

CUTICURA CURED MOTHER AND BABY

Southern Woman Suffered With Itching, Burning Rash—Drove Her Nearly Crazy—Her Baby Had Sore on Neck, and Two Other Babies Had Skin Troubles—Calls

CUTICURA A STAND-BY THAT NEVER FAILS HER

"I just can't say enough for the Cuticura Remedies. I can't find words high enough to express my thanks to God for hearing of the wonderful remedies. My baby had a running sore on his neck and nothing that I did for it took effect until I used Cuticura. My face was nearly full of better or some similar skin disease. It would itch and, after scratching, it burned so that I could hardly stand it. Two cakes of Cuticura Soap and a box of Cuticura Ointment cured me. Two years after it broke out on my hands and wrist. I cured it for a while, but it came again in the summer. Sometimes I would go nearly crazy for it itched so badly. I used ten dollars' worth of so-called blood medicines which did no good at all, then I went back to my old stand-by, that had never failed me. One set of Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent did the work. One set also cured my uncle's baby whose head was a cake of sores, and I know of another woman's baby who was in the same fix and nothing else did any good. I speak a word of praise for Cuticura whenever I see a case that needs it. Mrs. Lillie Wilcher, 770 Eleventh St., Chattanooga, Tenn., Feb. 16, 1907."

CUTICURA OINTMENT

The World's Greatest Skin Cure and Purest and Sweetest of Emollients.

Cuticura Ointment is one of the most successful curatives for torturing, disfiguring humors of the skin and scalp, including loss of hair, ever compounded, in proof of which a single anointing with it, preceded by a hot bath with Cuticura Soap, and followed by mild doses of Cuticura Pills, is often sufficient to afford immediate relief in the most distressing forms of itching, burning, and scaly humors, eczema, irritations, and inflammations, permit rest and sleep, and point to a speedy cure when all else fails.

Sold throughout the world. Potter Drug and Chem. Corp., Sole Traders, Boston, Mass. Cuticura Free, How to Cure Skin Humors.

CONVENTIONS TO BE AT PORTLAND

REPUBLICAN DELEGATES TO ASSEMBLY MAY 14.

First and Second Congressional Districts and State Conventions to Meet—List of Delegates From the State Will Be 239—Method of Selecting Delegates Will Be Left to County Central Committee.

Portland is the place and May 14 the date selected for holding the republican state convention, the convention of the first congressional district, says the Portland Telegram. This was decided by the republican state central committee yesterday afternoon. Aside from selecting the place and time for the convention, the committee took little action, although an effort, as predicted, was made to spring Taft resolutions, but these were sidetracked.

Salem made a bid for the state convention, speaking through State Senator J. N. Smith, who held a proxy form P. P. Light. Portland was considered the best place for the meeting, however, and even the convention for the first district was brought here on motion of ex-Senator A. C. Marsters, of Roseburg, although Portland is not in that district.

When the state convention meets it will select four presidential electors and four delegates to the national convention. The two congressional conventions will each select two delegates to the national convention, giving Oregon eight delegates. The committee based the representation on one delegate-at-large for each county and one delegate for every 250 votes, or major fraction thereof, cast for Supreme Judge in June, 1906.

The method of selecting the delegates is left to the county central committee. There were several methods suggested, but it finally resolved itself into leaving the matter to the respective county committees.

As there are counties in which there are few candidates for precinct men, the county committees will not be representative of the party. This point was raised and the central committee concluded that under the circumstances republicans should write in the name of some candidate in precincts where no one has filed. By this system the county committees will be representative.

W. W. Banks, of Multnomah, had a resolution indorsing Taft, but this was not met with favor and a substitute, indorsing the Roosevelt policies was tabled. While many of the committeemen are in favor of Taft, they were opposed to the committee doing anything which might be construed as an attempt to influence the convention.

