

"The presents to the bride

were numerous and beautiful" Ten to one they came from a jewelry store. For where else could beautiful presents be had? If you're a friend to remember—a birthday anniversary—or that jolliest of all occasions—a wedding, here is the store that stands for all that you could possibly imagine in the way of suitable presents. The prices will accommodate a millionaire, or the average sized pocketbook. And be sure to keep this in mind—this is preëminently the store for presents.

SPENCE FIRST IN PORTLAND SHOOT

PENDLETON MAN WON ALL FIRST PRIZES Phenomenal Scores by Jim Spence of This City at Meeting of St. John Gun Club—Only Surpassed by One Man, a Professional, Who Was Barred from Prizes. Beating all comers and making phenomenal scores each day Jim Spence, the well-known sportsman, won much honor at the recent trap shooting meet in Portland. The meet was given under the auspices of the St. Johns Gun club and was open to all sportsmen, amateurs and professionals, of Oregon and Washington. At the first day's shoot, in which 21 shooters were entered, Spence carried away the highest honors by breaking 170 bluerocks out of 180. Hills, the Portland professional and who has often been in Pendleton, was second with a score of 163. At the second day's shoot Spence was surpassed by but one man and he being a professional, was barred from the prizes. Consequently all first money was gathered in by the Pendleton man. This morning Mr. Spence returned home from Portland and today he has been busy receiving congratulations from his local friends.

L. L. TALLMAN SELLS OUT. Pioneer Druggist of Walla Walla Retires from Business. The Walla Walla Statesman says of the sale of L. L. Tallman's drug business in that city: "L. L. Tallman has sold the stock and fixtures of his drug store, No. 2 Main street, to N. M. Higgins, who for the past three and a half years has been employed by Mr. Tallman as prescription clerk. "Mr. Tallman has been in the drug business in Walla Walla for the past 13 years. Upon settling up his affairs he will leave upon an extended trip east. This he will do some time this winter. So far as his present plans are concerned, Mr. Tallman says he intends to continue to make Walla Walla his home." Mr. Tallman is a brother of J. V. Tallman, the well known druggist of Pendleton, and is, himself, well known in this city.

NO HAZING AT WHITMAN. President Penrose Lays Down Code of Morals for the College. As has been the case in past years at Whitman college, hazing in any form will be prohibited again this year, says the Walla Walla Union. The announcement, familiar to old students from past years, was made by President Penrose in chapel yesterday morning that "the malicious infliction of personal indignity in any form will not be tolerated at the college." The additional announcement.

HOSTETTER'S CELEBRATED BITTERS. When the Bitters has the approval of thousands of cured people don't you think it deserves a fair trial? It cures Heartburn, Indigestion, Costiveness, Female Ills or Malaria.

which was a new one, however, was also made that depredations of any sort on college property would also be considered a serious offense. President Penrose said that this included the paintings of class numerals on any of the college property, a custom which has been followed frequently by enthusiastic lower class men in past years.

WHEELERS HAVE RETURNED. Pioneer Photographers Home Again After a Delightful Outing. Mr. and Mrs. C. S. Wheeler returned this morning from an extended trip east, and they express themselves as having had a most delightful vacation. They visited New York, Chicago and many of the principal large cities, and the Jamestown exposition in Virginia. The National Photographers' convention at Dayton, O., early in August was attended by them, and was a great success. From there they went to Iowa, where they visited Mr. Wheeler's relatives, and a family reunion was held in Chicago a little later. From Chicago they went south by way of New Orleans and on to Los Angeles. They spent a week hunting and fishing in the Sacramento valley, which they enjoyed very much. They also visited San Francisco.

Mr. Wheeler reports conditions very prosperous in all parts of the country that he visited, but says he sees a greater future for this country than he ever imagined before. The west is the coming country. Mr. and Mrs. Wheeler are pleased to get back to Pendleton, and think it a good place to live.

FAILED TO GET JURY. Rhonimus Trial Is Slow in Getting Started Off.

After a vain attempt to complete the jury in the Rhonimus case an adjournment of circuit court was taken at 2:30 this afternoon. The adjournment is until 9 o'clock tomorrow morning and in the meantime more jurors will be summoned from the regular panel. Failing to fill the jury from the special panel drawn by Sheriff Taylor an effort will now be made to get the remaining two jurors from the regular list.

This afternoon but two men, Ed. Kirkpatrick and Mr. Lydell, were examined, both being excused. Forenoon Session. The entire forenoon in court today resulted in the selection of but one juror, H. T. Kamrath being the acceptable one. When court convened at 9 o'clock, M. G. Edwards was called but after an examination was challenged peremptorily by the defense. It was then found that no more jurors were available and an adjournment was taken while the men upon a special panel.

