AMUSEMENTS

Eagle Show Shop.

The Eagle show shop had an attractive change of program in the moving pictures yesterday, which will continue over until tomorrow. Among the new pictures are "Shamus O'Brien." This is in beautiful colorings, and tells a pretty Irish story. "My Watch Is Slow." "Toula's Dream." "Bill's on Fire," and the illustrated song, "Coming Through the Rye My Jennie Mine." This is one of the best programs yet seen here, and will continue over until Thursday, when there will be another change.

Pastime Change.

There was a change of moving pictures at the Pastime this afternoon, among the new attractions being "The Poachers' Daughter," "Weary Willie's Luck," "The Snow Man," and the illustrated song, "Good Bye Little Girl, Good Bye." This is an excellent change, and will draw the usual large crowds. There will be another change Friday.

There is a change of program at the Dime, one of the best yet seen at this popular place. In beautiful colorings, instructive and up to date, with a fine new illustrated song. This program will continue over until Friday, when there will be another change.

SUPREME COURT STATES SLAP AT STATE RIGHTS

Federal Court Has Jurisdiction in Trial of Interstate Rate Cases.

Washington, April 21.—The supreme court took another slap at the theory of state regulation of the railroads yesterday when it refused to require the federal court of Nebraska to send back to the Nebraska state court a suit instituted by the state to enforce its own intrastate rate regulations.

The road had promptly taken an appeal from the state court to the federal courts, alleging lack of jurisdiction, and this opinion was upheld by the supreme court.

La Grande Backed Out.

The Pendleton ball team will not go to La Grande for games tomorrow and Thursday as was previously intended. Word was received yesterday from La Grande to the effect that they could not fulfill the engagement and as a result the Pendleton team will not play another game until Sunday, when it goes to Walla Walla for the opening game of the season with the Garden City players.

SIMPLE WASH CURES ECZEMA.

Itching, Burning Skin Disease Routed Without Use of Injurious Drugs.

Great inventors often have been praised for surrendering the secrets of their discoveries. Practically the same thing happened in the medical world in the case of Dr. D. Dennis, the eminent skin specialist of Chicago.

Dr. Dennis, in his own office practice, discovered that pure vegetable oil of wintergreen, properly mixed with other simple remedies, was practically a sure cure for eczema, psoriasis, barber's itch, salt rheum, and other itching skin diseases. But the oil of wintergreen alone was found ineffective. It required other mild ingredients such as glycerine and thymol compounded with the wintergreen to produce the real eczema cure.

This compounded D. D. D. Prescription positively takes away the itch at once—the instant it is applied to the skin. This vegetable liquid does away with deleterious drugs so long used in an attempt to doctor the blood, whereas modern science has determined that eczema is first and all the time a skin disease.

If you want to know more about the merits of D. D. D. Prescription, call at our store. We vouch for this remedy. Pendleton Drug Co.

Local Option in Peoria.

Peoria, Ill., April 21.—A local option election is being held today to enable the voters to decide between prohibition or saloons. Peoria is one of the country's leading centers of the distilling industry and it is highly unlikely that the "drys" will be successful. Local option elections are also in progress today in Quincy, Streator, Ottawa, East St. Louis, La Salle and Galena. The voters in these towns have been wrought to a high pitch of excitement by the conflict between the "wets" and the "drys" and an unusually large vote has been cast. The success of the Anti-Saloon league in the local option elections held in many Illinois cities and towns on April 7 has caused the workers to redouble their efforts, and it is likely that they will win a victory in several towns where the issue is being fought out today.

Horseshoers in Session.

Columbus, O., April 21.—Ohio members of the Master Horseshoers' association began a two-day session at the Southern hotel today. Addresses will be made by President Edward Butler, Jr., of St. Louis, and Secretary C. J. McGinness of Brooklyn, representing the National Horseshoers' association.

Montana Cattlemen.

Miles City, Mont., April 21.—Montana cattlemen were present in large numbers when the convention of the Montana Stock Growers' association was called to order this morning. The initial session was devoted largely to a consideration of the relations between cattle shippers and railroad men addressing the convention. The Montana association is the most important state organization of stock growers in the country and its membership rolls represent millions of dollars invested in the cattle industry.

Order of Eastern Star.

Dayton, Fla., April 21.—One of the most largely attended sessions ever held by the Florida Grand Chapter of the Order of Eastern Star convened here today. A reception will be given the visitors at the hotel Despland this evening.
