SMALL CYCLONE PICKS UP A HOUSE

Ed De Young, his wife and two children, experienced an unpleasant surprise while sitting in their home in Naches City, Wash., Thursday afternoon, states an exchange. Something struck the house, lifted it a few feet in the air, carried it along and set it down with a bump in the middle of the roadway. The occupants of the sitting room looked at each other with pale faces and then went outside through the doorway, the door having been wrenched off its hinges, to see what had happened.

The house had been struck by a sort

of miniature cyclone which could still be seen moving off towards the hills, a whirling dust spout, which was finally lost to view in the hills.

The odd happening was witnessed by about half of the residents of the village. No other building was touched and no other damage done. The air spout came along through the Nile gap to the west of Naches City, hit the De Young residence and then passed by.

The inmates were startled and frightened but none of them hurt. The damage to the cottage will amount to several hundred dollars.

KNIGHTS DEDICATE CASTLE.

Grand Chancellor Wall Conducts Impressive Services.

Baker City, April 23.—The dedication of the new castle of the Knights of Pythias, Gauntlet lodge No. 8, took place in this city Tuesday. The dedication service was conducted by John M. Wall, grand chancellor, assisted by M. F. Davis of Union, past grand chancellor; L. R. Stinson, of Salem, grand keeper of records and seal; Colonel George W. Knight, of Eugene, captain of the uniform rank, and Supreme Representatives W. M. Cate, of Portland, and W. L. Bradshaw, of The Dalles. Before the ceremonies the knights formed in a grand parade, headed by the Baker City cornet band. The stores of the city were beautifully decorated in honor of the event, and all business houses were closed during the ceremonies.

A large number of knights from nearby towns are in attendance. The new castle is one of the finest in the

state and is beautifully decorated in lodge colors, red, blue and yellow. The hall is finely finished inside and the local knights are proud of their new home, which is the result of years of striving and working. The present officers of Gauntlet lodge are: W. S. Levens, chancellor commander; D. A. Miles, prelate; W. E. Meacham, master of work; Charles F. Hyde, keeper of records and seal; John H. Frash, master of finance; Ellsworth Lenz, master of exchequer; Ed Bowers, master at arms; John Allen, inner guard; Walter Brown, outer guard.

Plenty of Trouble

is caused by stagnation of the liver and bowels. To get rid of it and headache and biliousness, take Dr. King's New Life Pills, the reliable purifiers that do the work without grinding or griping. 25c at Tallman & Co.'s drug store.

PORTLAND TO SEND HURDLER.

Business Men Will Contribute Fund to Send Smithson to London.

Postal cards are being sent to the business men of the city to send Forrest Smithson, the champion American hurdler, to the Olympia games at London this summer, says the Telegram. The Multnomah club financed his last trip east and will send him to California for the tryouts, but the \$1000 required for the trip across the Atlantic and back will be raised by subscription, as is being done all over the east. It is estimated it will cost \$50,000 to send the American team. The first cards sent out were to club members and will net about \$300, by the time they are all back. It is proposed to raise the balance from the business men, because Smithson goes as an advertisement of the whole city. He is a champion in every sense of the word and will advertise to the world the healthy conditions of this section that can produce such a world beater. He was born and developed in Portland, Ore.

Yale President Is 52.

New Haven, Conn., April 23.—Dr. Arthur Twining Hadley, president of Yale university, is today receiving the congratulations of his hundreds of friends on the occasion of his fifty-second birthday. Dr. Hadley was born in this city on April 23, 1856, the son of Professor James H. Hadley, of Yale, and has been president of his alma mater since June 29, 1899.

E. L. Boardman of Prosser, has bought the Republican, a semi-weekly paper, from George L. Towns. The Republican was started about two and a half years ago. Mr. Boardman published the Prosser Bulletin, but sold out several months ago.

LORD WAS AFTER HENEY.

Slandereous Dodgers Circulated at the Heney Meeting.

Charles F. Lord the disreputable attorney of Portland who attempted to entangle Heney in a disgraceful affair, but who failed to do so and who was later arrested for a conspiracy to block justice during the land fraud trials in Portland, has been "after" Heney ever since.

During the Heney meetings in Portland recently Lord printed and caused to be circulated in Heney's audiences the following slanderous dodgers:

Ask Mr. Heney these questions at the meeting tonight, viz:

1. Why did you try to shoot a good citizen at Silver City, Idaho, when teaching school there?

2. Why did you kill Dr. Handy upon the streets of Phoenix, Arizona?

3. Why did you kill Mr. Nicholson at Cape York, Alaska?

Can an honest American citizen admire a person with such a bloody record, or believe in his honesty? Might not you step in his pathway and have your disemboweled body sent back to your wife, just as the body of Oscar J. Kendall of Portland—Heney's body guard at San Francisco—came back to her?

Poor Kendall knew too much.

If you citizens of Portland believe in this sort of a character as a moralist, applaud. This is the man who sought to destroy my good name, just because I refused to become intimidated or fooled as others have been.

Every word of this I can prove.

CHAS. F. LORD.

Portland, Ore., April 11, 1908.

CATHOLIC CENTENNIAL.

Children's Festival Marks Monster Annual Meeting.

Philadelphia, April 23.—Philadelphia's Catholic centennial celebration, which has been in progress here since Sunday and which has attracted prominent prelates and noted Catholic laymen in all walks of life from every part of the country, was marked today by a children's festival. Thousands of parish school pupils participated in the day's exercises at the cathedral, at which Archbishop Ryan presided.

The principal event of the week will be tomorrow night's public meeting at the Academy of Music, at which addresses will be made by the Right Rev. Mr. Loughlin, the Right Rev. Mr. Turner, Archbishop Ryan, J. Washington Lague, General Russell Thayer and other well known speakers.

