Mrs. Patrick Campbell April 20.
 Manager John B. Catron of the Key-lor Grand theater of Walla Walla, takes pleasure in announcing to the theater-goers of Pendleton that he has secured Mrs. Patrick Campbell for one performance on Monday evening, April 20.

Owing to the excellent train service between Walla Walla and Pendleton it is believed that many Pendleton people will take this opportunity to see Mrs. Campbell's performance at the Garden City.

Mrs. Patrick Campbell's present tour of America is one of the most remarkable ever planned by the enterprising management of Liebler & Co. It is to cover a wide extent of territory, with extremely limited stops, even in the great cities where Mrs. Campbell's previous visits have been the sensations of the season.

After a brilliant opening week in New York, on November 11, Mrs. Campbell and her complete company from London in a train of specially fitted private cars, began a journey which is to carry them across the continent, north and south, into Canada, and as far south as the borders of Mexico.

In Boston, for instance, where the English actress is relatively as great a favorite as she is in London, Mrs. Campbell was booked for three performances only. These were given in Symphony hall and took the character of a dramatic festival dedicated to Ibsen, Sudermann and the incomparable woman who has made these authors' realties upon the English stage.

The opening of Symphony hall in Boston to dramatic art, was in itself an event of great local interest. The new hall was dedicated to the higher forms of music, and it was especially agreed that nothing but the highest examples of the art should be allowed within its gates. No other stage performance was ever given in the hall.

It was therefore with considerable surprise to local theater-goers that Mrs. Campbell was to give a performance in Walla Walla.

Mrs. Campbell is devoting herself exclusively to the four latest successes of her stage career, "The Second Mrs. Tanqueray," "The Notorious Mrs. Ebbsmith," "Magda," "Hedda Gabler." Of these Ibsen's plays "Hedda Gabler" is the only one which Mrs. Campbell has not been seen in this country.

Her success in the role in London has been of the very highest kind and there is great interest in this country to see her characterization of the most complex and perverse of Ibsen's heroines.

It will be remembered that although Mrs. Campbell has only been identified with the Pinero plays in America during the last few years, she is the

 And, as she leaves the count and prince,
 She waves a fond skidoo.
 Our American heiresses can blame themselves for their martial woes, for fortune-hunters seldom "make good." Not so with our clothing. It pleases so thoroughly that bidding it "23" is far from your mind. We are worthy of a trial and are confident that we'll come out a winner.

creator of both of these masterpieces. It may fairly be said that as the writer of serious modern drama, Pinero became famous chiefly through the aid of Mrs. Campbell's genius.

Mrs. Campbell is generally considered the greatest of English-speaking Magdas. It is a role that is peculiarly fitted to her personality.

The coming of the great English actress should be a memorable one. It will be attended by people from many neighboring cities.

MANY CONVICTS PARDONED.

Forty-seven Prisoners Recommended for Leniency at Walla Walla.

Forty-seven inmates of the state penitentiary here have been recommended for leniency by the board of pardons, which completed its session here this morning, says the Walla Walla Bulletin.

The board has been in session since Saturday morning, and at that time has acted on over 100 petitions for leniency.

Of the 47 prisoners who are recommended to Governor Mead for leniency, 17 are for final release, three for conditional release, four for final discharge from parole and 23 for parole.

Among those recommended for final release is Lewis Eddy of Asotin county, who was convicted of horse-stealing and sentenced to serve two years in the penitentiary. Eddy, it will be remembered, is the man who came to Walla Walla of his own accord to enter the penitentiary, but who was not admitted immediately on account of the remittitur being lost in the mails.

Eddy was compelled to wait about two weeks before he was admitted, and during that time he lived at a hotel in Walla Walla at his own expense. When the remittitur was received Eddy was notified and went to the penitentiary and commenced to serve out his sentence. His case is one of the strangest that has been brought up here for a number of years. Eddy is claimed to be a wealthy stockman living in Asotin county.

UMATILLA CONVICTS ESCAPE.

Four Men Make Their Getaway from State Building Near Salem.

Four convicts escaped last night from the gang employed on the feeble minded institute near this city, says the Salem Journal. They were Bozo Dojovich, Philip Lamont, Ed Body and Casper Clinton, all one year men for larceny from Union and Umatilla counties. They are all young men and when notified of their departure Warden Curtis of the penitentiary trailed them with blood hounds to the Southern Pacific railroad, where they probably boarded a train and left for the south. Fifty dollars reward is offered for the arrest of each one of them.

No Night Guard. Investigation shows that no night guard has been employed to watch the band of 20 convicts working on the new state institution just south of the city. The men have been sleeping in the old Coleman house unattended at night, but with two guards in the daytime.

Provision for the employment of these convicts was made by the last legislature in clearing the grounds and helping put in the foundations of the new state buildings under the direction of Supt. H. E. Bickers.

