THE NEWS IN BRIEF.

General.

More than 20 persons were injured in a street car collision at Chicago Wednesday night. The clash was due to wet rails.

Two mixing mills of the Atlantic Dynamite company's factory at Ashland, Wis., blew up yesterday. Two hundred pounds of nitroglycerine exploded. Three persons were killed.

Earthquake shocks destroyed two villages in Calabria, near Rome. Ten lives were lost. The cathedral at Torre Del Greco, which has withstood all earthquakes for centuries, is among the fallen buildings.

Nevada has been without a state bank examiner for several days. Jack Marshall, who was examiner, tendered his resignation several days ago. Governor Sparkes named Major Miller to succeed Marshall and Miller has not yet qualified.

A petition of involuntary bankruptcy has been filed against the Southern Steel company at Birmingham, Ala. The company is capitalized at \$25,000,000 and owns steel plants, rod and wire mills, coal mines and ore mines throughout Alabama.

Northwest.

S. J. Flint, prominent and well known citizen of Roseburg, is dead after several weeks' illness. He was county surveyor and banker.

Lakeview, Ore., is lighting her streets with kerosene lamps until the new Pine creek power plant is rebuilt. Kerosene retails at Lakeview at 50 cents per gallon.

St. Alphonsus academy at Tillamook has been closed on account of diphtheria, which developed in the family of Roger Mahoney, Sunday and has already caused one death.

Arthur Hamilton and Harry Morris, young men serving sentences for horse stealing in the county jail at Colfax, Wash., escaped from jail yesterday, but were captured after a five mile chase.

James D. Frainey, an Oregon pioneer, 69 years of age, was struck and instantly killed by Car No. 1 on the Jefferson street line at Portland last night. Mr. Frainey was a prominent and highly respected citizen.

Edward Warfield, a young man, was found dead near Ione, Ore., yesterday. He had committed suicide on account of the refusal of Grace Wattenburger, a farmer's daughter, to hear his suit for her hand.

Attorney-General Boneparte has announced the appointment of Elvin E. Cobb to be United States attorney for the western district of the state of Washington. Mr. Cobb succeeds Potter C. Sullivan, resigned.

HIGH COAL DOCK FOR DULUTH.

Mammoth Dock to Cost \$1,000,000—Will Give Northwest Supply of Coal Year Round.

Duluth, Minn., Oct. 25.—On account of the increased demand for coal in the northwest the Pittsburg coal company has decided to build here at once the largest coal dock in the world. The construction of the dock is of greatest importance to the development of the northwest as it will give that territory coal all the year around. The dock will cost \$1,000,000.

At present the coal for the northwest is unloaded at West Superior, several miles from this city. The new dock will be located next to the dock of the United States Steel corporation, the latter dock being the largest of any kind in the world. The steel for the new dock will be brought from Pittsburg. The plans have already been drawn and the dock will be hurried to completion without any unnecessary delay.

NEW WATERWAY IS OPENED

IMPORTANT CANAL COMPLETED AFTER 30 YEARS.

Distinct Step in Movement to Secure Deep Waterway From Lake Michigan to Gulf of Mexico—Thirty Years of Work on Canal—Is 75 Miles Long, 52 Feet Wide—Thirty-two Locks on Main Line—Water Forced Down Canal by Mammoth Dam.

Sterling, Ill., Oct. 24.—A distinct and important step in the movement to secure a deep waterway from Lake Michigan to the Gulf of Mexico was taken today with the opening to navigation of the Illinois and Mississippi canal, which has been completed after 30 years of work.

The importance of the event was evidenced by the attendance of Governor Deneen and many other notables at the opening ceremonies.

The work of constructing the canal, which was formerly known as the Hennepin canal, was commenced many years ago. In 1890 congress appropriated money to carry on the work and altogether the appropriations have amounted to about \$8,000,000.

The main line of the canal, 75 miles long, extends from the Illinois river, near Hennepin, to the Mississippi river three miles below Rock Island. The navigable feeder, about 30 miles long, extends from Rock river at this point to the main line near Sheffield and is of the same general dimensions as the main line.

The canal is 52 feet wide at the bottom, 80 feet at the water line, and has a minimum of 7 feet. There are 22 locks on the main line and one on the feeder. Water is to be forced down the canal by a great dam, one-fourth of a mile long and located at this point. At one end of the dam are 21 sluiceways which will be used for electrical power development.

SHORTAGE IN TALC POWDER.

Will Effect Output of Rice Mills—Supply Comes from Austria.

Austin, Texas, Oct. 25.—The rice mill men of Texas have discovered that there is a talc powder famine in the United States. The fact is not generally known that enormous quantities of talc powder are used in rice milling. The material is used for cleaning and polishing rice, and without it the mills will be compelled to shut down.

Practically all of the talc powder used in this country comes from Austria. It is claimed by Texas rice mill men, who have been endeavoring to secure a supply of the powder, that none is to be found in the United States at this time. It is reported that a cargo of the material is now on its way from Europe to New Orleans. This supply is expected to relieve the situation, at least temporarily.

Rushing Track Work on North Bank. The Dalles, Oct. 25.—Three distinct and separate crews are at work on the north bank opposite the city laying the steel for the new road. The steel crew lays the steel and another

ALASKA BASEBALL TEAM.

Will Tour United States in Interest of Home Territory—Long Trip Is Planned.

Seattle, Wash., Oct. 25.—According to the latest mails from Alaska a basketball team will leave Nome today for a tour of the United States. The chief purpose of the trip, which will extend over 15,000 miles, will be to advertise Alaska.

The team will arrive here about the middle of next month. They will remain here in training several weeks and will then begin their tour of the country in a private car. The first stop will be made at Portland. The principal cities that they will make next are San Francisco, Salt Lake City, Denver and Kansas City. From Kansas City the team will proceed to Omaha, St. Paul, Fon du Lac and Madison. The next important stop will be Chicago, here a series of games will be played with the Y. M. C. A. teams of that city.

From Chicago the team will proceed to New York by way of Cincinnati, Detroit, Buffalo, Philadelphia and Washington, D. C. From New York the itinerary has not been fully arranged, but the players expect to return by way of the southern states, going as far south as New Orleans. The return to Alaska will not be made until early in the coming summer. A fund sufficient to defray the expenses of the long trip has been subscribed by the citizens of Nome.

New Jersey Y. M. C. A. Ridgewood, N. J., Oct. 25.—The annual boys' conference of the New

Jersey Young Men's Christian association opened here today and will continue until Monday. Among those who will address the conference are W. T. Smith, chief clerk of the bureau of steam engineers of the navy; H. W. Gibson, state secretary of boys' work of Massachusetts and Rhode Island; W. H. Burger, secretary of boys' work of New York state, and E. H. Robinson, international secretary.

If your dealer hasn't it, W. J. Clark & Co. have.
