FORESTRY OFFICIALS
ESTABLISH HEADQUARTERS

Rangers Are Now Busy Blazing the Boundary Lines of the New Addition to the Blue Mountain Forest Reserve—Telephone Lines to be Extended All Over Blue Mountain Reserve—Butter Wagon to be Run Into Pendleton from Ukiah District.

Alba, April 7.—Weather continues somewhat squally, making plowing and spring backward. Stock of all kinds has come through the winter in good condition and without any loss and are now mostly in pastures and range stock will be turned on the Hildway division of the Blue mountain reserve from April 15 to October 21.

Messrs. Sullen and Wright, forest rangers, are busy running and blazing the lines of the new addition to the Blue mountain reserve, also the dividing line between the cattle and sheep ranges.

A force of men will commence on the trail as soon as weather will permit, where they left off last fall, running from the head of Hildway creek south into the John Day country.

The forest officials have bought Tom Willaby's place between Hildway and Lehman springs and will build quarters for their employees there this summer and telephone connections will be made all over the reserve.

The Alba sawmill with a full crew has commenced operations and is making about 15,000 feet per day of lumber needed in the market. They will have teams hauling to Pilot Rock as soon as the lumber is dry.

Arbogast brothers of Ritter, fed 54 head of beef steers at H. T. Connell's last night. They are on their way to Pendleton. The cattle are a fine lot and are consigned to the Seattle market.

William Futter has purchased a fine band of horses in the North Powder country and will go into horse raising extensively.

Sam Clark of Weston is visiting with friends here.

Owing to inconvenience and cost of changing butter boxes from the stage office at the Rock to the train, Ike Reeves will run a butter wagon from here to Pendleton during the summer in order to accommodate the dairymen in getting their butter to the market as speedily as possible without changing during the hot weather.

Rev. Levi Johnson of Pendleton, preached here and organized a Sunday school last Sunday.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have offered One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O.

Sold by all Druggists, 75c.

MILTON WINS GAME.

Young Hoy Narrowly Escapes Being Seriously Injured.

Milton, April 7.—In a game of base ball played Saturday afternoon between the Milton club and the team of the La Salle institute of Walla Walla, Milton won by a score of 8 to 6. The game was hotly contested.

Painful Accident.
Amos Demaris, a young lad, narrowly escaped what might have been a serious accident Sunday while squirrel hunting. A young boy who was with him, while reloading his 22 rifle, let the hammer slip from under his thumb, discharging the gun, which was pointed toward the left leg of his companion. The bullet passed through the limb without lodging. He is getting along nicely and there will be no serious results.

The town is quite lively during the trial of the big water suit. There are over a hundred people from the surrounding country brought in to give testimony in the case each day.

The fruitgrowers have been very busy of late spraying their fruit trees. Fishing is first class in the river at this time. Several fishermen report big catches of trout in this vicinity.

Freewater News.

Freewater, April 7.—The Hudson Bay Percheron Horse company has just purchased a fine imported Percheron stallion, Grison, from S. Metz & Sons of Pendleton.

In a game of baseball played on the local diamond Saturday afternoon between the Freewater nine and the Green Park baseball nine of Walla Walla, the latter team won by a score of 11 to 3. This was the first game of the season. The Freewater team expects to do some good playing this season and they are doing some practicing.

CROWD OUT TO HEAR
CAKE THIS AFTERNOON

People of This Vicinity Are Enthusiastic Over Extension of the Electric Line—Farmers Would Like Rain and Warmer Weather—Elaborate Preparations for Caledonian Picnic.

Athena, April 7.—Hon. H. M. Cake is speaking at the Athena opera house this afternoon to a large number of people from the surrounding country, many being here from Weston. Politics is the main topic of conversation these days, and it promises to be thus until after election.

Wax the Line.
The people of this place are much interested in the matter of the extension of the Walla Walla Traction company's electric line from Milton to this place, and on to Pendleton, the county seat. It is understood that the company is figuring on asking for a franchise through this place before long, and as they have already made application to appear before the council at Weston at an early date, it is more than probable that they will be surveying on this way soon.

R. J. Boddy has returned from Walla Walla, where he had been in the hospital for some days for medical treatment.

The farmers of this section would like some warmer weather for the growing wheat crop. The nights are a little too cool. The wheat looks fine thus far, however, and it is thought that there will be a bumper crop unless something unforeseen happens.

