

BOY AND GIRL CURED OF SORES

Which Broke out on Face and Body—Medical Treatment Did Them No Good—Mother Cured Both Her Little Ones and Now The

WHOLE FAMILY JOINS IN PRAISE OF CUTICURA

"My son's trouble was running sores which first appeared on his face and then broke out all over his body. I had tried doctor after doctor for three months but none helped him. Then I was advised to try Cuticura. My druggist said that he could give me a salve that would help him, but I demanded Cuticura Ointment and after using it for a while I was surprised to see an improvement. I treated the sores with Cuticura Ointment on soft bandages after washing with warm water and Cuticura Soap, and gave him the Cuticura Pills. In two weeks he was almost cured, and after the steady use of Cuticura Remedies for two or three months I can now say that I have one of the finest boys in town, and I tell all my neighbors that he owes his health to Cuticura. Later my little daughter was all covered with sores on her face and body. I didn't waste much time or money with doctors, as I had done when my boy was sick, but used the Cuticura Remedies on her, and now my little girl is entirely cured. I send you her photograph to show how she looks after we used Cuticura. I know of several other cures which Cuticura Remedies have effected, including that of our domestic, Miss S., whose face was covered with mosquito bites which she scratched until they became a mass of sores and which she cured in no time with Cuticura Ointment. Our whole family joins in sending their thanks and praise for all that Cuticura Remedies have done for us. Mrs. Rose Flores, 1206 W. Madison St., Chicago, Ill., Nov. 3 and Dec. 3, 1906, and Jan. 24, 1907."

Where the Indian Got His Horse.

A. J. Splawn of North Yakima, who is here visiting, is gathering very valuable data regarding the early history of the northwest, which will be given to the world in book form in a short time, says The Dalles Chronicle.

Mr. Splawn has traced and found out where the "Indian got his horse," or in other words, has worked for three years and discovered the time and where the Indians of early times got their first horses ever owned by the Aborigines.

Mr. Splawn has been studying the Indians' side of the Yakima war of '85-6, and says it has taken him several years to gather all the information he has gained, for the Indian is very reticent and does not like to talk, especially if he thinks the "wawa" he gives it going to be used commercially. When the history is placed in the library sea for the world to read, it will be invaluable to history students, especially to future generations as a history of the earliest years of the northwest.

POLITICS AND THE POLITICIANS

Two new governors, E. F. Noel of Mississippi, and J. Franklin Fort of New Jersey, will take office next week.

A movement has been started in Massachusetts to make former Governor William L. Douglas the nominee of the democratic party for the vice president.

The democratic state central committee of Oregon meets this week to make the necessary arrangements for the selection of delegates to the Denver convention.

Governor Haskell of Oklahoma, is a strong supporter of the movement for the election of United States senators by direct vote of the people.

The republican national convention which is to meet in Chicago next June, will consist of 950 delegates, 491 votes being necessary to nominate.

Governor Haskell of Oklahoma, is said to have been promised the place of United States treasurer in case William J. Bryan is elected president.

James K. Vardaman, the retiring governor of Mississippi, is expected soon to make formal announcement of his candidacy to succeed A. J. McLaurin in the United States senate.

Harry S. George Tucker will have plenty of opposition in his contest for the gubernatorial nomination in Virginia. Henry C. Stuart and Judge William H. Mann are already in the race and Congressman Carter Glass and Judge B. T. Duke also are expected to become candidates.

Frank S. Streeter, a prominent lawyer of Concord, is an aspirant for the seat of United States Senator Jacob H. Gallinger of New Hampshire, whose term will expire in March, 1909.

William J. Bryan will make another short trip to the south the latter part of this month. He has already accepted an invitation to speak in Nashville and it is expected that he will also be heard in Chattanooga and one or two other places.

Senator Chester I. Long of Kansas, whose term will expire next year, will probably have trouble about his succession. He will have several able opponents, among them Joseph I. Bristow, former fourth assistant postmaster general.

The case of Edward Thayer of Texas, a member of the republican state central committee of Texas, is to come up for hearing in the United States supreme court the latter part of this month. Thayer was charged with a violation of the civil service law in writing letters to federal officials urging contributions to the campaign fund of 1906.

Senator Wetmore will be re-elected by the Rhode Island legislature next week. At the last session of the legislature there were three senatorial candidates, Senator Wetmore and Samuel P. Colt, republicans, and Colonel Robert H. Goddard, democrat. The late legislature, and also the present one, had a republican

majority of two to one, but the republican vote was almost equally divided, and the necessary two-thirds vote could not be obtained by either of the three candidates. Colonel Colt withdrew from the race some time ago, leaving Senator Wetmore unopposed in his own party.

Portland, Ore., Jan. 21.—Following the meeting of the Oregon hardware dealers, which began today and will continue through tomorrow, the Pacific Federation of Retail Hardware and Implement associations will assemble here Thursday for its first convention.
