

Surprise—and Conquest

THE opening of our Special Exploitation Display and Demonstration was a triumph—a complete, absolute triumph! From the opening hours of the morning until the store closed in the evening our Corset Section was thronged with delighted women—and not a single one of this enthusiastic throng failed to be very strongly impressed with the novel and exclusive features of

IRRESISTIBLE and THE Gossard CORSETS

"They Lace In Front"

They Lace In Front
The single fact that they lace in front makes them superior to all other corsets. The principle of construction is right—right for grace—right for health—right for style.

Every figure—any figure—will fit the "Gossard" Corset. It emphasizes individuality, being the foundation and permitting the final touch of exclusive character to either simple or elaborate toilette. As the most intimate accessory of women's apparel it meets and joins the wearer's figure in quite a personal way, associating itself so closely and finely that the "Gossard" and its wearer are one. The regard of the wearer for her "Gossard" Corset comes as near true friendship as can exist between animate beings and inanimate objects.

For the woman of generous proportions—the woman over 140—when hips need a refining line, with waist wanting shapeliness, and bust correction necessary, we have the model—one model that will do all these. If one only, either one, of these difficulties is to be improved, we have that model, too. For mademoiselle or madame of slight or slender figure, or just beyond the pale of either, be it a rounded effect that you require, a slight restraint, a direct line for emphasis, a curve for harmony, that model we have conjured for your need; evolved it, not by chance, but by the calculating plans of science, abetted by a wide experience that taught the need.

They Lace In Front
These corsets sell at the reasonable price of \$5 and up. Economical women will find that one Gossard corset at \$5 is actually cheaper than 5 ordinary corsets at \$2 each.

The Most Beautiful Corset in the World

In corsets, as in the production of anything combining art and beauty, there must be one *most beautiful*. The Venus de Medici, standing for all ages as the most beautiful representative of the female form, is an ideal figure, a composite of the measurements of many women with as near perfect forms as could be found. As the sculptor worked, harmonizing many beautiful curves, until the one perfect form was chiseled from the marble, so worked Mmes. Margaine Le Croix and Foulde de Grasse, measuring here and there, taking this curve and that line, combining for "Irresistible" and "The Gossard" all the beauties of figure in the most perfect mod-

els of Paris, until they produced this *one most beautiful* corset. And so, too, does every woman who wears this unapproachable corset achieve a beautiful figure, for your lines yield without discomfort and follow the harmonious outline of this perfect production. Can you afford to miss our Special Exploitation Display and Demonstration? Remember, it is under the personal supervision of Mme. Ferassee, the personal representative of The H. W. Gossard Co., who will be with us *only* during this week. Come to our Corset Section tomorrow if you can.

YOM KIPPUR BEGINS.

Day of Atonement in Jewish Calendar on September 18.

New York, Sept. 17.—Yom Kippur, the Day of Atonement, the most important day in the Jewish calendar and the one most generally observed by the Hebrews, will begin at sunset this evening, and will continue until tomorrow evening. It is the tenth day of the month Tishri, the first month in the new year, and marks the end of the penitential period which began with the celebration of Rosh Haashanah.

Among the orthodox Hebrews Yom Kippur is kept as a solemn feast. For the full 24 hours there is a total abstinence from eating or drinking and the time is spent in prayers to the Lord for forgiveness of the sins which have been committed during the year.

The holiday is ushered in with the Kol Nidre, observed by reformed and orthodox alike, although under different circumstances. The solemn and inspiring music has been adapted to modern orchestras and is thus heard in the sanctuaries of the reformed. In the synagogues of the orthodox it is chanted by the cantors and the boys' choirs aid materially. During the services all the orthodox synagogues are flooded with light on account of the large number of candles used for memorial services. Beside making peace with his Maker the Hebrew must be at peace with all the world before entering his house of worship.

REV. DORRIS IN TENNESSEE.

Former Pendleton Pastor Holds Good Meeting in the South.

John F. Hill has just received a copy of the Guardian, published at Tullahoma, Tenn., in which complimentary mention is made of the work of Rev. Victor Dorris, formerly pastor of the First Christian church in this city.