The Caledonian picnic which will be held in Athena the latter part of May this year promises to be the event of the kind ever given here. The committees now have the arrangements well under way.

Theodore Danner the photographer at this place, has purchased a five acre tract of land near Baker City. It is irrigated land.

Rev. Ellis has gone to Baker city to remain a short time.

A number of our people have been county seat visitors in the last week.

TO VOTE ON LOCAL OPTION.

Lane County Thirsties Want "Dry" County Made Wet Again.

Today the petition for the local option election was filed and the question of whether or not the sale of liquor shall be prohibited in Lane county will be placed on the ballots at the coming June election. The petition contains the names of 591 legal voters of the county, the clerk having gone over the list and struck out all of the names which do not appear on the registration books, says the Eugene guard.

There were not many of them. The law requires 10 per cent of the voters of the county to sign the petition, and many more than the required number were on. The petition was circulated during the past two months by those opposed to the present "dry" condition of the county, and many have hopes that they will win out at the polls.

PLANTING TOKAY GRAPES.

Huge Shipment of 100,000 Grape Roots to Plant 180 Acres of Vineyards.

W. R. Sherman, who has been the chief mover in the establishment of the "Tokay habit" in this section, has demonstrated his faith in the grape industry by ordering a huge shipment of 100,000 grape roots—enough to plant 180 acres of vineyards says the Pacific Outlook. This shipment arrived last week and this week a squad of 30 or 40 men, and a dozen teams are at work planting them on the Sherman tract east of town.

There is about 300 acres in the tract, which lies upon the southwestern slope of the red granite hills, adjoining the townsite, and a section of 120 acres of this will be put out to grapes this spring. Of this area, Mr. Sherman expects to reserve about 20 acres for his own use, while the balance will be cut up into 10 or 20-acre tracts and sold to people who want to start into grape culture on a moderate scale. This entire tract of land is not only ideal grape land, but is ideally located for a vineyard.

Quail Increasing in Grant.

The past few summers a flock of California quail have been seen at various times in the hills of Granite creek, says the Granite Gem. They were seen sometime after snow fell in the early winter, then disappeared until a few days ago, when they first put in an appearance. The question is, where they spent the winter, or, for that matter, where they came from in the first place, as they are not natives of these mountains. It is hoped they will increase till they become numerous enough to be one of our game birds. As there seems to be no disposition to hunt them, it is thought the only difficulty will be the hard winters. Now that it is proved that they can get through the winters in some way, he call of the Bob White may sometime become one of the common noises of our woods.—Granite Gem.

Kennedy's Laxative Cough Syrup acts promptly yet gently on the bowels, through which the cold is forced out of the system and at the same time it allays inflammation. Sold by Tallman & Co.

Will Keep Club Open.

Mr. Ormond, who is in charge of the club rooms, states today that the Commercial club will be open to members for at least 60 days longer, says the La Grande Observer. It will be at least that long before the Elks

take over the building. On account of the illness of Mr. Ormond, the March collections were not made, but club members may expect to see him bright and early Monday morning, when he hopes that all members will be ready with the required amounts. Remember the club will not be closed for at least 60 days.

Hot Stove—Cool Kitchen

How do you expect to endure the broiling days of summer if you prepare all the food over a glowing coal fire?

You need a "New Perfection" Oil Stove that will do the cooking without cooking the cook. It concentrates plenty of heat under the pot and diffuses little or none through the room. Therefore, when working with the

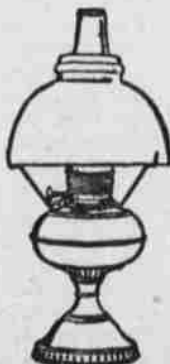

NEW PERFECTION
Wick Blue Flame Oil Cook-Stove

the kitchen actually seems as comfortable as you could wish it to be.

This, in itself, is wonderful, but, more than that, the "New Perfection" Oil Stove does perfectly everything that any stove can do. It is an ideal all-round cook-stove. Made in three sizes, and fully warranted. If not with your dealer, write our nearest agency.

The Rayo Lamp

a substantial, strongly made and hand-some lamp. Burns for hours with a strong, mellow light. Just what you need for evening reading or to light the dining-room. If not with your dealer, write our nearest agency.
