PENDLETON WILL MEET LA GRANDE

FIRST GAME WITH OUT-
SIDE TEAM TOMORROW.

Pendleton Baseball Team Will Meet La Grande Aggregation on Alta Street Grounds Tomorrow Afternoon—Second Game Here Sunday Afternoon.

Tomorrow afternoon the Pendleton baseball team will go up against an outside team for the first time this year and those who like the game should be out in force to root and incidentally to see some good sport.

The game tomorrow afternoon will be with La Grande and Sunday afternoon another game will be played here with the same team. Most of the La Grande players are paid men, managed by Jack O'Brien, and with the good lineups that Manager Lorrimer has for the local nine it will make a ball game such as has not been seen here for several seasons.

The game tomorrow afternoon will commence at 3 o'clock while the one Sunday will be called at 2 o'clock in order to finish in time for the visitors to leave for home on train No. 2.

For Pendleton Parkers will be in the box tomorrow and Conrad will play behind the bat. King will hold down first base; Van Houten, a new man, will be on second and Kehm will play third. Shockley will be the shortstop and the outfield will be chosen from among Gray, Baker, Collins and Lester Means.

Following the game here Saturday

SHEEP CONDITIONS GOOD.

New Mexican Paper Says the Present Is One of the Five Extremely Prosperous Years.

That the sheepmen of Umatilla county and eastern Oregon may know something of the sheep and wool conditions in the southwest states and territories, the following item from "La Bandera Americana" (The American Flag) the East Oregonian's esteemed Spanish exchange from Albuquerque is reprinted. La Bandera Americana says:

"Parece que la Providencia esta inclinada a proteger nuestro principal ramo de industria local—la cria de ovejas y produccion de lana.

"Con el presente seran 5 anos prosperos para los creadores de ovejas; dicimos con el presente, por informacion, que los pastos y aguas son abundantes para el proximo año; y el tiempo esta muy propicio para que se logre muy grande aumento. Tenemos placer con dar esta noticia por que de ello depende gran parte de la riqueza, importancia y felicidad del Territorio."

The item translated is as follows: It appears that Providence is inclined to be upon the side of our principal branch of local industry—the breeding of sheep and the production of wool.

With the present there will have been five prosperous years for the sheepgrowers; we say with the present upon the information that the pastures and water is abundant for our nearby breeders and the season seems favorable for the enjoyment of a large increase. We take pleasure in giving this news, since upon this industry a greater part of the riches, importance and happiness of the territory depends.

Will Preach at Elgin.

Principal W. H. Bleakney of Pendleton academy, will leave tomorrow morning for Elgin where he will preach to the Masonic lodge at that place on Easter Sunday. For a number of years Rev. In judging a bank, always remember that it is the personnel of the stockholders, directors and officers that are behind the institution which give confidence to the depositor that his funds are safe.
