fish arrived on No. 5
 last night, and this morning the catch
 was distributed among their friends
 in order to dispel the belief that they
 had been fishing and caught nothing.

MORROW COUNTY HAPPENINGS.
 Compiled from Last Issue of Heppner
 Times.

O. E. Farnsworth last Saturday
 sold all his sheep, consisting of about
 3500 head, to C. A. Minor, stating as
 his reason for selling that he did not
 get the range allotted to him in the
 Blue mountain national forest last
 fall and was forced to sell for lack
 of sufficient range.

The second wool sales at Heppner
 have been postponed on account of
 delay in shearing. The date will be
 June 28 instead of the 18th. Some-
 thing over 1,500,000 pounds were sold
 at the first sales and there will prob-
 ably be about a million pounds for
 the sales June 28.

The city council held a special ses-
 sion Monday evening to discuss Sun-
 day closing of saloons. Two of the
 Heppner saloons kept open doors last
 Sunday and it was for this breach of
 the law the special meeting was held.
 The general sentiment of the council-
 men seemed to favor requiring the
 saloons to strictly observe the law,
 otherwise they are liable to lose their
 licenses.

It is evident from a statement in
 a Salem dispatch, published else-
 where in this issue of the Times, that
 the O. R. & N. will not lower the
 present freight rates between Heppner
 and Portland. Some weeks ago
 a numerously signed petition was sent
 to the state railway commission, ask-
 ing that they take up the matter of
 equalizing freight rates between
 Heppner and Portland with the O.
 R. & N. company. The rates are now
 higher between Portland and Heppner
 than between Portland and Pendle-
 ton and the distance is greater be-
 tween the latter points. Our people
 asked that the rates be equalized

with those on the main line. The
 commission took the matter up with
 the company, but according to the
 Salem dispatch it appears that we
 will not secure the relief sought.

"GETS EVEN" ON WALLA WALLA.
 Saloon Man Who Was Fined Raises
 Rent on City Offices.

From \$25 per month to \$40 per
 month is the sensational jump made
 in the price of office rents in the
 buildings of A. Schwarz notice to
 that effect having been given the
 city council yesterday evening, says
 the Walla Walla Union. The city
 engineer and city treasurer have of-
 fices in the Schwarz building, Fourth
 street, and after the first of July
 Mr. Schwarz will expect the council
 to "cough up" \$40, where he has for-
 merly received but \$25.

The startling announcement of Mr.
 Schwarz as made yesterday evening
 came like a bolt of thunder from a
 Washington sky, and for a full moment
 members of the city council were
 unable to comprehend the full im-
 port of the intelligence. Finally
 Councilman Kirkman, with a naughty
 little twinkle in his eye, rose to his
 feet and moved that the matter be
 referred to the city attorney, who
 was instructed to look into its leg-
 ality.

The action of Mr. Schwarz is con-
 sidered in some sources to be an act
 of retaliation because the council
 some time ago revoked his liquor li-
 cense for the Fountain saloon, which
 was kept open on Sunday in viola-
 tion of the Sunday closing ordinance.
 Attorney Blandford will file his an-
 swer with the council at next Tues-
 day evening's meeting.

IN JUSTICE'S COURT.
 Fined \$50 for Assault—Miller Case
 Dismissed.

In Justice Parkes' court this after-
 noon the Greek laborer charged with
 assault upon the timekeeper at Bingham
 was fined the sum of \$50.
 The case against Ed Miller, charged
 with shooting a dog, was dismissed
 owing to the failure of the state to
 secure sufficient evidence.

One Would Improve Water System.
 For the purpose of inquiring into
 Pendleton's system of caring for its
 water works, J. F. Mahoney, the lone
 banker, has been here today. At
 one the municipality owns both the
 water system and the lighting plant.
 However, they have not been con-
 ducted upon a satisfactory basis in
 the past, and the citizens are now
 investigating the feasibility of hav-
 ing both systems managed by a com-
 missioner, such as has charge of the
 water system here. By taking the
 management of the plants from the
 city council and placing it in the
 hands of a commission it is hoped to
 have a more satisfactory showing.

Alleged Larcenist Caught.
 Deputy Sheriff Blakeley of Umatilla
 county, was here last night and took
 into custody W. T. Hensley on a
 charge of larceny in balle. Hensley,
 who is a horse trader, on leaving Pen-
 dleton, is alleged to have taken with
 him a trunk which did not belong to
 him. He was placed in the county jail
 over night and will be taken to Pen-
 dleton today. Mr. Blakeley was assist-
 ed in making the capture by Officer
 Jack Lambert.—Walla Walla Bulletin.

PRESIDENT OF THE PIONEERS.
 Other Officers Chosen by the State
 Society.

Portland, June 21.—At the annual
 pioneer reunion held here, the Oregon
 pioneers chose J. D. Lee, a pioneer
 of 1848, president of the association for
 the ensuing year. Mr. Lee is a
 resident of Portland and succeeds ex-
 Judge M. C. George, whose term of
 office expired with the current meet-
 ing.

George H. Himes, who for 22 con-
 secutive years has held the office of
 secretary of the association, was re-
 elected to his old office. Other of-
 ficers elected were J. E. Magers of
 Portland, 1852, vice president; Robert
 A. Miller, 1854, of Portland, corre-
 sponding secretary; Charles E. Ladd,
 1857, of Portland, treasurer. Direc-
 tors, Cyrus H. Walker, 1838, of Al-
 bany; P. H. D'Arcy, 1858, of Salem;
 Jacob Gulliford, of Dufur.

SKETCH OF ANDREW S. DRAPER.