Apportionment of Delegates. The apportionment of delegates to the state convention will be made on the following basis:

	No. Vote, delegates.
Baker	2,065 7
Benton	1,121 5
Blackamas	2,569 11
Clatsop	1,464 7
Columbia	996 5
Coos	1,272 6
Crook	828 4
Curry	268 1
Douglas	2,031 9
Gilliam	520 2
Grant	857 4
Harney	396 2
Jackson	1,849 8
Josephine	941 5
Klamath	632 3
Lake	396 2
Lane	2,710 12
Lincoln	611 3
Linn	2,050 9
Malheur	736 4
Marion	3,055 15
Morrow	611 3
Multnomah	11,488 47
Polk	1,325 6
Sherman	469 2
Tillamook	596 3
Umatilla	1,731 8
Union	1,783 8
Wallowa	835 4
Wasco	1,743 8
Washington	1,741 8
Wheeler	403 2
Yamhill	1,663 8
Totals	51,576 239

The apportionment for the district conventions will be the same as that for the state convention.

TOUR OF THE FARMERS' TRAIN Schedule Is Arranged for Eastern Washington.

The schedule for the demonstration train over the O. R. & N. lines in southeastern Washington is completed, and Professor Elliott of the State college, who with R. B. Miller, general freight agent of the road, has the matter in charge and is completing arrangements as to equipment and lecture corps, says a Pullman item. The train will be equipped to demonstrate the folly of summer fallowing and the advantages of raising a crop on the lands which would otherwise be summer fallowed. Professor Thatcher, the station chemist, will give instructions as to varieties of wheat to raise in various soils. Prof. C. W. Lawrence, cerealist, will give talks on the various grains and what varieties are best for certain sections.

The train probably will be equipped in a general way, as was the "wheat demonstration train" in March, but there will be a number of additions and the work will be along broader lines.

The train will leave Pullman Monday morning, May 5, on the passenger train, which takes it to Colfax, where it will be attached to the Pendleton train and taken to Starbuck, the first stop. Here it will be picked

Pierce Winds Worry Farmers.

At an early hour last Friday a strong southwest wind began to blow and from that hour all day there was a severe dust storm, being at times so fierce that the distance across the street could not be seen, says a Riverview correspondent.

Aside from the disagreeable features there is some anxiety as to the damage done wheat that had been recently sown on loose, dry land, as much of it may be out of the ground entirely when the storm is over, and much moisture is taken out of the soil by the high wind.

Another man from Pullman says Last Friday was one of the most disagreeable days the Palouse country has known in a long time and Saturday was but little better. A dust storm raged all the first day and it was difficult to see when out in the wind. Toward evening it turned colder and Saturday night was quite cold.

Geographers to Meet.

Berlin, April 14.—Official announcement was made today that the ninth International Geographical Congress, which includes in its membership all the leading geographers of the world, will be held in Geneva, Switzerland, from July 27 to August 6 next. The last convention was held in the United States and this will be the first session in Europe since that in Berlin in 1899. The Duke of the Abruzzi, who is reported to be engaged to wed Miss Elkins, is a member of the congress and has been invited to deliver an address.

Fight Against Taft.

Worcester, Mass., April 14.—A fight between the Taft adherents and those who favor an unpledged delegation developed today in the third district republican convention. The Taft men favor the election of Harry W. Goddard of this city, and Frank Hartley of Webster, as national delegates, while the anti-Taft forces are led by Colonel Samuel E. Winslow of Worcester, and Harry H. Whiting, of Whitingsville.

WATER ALL OUT OF RED BOY.

Diamond Drills Will Now Be Started on Ledges.

This week bottom was reached with the water in Red Boy shaft, says the Granite Gem. It is understood the mine workings in which the water has been standing for the past three years were found in very good condition, and there will be but little delay in starting the diamond drill. This will be employed in sinking a number of holes on Red Boy vein before determining about sinking the shaft to greater depth.

Today it is understood that Mr. John Thomsen, who has been general manager of Red Boy Mines company since the re-organization three years ago, has tendered his resignation to the company, and his position will be taken by Mr. Chattman, late of Black Hills, S. D. Mr. Chattman is now at the mine making himself familiar with the property.

Trees for Pasco Sand.

J. C. Helm and L. W. Webber received a consignment of fruit trees, grape vines, etc., this week from the Stark nursery, says the Pasco Express. Mr. Helm received 600 trees and Mr. Webber 100, while the remainder of the orders were of vines and small fruits. These gentlemen calculate to have their orchards, berry patches and vineyards well under way by the time irrigation arrives. Until that time they will work their private irrigating pumps.
