HERMISTON NOTES ECHO NEWS NOTES

NEW PEOPLE COMING AND LOCATING EVERY DAY.

Crops on New Lands Are Looking Good—Wind Did No Material Damage in Hermiston Country—Have Faith in Outcome of Booster Meeting—Many Visited the Dam Sunday—Work Is Going on Nicely.

Hermiston, April 29.—New people are coming in every day, and the country is growing rapidly. Great pieces of land are checked off and are growing fine crops this spring, which makes an excellent showing. When newcomers can see the water and what the soil will produce, they are almost sure to invest, and that their money is being well invested will be proven.

The few windy days caused sand to blow in the ditches in places, but no serious damage was done, and the country looks as good as before.

Potatoes are up and looking fine where they were planted early this spring. Great patches of alfalfa, onions, potatoes and other crops can be seen on every hand.

Attend Booster Meeting. Those from here who attended the booster meeting in Pendleton Monday night, state that they expect to see it result in much good for all parts of Umatilla county. The people must wake up to the fact that the advantages are here, and they must boost to make it win.

Nearly everybody was out to the dam last Sunday to witness the game of ball between Echo and the "Dam" boys, and to witness the celebration of the Greeks in honor of their Easter, which was a very novel sight.

Work Goes On.

Work on the project is progressing very satisfactorily, and it is reported that the work on the dam will be practically complete by July 15, is not sooner. Where water has been run through the ditches in the Hermiston unit all has been satisfactory, and the settlers will be furnished with all the water they desire, for this season.

The soothing spray of Ely's Liquid Cream Balm, used in an atomizer, is an unspeakable relief to sufferers from catarrh. Some of them describe it as a godsend, and no wonder. The thick, foul discharge is dislodged and the patient breathes freely, perhaps for the first time in weeks. Liquid Cream Balm contains all the healing, purifying elements of the solid form, and it never fails to satisfy. Sold by all druggists for 75 cents, including spraying tube, or mailed by Ely Bros., 56 Warren street, New York.

Notice to Poultry Raisers

The hatching season is now open and I am prepared to furnish settings of full blood, single comb white leghorn eggs, to the trade in any quantity desired. \$7 per hundred. For further information phone Main 88, A. Nolte.

BEE INDUSTRY PROMISES TO THRIVE HERE

Echo Has Successful Market Day—Good Prices Received For Cattle—Empty Teachers for Next School Term—Shearing Plant from Echo to Nolin Today—Interest in Boost Meeting.

Echo, April 29.—That the bee industry in this section of Umatilla county will be conducted on a large scale is now a certainty. Several men who have invested in lands near Echo of late are having bees shipped in, and they say they expect to make it a paying proposition. Among them are M. Townsend and T. J. Barringer. They have a great many hundred stands out at this time, and expect to get more. The vast amount of alfalfa raised about here, the climate and general conditions are the best that could be desired for the bee industry.

Echo Has Market Day. Echo had her first market day Saturday and \$1080 changed hands, which is considered very good for the first attempt at a sales day. There were a number of horses, some cattle, poultry and farm implements sold. These sales will be held regularly once a month in the future.

Good Price for Cattle.

A number of cattle shipments have been made from here of late. Five carloads have just gone out which brought five cents per pound. Several shipments have been made of late, which brought five cents, among those selling being Jesse Moore, Frank Sloan, Hugh Stanfield and Robert Stanfield. The cattle are being pretty well cleaned up, however, and there will not be many more for the market this spring.

Employ Teachers.

At the last meeting of the Echo school board L. W. Keller, who has been principal of the public school here for the past two terms, was re-elected for the next term, beginning next September. Miss Verna Van Vranken, of Milton, was elected for the third and fourth grades, and Miss Mayme Rippey has been re-elected for the primary department. The assistant principal, and a teacher for the fifth and sixth grades will be elected at a meeting of the board which will be held this evening.

Move Shearing Plant.

After shearing many thousand head of sheep at the White House, a short distance from here, the plant is being moved to Nolin today, where as many more thousand head will be clipped. There are 50 men at work at this plant, which is being operated by Jake Watteneberger of Heppner. This plant will shear 150,000 head this season. Wool is now being stored in the warehouses, and the sheepmen expect that it will be a few weeks at least before any wool sales are made.

W. H. Daughtrey of the Umatilla Ranch company, has returned from

Portland, where he has been for some days on a business trip.

R. E. Ward has purchased four lots from J. H. Koonz, and it is his intention to build on them. The lots are located near the town.

Mrs. Emma Boyd has purchased the house and lot of C. S. Mudge and she expects to make this place her home.

Mrs. Irvin of Pendleton, has purchased a lot on Bridge street from A. L. Esteb.

The city has advertised for bids to grade some of the principal streets in the town.

A mass meeting was held at the recorder's office last evening for the purpose of organizing a baseball team.

Echo Represented. Echo was well represented at the booster meeting in Pendleton Monday evening, and it is the honest opinion of those who attended that the meeting will result in much good for the county. Nine went from here purposely to attend the meeting, and Attorney Frank J. Shelton is said to have made one of the best speeches of the evening. Echo is willing to do her share in the good of the boosting cause.

The Greek section men who are at work in this vicinity had a barbecue here Sunday in honor of their Easter. A sheep was slaughtered and the day was spent in dancing, feasting and making merry.

Those who went from here to the dam Sunday to see the ball game between Echo and the "dam" team reported a very enjoyable trip.

Mrs. L. A. Esteb who has been very ill for some days, is somewhat improved at this time.

Joseph Cunha, one of the big sheepmen of this section has received 250 sacks from 6700 sheep, weighing about 400 tons to the sack, making a total of 104,000 pounds of wool. Land is being cultivated on a large scale in this vicinity, and potatoes alfalfa, garden truck, wheat, fruit and all crops are looking very good. Many tracks of land have been sold under the different projects of late and the Echo country is continually growing, as is all of the west end of the county. Fred Andrews is arranging to build a good house on his ranch in a short time.

The petition for a saloon license by George Ireland has been accepted by the council, and the recorder has issued the license.

DEMONSTRATION TRAIN.

A Few Severe Cases of Pneumonia in Weston.

Weston, April 29.—The people of this section are much interested in the farmers' demonstration car for May 14. The subject of smaller farms and the like will be discussed.

Dr. J. A. Best of Pendleton, was here this week to attend Mrs. Ralph Lane, who is very seriously ill.

J. R. King is very ill with an attack of pneumonia fever.

Jesse Mitchell of Briggsdon, is very ill with typhoid fever.

Misses Lulu and Grace Ray have gone to Portland where they will visit with relatives for some weeks.

BABY'S VOICE

Is the joy of the household, for without it no happiness can be complete. How sweet the picture of mother and babe! Angels smile at and commend the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass, however, is so full of danger and suffering that she looks forward to the hour when she shall feel the exquisite thrill of motherhood with indescribable dread and fear. Every woman should know that the danger, pain and horror of childbirth can be entirely avoided by the use of **Mother's Friend**, a scientific liniment for external use only, which toughens and renders pliable all the parts, and assists nature in its sublime work. By its aid thousands of women have passed this great crisis in perfect safety and without pain.

Sold at \$1.00 per bottle by druggists. Our book of priceless value to all women sent free. Address **BRADFIELD REGULATOR CO., Atlanta, Ga.**