Found Grief Quick.

Within an hour after his arrival in Portland, Ore., from Spokane Wednesday afternoon John A. Stevens, 19 years old, was nabbed by the police for attempting to pass a bogus \$5 state bank bill at the Royal bakery at Washington and West Park streets. The fraudulent paper was declined by the woman cashier, says a Portland report, and the proprietor of the bakery held Stevens until the arrival of Detective Captain Beatty. —Spokane Chronicle.

IDAHO WOOL CLIP IS EXCELLENT

GOOD RETURNS FROM ALL PARTS OF THE STATE

While Considerable Wool Has Already Been Consigned the Prices Will Be Good—Buyers Will Have to Bid to Get the Clip.

The Boise Capital News says of the prospects of a good wool crop and excellent prices in Idaho this year:

Reports received in the city this week from the various sheep shearing camps in the southern part of the state and tributary to the Oregon Short Line indicate that the wool clip is being made and that the wool is of a very much finer quality than usual. This would indicate that sheepmen will realize a good market price for their wool, regardless of the fact that there is a movement on foot by eastern buyers to offer a low price and stick to it.

The first clipping, in which thousands of head of sheep were involved, took place at Bruneau and samples of the wool which were brought to this city indicate the quality is very fine.

Local sheepmen state that they have received reports from various other sheep camps in the northwest, which are to the effect that the same good quality of wool is being realized.

While a few sheep owners have consigned their wool this year this does not indicate that they will not receive a good price. On the contrary, many who have done this expect to obtain fairly high prices on eastern markets and their wool will be shipped there and held by eastern buyers until the price that the owner wants is offered.

As a large number of the sheep owners are independently rich, they can afford to wait until their wool brings the price they are after. Others, who consigned their clip, expect to come out with a very reasonable profit.

While the sheepmen of Idaho intend to receive the best possible price that they can from eastern buyers they will endeavor to have them come into the northwest territory and bid for the clip. In Utah the sheepmen intend to hold the entire wool clip this year until the price they want is received. In other words they prefer to combine against the eastern buyers, who they have reason to believe, have formed a combination on prices and intend to attempt to buy the wool clip on these prices, which are not thought to be reasonable.

WYOMING PRODUCES MORE.

Agricultural Products of the Dry State Increase.

The Cheyenne Tribune says of the increasing productiveness of Wyoming:

In a pamphlet issued by the passenger department of the Union Pacific Railway company for the year 1907, and compiled from government data for Wyoming will be of interest at this time.

In a table under "Corn," a crop about which little is said generally in Wyoming, it is found that the state had 2000 acres planted that year to corn, which yielded 25 bushels to the acre, the production totaling 75,000 bushels. This was sold at an average of 70 cents per bushel, bringing a return of more than \$52,000.

In spring wheat the acreage was 30,000 acres, the yield being 28.5 bushels to the acre, a total production of 855,000 bushels. This brought 77 cents a bushel, the value being \$658,000.

Oats covered an area of 60,000 acres in 1907, producing 37 bushels to the acre, producing 2,220,000 bushels. This was sold for 53 cents a bushel, a total of \$660,000.

In Irish potatoes the state ranked ahead of Nevada and New Mexico, there being produced an average of 200 bushels to the acre, the price per bushel being 74 cents and the return \$740,000.

The total production of native hay was 525,000 tons, which brought a total return of \$3,938,000.

DeWitt's Kidney and Bladder Pills are prompt and thorough and will in a short time strengthen weakened kidneys and allay troubles arising from inflammation of the bladder. Sold by Tallman & Co.

Seeley Gets Pardon.

Salem, April 23.—Governor Chamberlain this afternoon granted a conditional pardon to James G. Seeley, of Astoria, who was convicted on the

ECZEMA NOW CURABLE.

All Itching Skin Diseases Which are Not Hereditary Instantly Relieved By Oil of Wintergreen.

Can eczema be cured? Some physicians say "Yes." Some say "No."

The real question is, "What is meant by eczema?" If you mean those scaly eruptions, those diseases which make their first appearance, not at birth, but years afterward, and perhaps not until middle age—then there can no longer be any question that these forms of Eczema are curable.

Simple vegetable oil of wintergreen, mixed with other vegetable ingredients, will kill the germs that infect the skin. Apply this prescription to the skin and instantly that awful itch is gone. The very moment the liquid is applied, that agonizing, tantalizing itch disappears, and continued applications of this external remedy soon cure the disease.

We carry in stock this oil of wintergreen properly compounded into D. D. D. Prescription. While we are not sure that it will cure all those cases of skin trouble which are inherited, we positively know that this D. D. D. Prescription, whenever rightly used, will cure every last case of genuine eczema or other skin trouble which did not exist at birth.

We know this. Anyway you, yourself, will know that D. D. D. Prescription instantly takes away the itch the moment it is applied to the skin. Pendleton Drug Co. Stop that itch today—Instantly. Just call at our store and try this refreshing and soothing liquid; also ask about D. D. D. Soap. Pendleton Drug Co.

charge of riot in connection with the saloon fight at St. Paul, this county, in September, 1906, as a result of which Marshal Joseph Krechter was shot and killed by one of Seeley's companions. The pardon is granted upon the petition of numerous citizens of the state, and of nine of the 12 jurors on the case.

Secure Panorama of Walla Walla.

Benjamin Gifford, a landscape artist of The Dalles, Oregon, is in the city looking for a suitable location, from which to secure a panoramic picture of Walla Walla, for the Commercial club, says the Walla Walla Union. Mr. Gifford has already done some work in this line for the Commercial club which was highly pleasing to the members of that body. He is securing the cooperation and support of the business men of the city and others in his work here.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have offered one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
