SEC. METCALF REVIEWS FLEET

IMPRESSIVE EXHIBITION OF FIGHTING STRENGTH

Gazed Upon by Hundreds of Thousands from Surrounding Hills—“Fighting Bob” Official Career Closes Today—Rear Admiral Thomas Takes Command—Admiral's Banquet at \$20 Per.

San Francisco, May 8.—While hundreds of thousands of people gazed upon the spectacle from every point of vantage along the water front, Secretary of the Navy Metcalf today reviewed the combined Atlantic and Pacific fleets in San Francisco Bay. The review was by all odds the most impressive exhibition of the strength and power of the American navy ever witnessed and it was small wonder that the eyes of the naval secretary, the executive director of the great sea-fighting machine, glistened with pride and that his fellow Californians expressed their approbation in deafening cheers. Spick and span, with gleaming paint and shining brass, with every man at his post of duty, the vessels of war passed before Secretary Metcalf and boomed forth a thunderous salute in his honor.

A Costly Feat.

This evening Secretary Metcalf and the admirals of the fleet will be the guests of honor at the San Francisco banquet at the St. Francis, which promises to be the greatest function of its kind ever held on the coast. There will be more than 600 at the dinner, which will cost \$20 per plate. While the officers are dining, the sailors will continue their athletic carnival in the naval pavilion tonight.

Today's review is doubly memorable as marking the official close of the naval career of Rear Admiral “Fighting Bob” Evans. Although Evans will not reach the statutory age for retirement—62 years—until August 15, the condition of his health forbids further activity. Rear Admiral Thomas will be in command of the fleet during its stay on the coast, but to Rear Admiral Sperry will be given in honor of taking the “big sixteen” back to the Atlantic coast by circling the globe.

The Pacific fleet, which took part in today's review, will sail tomorrow for the south to carry out a program of drills, maneuvers and exercises.

Oakland Day.

Tomorrow will be Oakland day, when the festivities incident to the visit of the fleet will be temporarily transferred to that city. On Sunday there will be special services in all the churches and in the naval pavilion.

In addition to a grand ball for the enlisted men on Tuesday night, daily athletic meets and other amusements, a number of trips are scheduled for next week. The program of the sightseeing committee is an extensive one and includes the following events:

Monday, May 11.—Automobile run through the city for Secretary Metcalf, distinguished visitors and officers of the fleet. Observation car rides for 1000 enlisted men, starting from Ferry building at 8:30 a. m., 11 a. m., 1:30 p. m. and 4 p. m.

Tuesday, May 12.—Trip to Mount Tamalpais and Muir woods, with luncheon at Mount Tamalpais, for 200 officers of the fleet. Car rides for 1000 enlisted men as on Monday. Trip to San Jose for 500 officers of the fleet, with grand ball in the evening.

Thursday, May 4.—Berkeley day. Friday, May 15.—Santa Rosa day. Excursion to Santa Rosa for 25 officers and 175 men. Second trip to Mount Tamalpais and Muir woods for 200 officers.

BIG ROWING EVENTS.

Middles Will Open Season With Columbia.

New York, May 8.—Two important rowing events, the first of the present season, will be decided tomorrow, when the crews of Columbia and Annapolis will row a match race over the Severn river course and New York University and Georgetown University will meet on the Potomac.

Columbia has developed a fast crew and the crack oarsmen who will represent the big Morningside institution will give the middles a run for their money.

Much interest is manifested in the race between the New York university and Georgetown eight-oared crews, which will be held on the straightaway course on the Potomac. The distance is one mile and 550 yards.

Georgetown has maintained a crew for a number of years, and the southern university has been a factor in all the intercollegiate regattas. New York University is a newcomer in rowing circles and has never entered one of the big regattas. Despite this apparent disadvantage the Violet seems to have an excellent chance to win from Georgetown.

To Hold Olympic Trials.

San Francisco, May 8.—Pacific coast try-outs for the Olympic team to London will be held on the oval at Stanford University tomorrow, in accordance with the plans decided upon by the board of governors of the Pacific Athletic association. The Stanford track was chosen on the coast and its construction along standard lines, and the many athletes will have an opportunity to show at their best in an effort to win a place on the American team that will go to London this summer.

WHY SO WEAK?

Kidney Troubles May be Sapping Your Life Away—Pendleton People Have Learned This Fact.

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Here is Pendleton testimony to prove it.

Mrs. E. J. Meiners, living at 501 Lewis street, Pendleton, Ore., says: “I have the utmost confidence in Doan's Kidney Pills as they proved of far greater value to me than any remedy I previously used. I was troubled for years with attacks of kidney complaint accompanied by a severe case of backache and whenever I caught a cold, or during any sudden change of the weather, my kidneys became affected and my suffering was intensified. Since learning of Doan's Kidney Pills I have not cause to worry about kidney trouble, as it only required a few doses of this remedy to quickly check any return. I keep Doan's Kidney Pills in the house at all times, producing them at The Pendleton Drug Co., and am glad to recommend them to other sufferers.”

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

NEW ROADS FOR RESERVATION.

Yakima Indians Will Have 386 Miles of New Highways.

County Engineer McIntyre has made a plan showing a new system of roads on the Yakima reservation and when a map has been drafted it will be submitted to the department of the interior for approval, says the Yakima Republic. The plan provides for 386 miles of roads along section lines and covering practically all of the territory of the reservation which is, or eventually will be irrigated.

At present the roads on the reservation are but 30 feet wide and the county authorities are anxious that the roads be widened out so as to conform with the other roads of the county which are 60 feet in width and which are laid out on section lines. It is considered that the change should be made prior to the opening of the reservation, which is expected next spring. If not, the change is likely to involve troublesome and expensive condemnation proceedings against white settlers who may purchase holdings and who would resent having to give up strips of their land for road purposes.

The plan outlined by the county engineer meets with the approval of Superintendent Jay Lynch, of the reservation, and he will recommend its adoption by the department.

\$100 Reward, \$100.

The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have offered one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Abandoned Mine Valuable.
William Brewster, a former clerk in the United States assay office at Seattle, has secured an option on an old abandoned mine in the state of Chihuahua, Mexico, and is now preparing a company to work the property. The lode was abandoned years ago, but Mr. Brewster has made examinations of its ore and finds them to carry values in gold from \$120 to \$500 per ton.