Dr. Andrew S. Draper, commis-
 sioner of education of the state of New
 York, and formerly president of the
 University of Illinois, was born at
 Westford, N. Y., June 21, 1848. His
 father died when he was 8 years old,
 and young Draper went with the fam-
 ily to Albany. His early education
 was given him in the public schools
 and in the Albany academy. He then
 took a course of law at Union college
 and returned to Albany, where he en-
 tered the practice of his profession.
 In this work he continued for nine
 years, until President Arthur made
 him one of a committee to investigate
 the Alabama claims. After spending
 three years in the capital at this
 work he returned to Albany and re-
 sumed the practice of law.

He was elected by the legislature
 as superintendent of the school of
 New York. As he had never had any
 part in the superintendence of state
 education, or in any educational work
 whatever, his selection was opposed
 by the people, who were greatly dis-
 pleased with the action of the legis-
 lature. But the good results he had
 achieved before the end of his term
 met with such hearty approval that
 he was enthusiastically re-elected.
 When the eight years of his service
 were at an end he was called to be
 superintendent of the public school
 system of Cleveland. In 1894 he was
 elected president of the University of
 Illinois. Here he remained until 1904,
 when he was elected first commis-
 sioner of education for New York.

 ment headquarters carried by 252 to

LAST OF PAYMENTS
 OF PAVING ASSESSMENT
 BEING MADE TODAY

City Finally Accepted Work of War-
 ren Company a Month Ago—Many
 Have Already Paid Their Assess-
 ments, Some Have Been Waiting
 for Last Day—Unless Paid Today
 City May Foreclose.

This is the last day for the pay-
 ment of the paving assessment by
 those who did not take advantage of
 the ten-payment proposition. Under
 the terms of the city within 30 days
 from the date the improvement is of-
 ficially accepted by the council. It
 was a month ago today that the city
 finally accepted the work of the War-
 ren company.

While many owners have already
 paid their assessments there are
 some who have been waiting for the
 last day and will doubtless be on
 hand this afternoon or evening.
 Should a property owner fail to make
 the payment the city, under its con-
 tract with the Warren company, must
 bring action to foreclose the lien
 and thereby collect the amount.

The following people took advan-
 tage of the ten-payment provision
 made possible under the Bancroft
 law.
 On Main street—Smith & Craw-
 ford, Jesse Failing, Damen Lodge No.
 4, K. of P., Bertha Baer, A. Alexan-
 der, Florence Berkeley and the East
 Oregonian Pub. Co.
 On Court street—Despain estate,
 J. F. Robinson, Montereall Bros.,
 Pendleton Aerie of Eagles, Pacific
 Realty company.

LARGE NUMBER OF ENTRIES.
 Fine Stock Will be on Exhibition at
 Athens.

Athens, June 21.—Athens's annual
 colt show will take place tomorrow,
 and it promises to be the leading
 event of the kind ever held here. A
 large number of entries have been
 made. A parade will start from Mc-
 Bride's livery stable at 1:30 p. m.,
 sharp, headed by a number of eque-
 strian ladies from the Athens coun-
 ty.

The judges will be George Perin-
 ger of Pendleton, W. R. Reeser and
 Morde McDonald of Walla Walla.
 Some of the best stock in the coun-
 ty will be on exhibition, and many
 people from different parts of the
 county will be in attendance.

Enormous Saving of Fuel.
 An oil tank passed through the
 city yesterday to be used at the port-
 age road to transport liquid fuel from
 Cello to Big Eddy. It is the first
 ever sent there. Much of the fuel so
 carried will be used by the steamer
 Relief, of the Open River Transporta-
 tion company's fleet, which will
 begin service on the upper Colum-
 bia this week. Recently the Relief
 was converted into an oil burner.
 Last year she burned \$240 worth of
 coal a week. It is said a week's sup-
 ply of fuel oil will cost but \$54. Thus
 in a month there will be a saving of
 \$800 on the fuel bill, or \$9600 a year.
 Coal is even dearer this year than
 last, having risen in price from \$8
 to \$10 a ton on the local market. On
 that basis the company will save
 more than \$10,000 a year by con-
 verting the Relief into an oil burner.

Frauds at Monte Carlo.
 Paris, June 21.—Monte Carlo has
 been considerably stirred up by the
 discovery of a series of exceedingly
 clever frauds on the part of employes
 of the famous gambling casino. The
 plan was for a confederate note for
 change, and the croupier would give
 him, instead of 500 francs, 1000
 francs. Of course the croupiers and
 the banker of the table at which the
 confederate presented his note were
 necessarily in league, otherwise the
 scheme could not have been worked.
 The affairs of the casino are kept very
 secret, and it is not known how much
 the syndicate managed to steal, but
 there is no doubt that the amount was
 a very large one. All of those con-
 cerned have been expelled from the
 principality.

Wed His Japanese Nurse.
 There is quite a romance in the
 history of Mr. and Mrs. L. B. Hurst,
 who have arrived in Laramie with the
 intention of opening a Japanese bazar
 here, says a Laramie dispatch. Hurst
 was a resident of San Francisco sev-
 eral years ago, when he contracted a
 malady which threatened his eyesight.
 He needed a nurse, and a
 dainty little Japanese maiden was
 given the position. The gentle minis-
 trations of the girl to her patient
 quickly led to a strong affection be-
 tween them, and in course of time
 they were married. Now Hurst is al-
 most blind, and his wife, who speaks
 English fluently, attends to all of his
 business.

Drunkness, shiftlessness and
 cheap variety shows are the three
 chief causes of truancy given by Tru-
 ant Officer White of Portland.