Following the recess five different men were called, but Kamrath was the only one who could be used. J. D. Hargett was challenged peremptorily by Colonel Raley for the state. G. B. Hartle and M. E. Pomeroy were both excused for cause, while W. E. Reiman was challenged peremptorily by Judge Fee for the defense. It was then 12 o'clock and a recess was taken until 1:30, the sheriff being directed to secure more jurors meanwhile. The 10 men chosen to serve in the case were ordered kept together by Judge Bean.

STUDENT BODY ELECTION. Committee Appointed to Provide Plans for Winter Entertainment.

At the first meeting of the high school student body held yesterday afternoon, a temporary organization was formed and a committee appointed to draw up plans for the permanent organization for the year. This committee is composed of Prof. Hampton, principal of the high school, Orville Reeves and Harold Warner. The temporary officers, chosen yesterday are as follows: Arthur Means, president; Miss Irene Rippey, vice president, and Miss Una Smith, secretary and treasurer. No selections have yet been made to fill the vacancies upon the Ilakawinn staff.

Wheat Is Still 70 Cents. Wheat is still quoted at 70 cents in the local market and for many days past there has been but little selling. According to the buyers they are still busy paying for and receiving grain already purchased and apparently the market will remain at a lull until previous purchases have been disposed of.

Last of New Engines Arrive. The last of 10 new freight engines to be purchased for the mountain division of the O. R. & N., arrived in La Grande from the east today. This makes about 40 new engines brought to the O. R. & N. and Oregon Short Line during the past year.

Byers Case Settled. With apparent satisfaction to both sides, the dispute between the city and W. S. Byers has been settled without the expense and delay of a law suit. By the terms of the compromise reached Mr. Byers will be allowed to leave his track across East Court street beside his mill.

However, the track will be brought down to the grade of the street so that no obstruction will be left. Also, the entire street adjoining the mill will be cut so as to bring it down to the grade of the street on each side. By this action the "hill" in front of the mill will be eliminated and the street when macadamized will make a splendid driveway. In order to bring the track down to the grade of the street it will be necessary for Mr. Byers to change the grade of the spur for a portion of its distance along the mill.

BABY SHOW AT FAIR

INTERESTING EVENT PLANNED FOR AGRICULTURAL DAY

Appointment of H. M. Cockburn as a Fair Commissioner Has Been Made by the Governor—Carload of Evergreens Arrives from Meacham and Decoration Is Now in Progress—Band Stand Painted and Palm Garden Is Under Way.

The baby show at the district fair has been set for Wednesday afternoon and it will add much to the interest of Morrow county and agricultural day. Jefferson Myers and A. Bennett, both of whom were judges at the show last year, have been asked to serve again and a characteristic letter of acceptance has been received from Mr. Bennett.

In this he calls attention to the excellent work done by him last year, which he says would have been better had he been properly supported by his two colleagues. His life has been insured for the coming occasion and he announces that the square deal will be extended to all contestants.

Cockburn Is Commissioner. This morning Secretary Fitz Gerald received official notice from Governor Chamberlain of the appointment of H. M. Cockburn to fill the vacancy on the fair board caused by the resignation of Judge G. A. Hartman. His commission as a member of the board has already been forwarded Mr. Cockburn and he will henceforth serve with the board.

Pavilion Decorations. With a small army of men at work building booths, painting and decorating the interior of the pavilion the fair grounds now have an appearance of life. The preparations for the opening are now much further advanced than they were at this time last year and everything promises to be in readiness by Monday. This morning a carload of evergreens arrived from the mountains, having been shipped down by Laatz Bros. from Meacham. The boughs are being used to adorn the supporting posts in the pavilion and add much to the attractiveness of the grounds.

The bandstand has just been painted and the palm garden is now ready for the palms. All of the space around the sides of the pavilion has now been taken by the different towns or by private exhibitors. However, some space is yet available in other portions of the pavilion, especially near the county exhibit.

TROUT FOR MILL CREEK. Walla Walla Sportsmen Place 5000 in Stream.

Five thousand black spotted trout were placed in the clear, running waters of Mill creek this morning, they having been received by Game Warden Whitney early during the day, says the Walla Walla Union.

Ex-Mayor Hunt, J. B. Catron and J. F. McLean accompanied Mr. Whitney up Mill creek about 13 miles, where the little fellows were turned loose.

"With the last batch we have now 100,000 trout in Mill creek," said Mr. Whitney last evening, "and in two years' time the local nimrods will have plenty of game to keep them out of mischief during their summer vacations. The next order will be for rainbow trout, and as soon as they arrive and are placed in the stream, we will have a good variety of game fish, including the black spotted and Lake Chelan trout."

MELROY AND UNIONS CLASH. Musicians of Portland Make Trouble for Bandmaster.

The Salem Statesman says of a slight difficulty experienced with the musicians' union, by Prof. McElroy, who will furnish music for the district fair in this city: Prof. Willis E. McElroy, director of the band which is furnishing the music at the state fair, was in a peck of trouble the past week with the musicians' union of Portland over the employment of several of the local musicians who were not members of the union, and it looked for a time as though he was going to find himself short-handed. He was equal to the occasion, however, and was on hand with a splendid aggregation of "wind-jammers" yesterday afternoon to render the opening day's program at the races.

