The Idaho Paper company, Ltd., of Boise, Idaho, a branch concern of the Pacific Paper company of Portland, has been organized with a capital stock of \$40,000, and will at once open a wholesale paper house in this city, says the Boise Capital News.

President Hugh McGuire of the home company at Portland, has been in the city for two or three days closing final arrangements which were perfected today. He announces that the new company will carry a complete stock of wrapping paper, paper bags, print paper and other such material usually carried by a modern paper house.

The officers of the company are Hugh McGuire, president; T. N. Stoppenbach, vice president; F. S. Harding, treasurer, and W. E. Stoppenbach, secretary.

F. S. Harding, who has been connected with the Weiser Signal for some time, and W. E. Stoppenbach, the secretary, will remain in Boise and will have charge of the local business. Their territory will extend from Huntington to Twin Falls and all inland points.

At a late hour this afternoon a place of business had not been decided upon, but several places were under consideration and some convenient

building will be leased. A part of the stock will arrive in a very few days and the full stock will be on hand within 60 days.

The Pacific Paper company, of which the local company is a branch, is one of the largest paper houses in the country, and the largest exclusive paper house on the Pacific coast, and its coming to Boise is a recognition of the central location of this city as a wholesale point and a guarantee that a large business will be built up.