Rev. Dorris, who is a talented and successful evangelist, will leave Tennessee about September 25 for Salem, Ore., where he will dedicate an elegant new church just completed there. The Guardian says of Rev. Dorris' meeting at Tullahoma:

Rev. Victor Dorris, of Yakima, Wash., is holding a series of revival meetings at the Christian church.

Rev. Dorris is an evangelist of wide repute and is a strong, forceful preacher, and has had great success in bringing men and women to a true conception of their duty to God and their fellow man. In his sermons he is logical, succinct and instructive. I. e., he says something when he talks, and all our citizens should seek an opportunity to hear him.

There is a wide field in this section for the evangelist to labor, and all our people should give him a generous support in his efforts to bring men to Christ.

CHICAGO IS VOTING

MANY CHANGES PROPOSED TO THE CITY CHARTER

Mayor Is Given More Power in Many Ways by Charter Voted on Today—Republicans Are Supporting and Democrats Are Opposing the Charter and Election Is Very Warm—Provides for Municipal Ownership.

Chicago, Sept. 17.—Whether Chicago is to accept or reject the new city charter drawn up by the legislature last spring is to be decided by the vote of the people at the special election in progress today. In all the history of Chicago there has probably been no political contest that has equaled in its intensity and bitterness the fight that for nearly four months has been waged for and against the adoption of the new charter. The republicans, generally speaking, are supporting the charter, with the democrats almost to a unit against it.

The proposed charter contains numerous provisions, but the controversy has centered about only three or four of the most important. In the main it considerably increases the powers of the mayor and the city administration by placing the school and park boards under the control of the mayor. The city council is also given power to levy taxes. The opponents of the charter argue in support of their opposition that the proposed order of things would result in placing too much power in the hands of one man.

The new charter also includes within its provisions for municipal ownership and operation street and other intramural railways, subways and tunnels, telephone and telegraph, gas and electric lighting, heating, refrigerating and power plants. Under the provisions the city may buy and lease and operate, or it may grant franchises on such terms as it pleases.

NOT A PARTICLE OF SKIN ON BODY

Worst Case of Eczema Doctor Had Seen in 40 Years—For Six Months Father Expected His Baby to Die—Blood Oozed Out All Over Her Body—Had to Be Wrapped in Silk and Carried on a Pillow—Now She Is Perfectly Cured.

DOCTOR RECOMMENDED CUTICURA REMEDIES

"My little girl was born two weeks before her time and my wife died four hours after the birth of our child and I had to raise the baby on artificial food." Six months after birth she broke out and I had two doctors in attendance. There was not a particle of skin left on her body, the blood oozed out just anywhere, and we had to wrap her in silk and carry her on a pillow for ten weeks. She was the most terrible sight I ever saw, and for six months I looked for her to go to her mama, but thank God and his agents, she is alive and well to-day and she will be three years old the seventh of December and has never had a sign of the dread trouble since.

"I used every known remedy to alleviate her suffering, for it was terrible to witness. Dr. C. gave her up and then I went to C. F. and got Dr. B. and he and Cuticura Soap and Cuticura Ointment saved her. He recommended the Cuticura Remedies, or said we were right in making use of them. As nearly as I can remember, we used eight cakes of Cuticura Soap and three boxes of Cuticura Ointment, but you must take into consideration that hers was an exceptional case, for an old and good doctor said that it was the worst case that had come to him in forty years. I have always hinged on Cuticura Soap to keep her skin soft and to give her a pure complexion. James J. Smith, Wood and Metal Pattern Maker, Box 234, Buena Vista, Va., Oct. 14 and 22, 1906."

Complete External and Internal Treatment for Every Form of Itchiness, Chafing and Aches consists of Cuticura Soap (25c.) to cleanse the skin, Cuticura Ointment (25c.) to heal the skin, and Cuticura Resolvent (50c.) (in the form of Chocolate Coated Pills 25c. per box) to purify the blood. Sold throughout the world. Foster Bros. & Chem.
