AMONG THE EXCHANGES OF THE INLAND EMPIRE

Union Fruit Uninjured.

missioner, states that there has been no damage whatever in any part of Union county from frost, says the La Grande Star. In all localities the fruit prospects are as promising as in any previous year.

The frost question is a relative proposition, anyway, says Mr. Geer, and this county is as nearly immune as any other. In the localities where the seasons are earlier is the same liability of damage from frost and cold weather as there is in the localities where the seasons are later. There is about as much trouble from this cause in one country as another. In the Walla Walla country and the Snake river valley there are as many failures, one year with another, as there in Grande Ronde, although the season in those localities are at least a month ahead of this.

Another observation on this subject is that vegetation here through acclimatization, can stand harder weather than that of other localities. And as a matter of fact the vegetation here is less liable to damage than in the localities where it is more tender and accustomed to warmer temperature.

Big Lumber Order.

The Summerville Lumber company which maintains offices and yards at Imbler, has closed a contract for supplying a Wisconsin firm with 35 carloads of lumber, which is to be shipped out as rapidly as circumstances will permit, says the La Grande Star. The kind of material for the filling of this order is what is known as "shop lumber." It is the pieces of odd ends that are used in the manufacture of sash and doors.

The Summerville Lumber company's mill is located a few miles from the town of Summerville and they were only recently started for the season's run. The output is now about 30,000 feet daily and it is the intention to cut 5,000,000 feet this season.

Swept Over Falls.

Two men, H. W. Engleking and Grant Powell, were swept over the

great falls of the Spokane river today and drowned. Three men were removing some timbers under the Washington street bridge this afternoon, working on a raft that was fastened to the bridge by a rope. The rope broke, and the swift waters caught the raft. As they rushed by the Howard street bridge, two blocks below, men threw ropes toward them, and A. Simeon seized one and was saved. The other two men jumped for the ropes but missed, and a moment later they were swept over the falls—Spokane Review.

No Saloon for Two Rivers.

In the matter of the application of Jacob Moser and George W. Thompson for a beer license at Two Rivers, the county commissioners deferred action, until it could be ascertained more clearly what the attitude of the people of that country was concerning the matter, says the Walla Walla Statesman. None of the commissioners felt like forcing a saloon on the people there unless they really wanted it. A petition signed by about a dozen residents of Two Rivers was presented by the applicants to support the case. Decision was deferred until next month.

Pleasure Ground on Island.

The beautiful island lying opposite Hope, about one mile from shore, formerly known as Warren's island, in Lake Pend d'Oreille, has passed into the hands of several of the wealthiest capitalists of Butte, Mont., says a dispatch from Hope, Idaho. This is one of the most handsome spots in the northwest. A boulevard will be built around the grounds beautified with park and flower decorations, for the comfort of tourists, in the summer months. While the consideration is not fully known it was reported that General Warren refused \$20,000 in the summer of 1906 for this place.

Kodol completely digests all classes of food. It will get right at the trouble and do the very work itself for the stomach. It is pleasant to take. Sold by Tallman & Co.

DRUNKEN QUARREL; TWO SHOT, ONE DEAD

Man Wounds Friend, Then Turns Gun on Himself.

Spokane, Wash., May 7.—W. F. Ford, a bridge worker employed in this city, shot and dangerously wounded George McAuley, another bridge worker today and then committed suicide by turning the gun he held upon his own head. Aside from a dispute which arose during a row in which both men had been drinking, no motive is assigned for the deed. Ford has a wife and one child. Neither were at home at the time of the shooting.

Both men were in Ford's house when the row began. Suddenly McAuley ran out with Ford following and firing at him. Ford shot six times without effect. McAuley ran into Dewey's store below. Ford deliberately went back and reloaded his revolver. In spite of the storekeeper's protests McAuley remained in the store. Ford came down stairs seeking McAuley and at once opened fire upon him. In his attempt to save McAuley, Dewey was struck by one bullet in the finger. Another bullet entered McAuley's body near the heart.

As he fell Ford rushed up stairs and sent a bullet through his own head. He died instantly. McAuley is in the hospital. He is not expected to live. Both men were strangers. Neither had been here but a few days. Both were about 30 years of age and were employed by the Northern Pacific.

Chronic Constipation Cured.

One who suffers from chronic constipation is in danger of many serious ailments. Foley's Orino Laxative cures chronic constipation as it aids digestion and stimulates the liver and bowels, restoring the natural action of these organs. Commence taking it today and you will feel better at once. Foley's Orino Laxative does not nauseate or gripe and is pleasant to take. Refuse substitutes. Pendleton Drug Co.

Escape With Bath.

McCormick, Wash., May 7.—The lives of four Italian section men, under Foreman Lawrence, were imperiled today by being caught in the big cut east of McCormick by the local Northern Pacific freight, which completely demolished the handcar on which they were riding and ditched two freight cars. So complete was the surprise that one of the Italians was forced to jump into the river to save himself. The engineer blew his whistle, as usual, on nearing the cut, but the Italians apparently believed it to be one of the McCormick logging trains which was due to arrive in McCormick about that time. All escaped uninjured save for a few slight scratches sustained by one of the men.

Personal.

If any person suspects that their kidneys are deranged they should take Foley's Kidney Remedy at once and not risk having Bright's disease or diabetes. Delay gives the disease a stronger foothold and you should not delay taking Foley's Kidney Remedy. Pendleton Drug Co.

Hot Stove—Cool Kitchen

How do you expect to endure the broiling days of summer if you prepare all the food over a glowing coal fire?

You need a "New Perfection" Oil Stove that will do the cooking without cooking the cook. It concentrates plenty of heat under the pot and diffuses little or none through the room. Therefore, when working with the

NEW PERFECTION

Wick Blue Flame Oil Cook-Stove

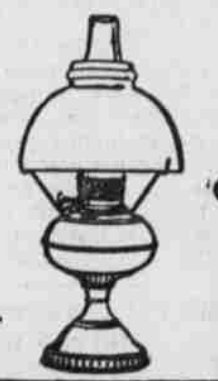

the kitchen actually seems as comfortable as you could wish it to be.

This, in itself, is wonderful, but, more than that, the "New Perfection" Oil Stove does perfectly everything that any stove can do. It is an ideal all-round cook-stove. Made in three sizes, and fully warranted. If not with your dealer, write our nearest agency.

The **Rayo Lamp**

a substantial, strongly made and handsome lamp. Burns for hours with a strong, mellow light. Just what you need for evening reading or to light the dining-room. If not with your dealer, write our nearest agency.