RUN SPECIAL FRUIT TRAIN.

Northern Pacific Preparing an Itinerary for Inland Empire.

The Northern Pacific company will operate a special fruit train over its entire system in the inland empire, which will be stopped at all stations, where lectures on the scientific cultivation of fruit will be delivered by instructors of the horticultural department of the Washington State college of Pullman, says the Lewiston Teller.

The train will come to Lewiston and will make trips from here over the Clearwater and Volmer branches. The dates have not yet been determined, but it is expected definite announcements will be made within a few days.

The operation of the special fruit trains has been found to be very beneficial to the horticultural interests and brings many inquiries to the state college that result in scattering valuable information in all sections of the fruit belt.

During the past month the Washington State college at Pullman has provided instructors for a fruit train and a farmers' lecture train which toured all of the branches of the Harriman system. The trains were met by large numbers of interested farmers wherever stops were scheduled, and the correspondence received at the college as a result of the trips has demonstrated the benefits to be derived from this manner of instructing the growers.

General Agent H. N. Kennedy of the Northern Pacific, who accompanied Superintendent Beamer on his trip of inspection over the Volmer line, stated the company had been working on this plan for some time, and it is probable the running schedule of the train will be announced within a few days.

NEW RACE CIRCUIT

BOISE HORSEMEN WOULD FORM ASSOCIATION.

Inter-Mountain Circuit Including All the Northwest States to be Promoted—Interest of Horsemen in Speed Association Is Increasing—Home Circuit Would Keep Northwest Horse in Home Territory.

After next fall's fair, under the auspices of the Inter-Mountain Fair association, it is very probable that steps will be taken by prominent horsemen of this state to promote the organization of an inter-mountain race association, thus making a division in the Pacific coast circuit, which controls all of the northwestern states, says the Boise Capital News.

The reason for forming a separate circuit is to enable the cities holding fairs in the inter-mountain country, including eastern Oregon, eastern Washington, Idaho and Utah to secure better races and on the dates which best suit them.

As it is now, under the coast circuit the various fair associations find that they have to set their fair dates to accommodate the horsemen on the coast circuit, which makes it very inconvenient for them, as many of the fairs have to be postponed until late in the season.

With an inter-mountain circuit formed the horsemen will have more time to transfer their horses from one city to the other, where the fairs are held and as a result the animals will be in far better condition for racing, thus making it possible to establish higher records than heretofore.

There are a large number of fast horses in the northwestern states which are entered in the coast circuit and race from California to the Puget sound country and then are taken into eastern Washington and Oregon, Idaho and Utah.

By the time they are ready for the races in this state the season is well advanced and a little late. The new circuit will make it possible for horsemen to keep their animals more in their own territory and prevent so much travel, which is found to be very hard on them.

NO LEAGUE FOR LA FOLLETTE.

Effort of Independence League Workers to Capture Wisconsin Senator, Fail.

"Two political parties in the state of Idaho at one time are sufficient and it does not seem to me that there is hardly any room here for an independence league," said S. E. Annas, assistant secretary of the La Follette club, when asked by a representative of the Boise Capital News if the movement towards an organization of an independent league in Boise and Idaho which is now in progress, would complicate the situation.

"While I know that Hearst representatives are in Boise for that purpose," continued Mr. Annas, "I do not think that they will meet with encouragement, as there is little sentiment here favoring a league of this kind."

The executive committee of the La Follette club will meet next Wednesday evening for the purpose of selecting working delegates for the 16 voting precincts in that city. It is the purpose of the club to organize each separate precinct and thus have them act as a unit with the general organization. Delegates are to be sent into the precincts to work for the Wisconsin senator's interests and will be furnished with literature and buttons of La Follette. It is also expected to hold a general club meeting some time next week for which special speakers will be provided.

Death Was On His Heels.
 Jesse P. Morris or Skipper, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for coughs and lung disease in all the world." Sold under guarantee at Tallman & Co.'s drug store. 50c and \$1.00. Trial bottle free.

HOW IS YOUR STOMACH?

Easy Way to Strengthen It and Get Well.

A good digestive system, one that acts so that you do not know that you have a stomach, is God's birthright to every man—to every woman.

If digestion is weak, if food turns into gas, if you suffer after eating, if you are sleepless, nervous and out of sorts—then the stomach is diseased and prompt action should be taken.

W. A. Ennis, a well known builder in Syracuse, tells an easy way to strengthen the stomach and get well when he writes: "Mi-o-na Stomach Tablets have done more for me in one week than all the doctors the two years I was under their care. Thanks to Mi-o-na, I can work once more, the first time in over a year."

It is an easy thing to strengthen the stomach and cure indigestion by using Mi-o-na. Get a 50-cent box from Tallman & Co. with their guarantee to refund the money unless the remedy does all that is claimed for it.