TO START BRIDGE WORK. Walker and Kimbrell Go to Echo to Survey Repairs.

Commissioner Horace Walker and County Surveyor J. W. Kimbrell left on train No. 1 today for Echo for the purpose of doing some work in connection with the repairs planned for the Echo bridge across the Umatilla. A contract for the placing of an additional steel span 100 feet long, has already been let as has also a contract for a wing dam above the bridge.

The dam will be for the purpose of diverting the main channel of the river back into the river bed so that it will run under the principal span of the bridge. The work upon the dam is to be rushed through as fast as possible this fall.

Forest Reserve Rules Issued. Free copies of the "Use Book of the National Forests," or the book of rules of the forest reserves, for 1907, are now being distributed by the agricultural department. The Oregonian acknowledges receipt of one of the books. The volume is well illustrated with forest scenes and is a valuable volume for any one interested. See Ellers big talking machine and record announcement on page 3.

Just Arrived by Express. PEG TOP CORDUROY TROUSERS \$4 and these are the best in Pendleton. Roosevelt's Boston Store always qualifies as dispensers of the highest qualities at lowest prices. N. B. These are the trousers that the young men have been seeking for past 2 weeks. ROOSEVELT'S BOSTON STORE Where you Trade to Save

BIG WHEAT SALES.

Many in Grande Ronde Valley, Expected to Be Record Breaker.

Already it is estimated by wheat dealers between five and six hundred thousand bushels of wheat have been purchased from Grande Ronde growers, and that amount is being delivered to wheat dealers of the valley for shipment. The exportation is slightly delayed by shortage of sara, says the La Grande Observer.

This is only a start, as harvest is not over and for several weeks yet the dealers will be receiving deliveries for shipment. That it is hard to estimate the grand total is the general opinion of buyers, but it seems that the record will be broken this year. The wheat is of a high grade and wheat growers of Union county will coin money this season. Prices are high and with the thousands of bushels yet to be sold and shipped, the net returns from the local wheat market will be a trim figure.

Wood \$9 Per Cord at Lewiston. J. N. Jolly of the Clearwater Fuel company, departed yesterday morning for a trip to Troy and the Clearwater section to purchase wood for his yard here, says the Lewiston Tribune. Wood is very scarce, he says, and he predicts a shortage in this class of fuel this winter. There appears to have been very little wood cut this year and this together with the difficulty experienced in securing cars for shipment, he thinks will result in a marked shortage of wood. It is now \$9 a cord and there will no doubt be a rise in the price later, but Mr. Jolly does not think it will occur before cold weather. Coal is more plentiful and no shortage in this fuel is anticipated.

Praises Pilot Rock. Mrs. S. S. Shields of Milton, passed through the city this morning on her return from Pilot Rock, where she went on business connected with the Shields fruit house at Milton. She says that things look very prosperous in the Pilot Rock country, and the crops were fine this season. When the railroad is completed in to that town it will be one of the liveliest little places in the county.

Land Contest Settled. A Umatilla reservation land contest which has been before the La Grande land office and the general land office for a number of years has just been settled. By the outcome of the contest Charles H. Carter was given title to a quarter section of reservation land, after it had been filed upon by Peter West and F. G. Brummett, both of whom were contestants. Mr. Carter has just sold the tract to George McGee.

Harvesting 1900 Acres. J. W. Tullock and sons are now finishing the harvesting of 1900 acres of grain in the Juniper country, having been delayed in the work several days on account of the late rains. With a few more days of good weather in that country the harvest will be practically completed.

Marriage Licenses Issued. Marriage licenses were today issued to the following couples: Frank Hyde and Mina Smith; and to Le Roy Warburton and Myrtle Thorne.

New Stone Wall. A new stone wall is being placed along the front of Mrs. J. Tryon's residence property on South Thompson street.

See Ellers big talking machine and record announcement on page 3.

Full-Blooded White Leghorn Roosters FOR SALE From the famous PITALUMA, CALIF., STOCK. Prices very reasonable. ANTON NOLTE PENDLETON, OREGON.

Now is the time to SELECT YOUR SEWING MACHINE for the fall sewing. Don't buy these cheap machines from the department stores. It is not strange that while they advertise to sell first class machines for \$20, \$25 and use hundreds of machines in their own stores, you will never find them using these cheap machines! It is either a White, Singer, Standard or Wheeler & Wilson. But if you must have a cheap machine, we have them for \$18, \$20, 25.

JESSE FAILING Main street, near the bridge.

Distinguished Arrivals

The arrival of our Fall and winter line of L. Adler Bros. Clothes are indeed distinguished arrivals. Here the young man will find clothes that are different from the ordinary clothes shown by other stores. If the best clothes in America appeals to you, inspect our line of Adler productions.
