MURDERESS IS STILL ALIVE

Doctor Who Knew Mrs. Guinness Declares the Charred Remains Are Not Hers.

WOMAN ARRESTED ON TRAIN IN NEW YORK

Finger Nails of Woman Found in Burned Dwelling Had Been Manicured—The Alleged Murderess Was Never in a Manicuring Parlor—Evidence of an Accomplice at Aberdeen, South Dakota—Sought to Molest Relatives of Missing Men—She Wrote Many Letters to Her Victims.

La Porte, Ind., May 9.—Convincing evidence that the body of the woman found in the ruins of the Guinness farm house is not that of Mrs. Buelah Guinness was pronounced today by Dr. Harry H. Long of La Porte, who made a scientific examination of the charred body.

He avers that his examination proves that the body is not that of the supposed murderess. Long declares that he knew Mrs. Guinness well and is convinced that she is still alive.

It is believed that the body found was substituted and the fire started in order to throw off suspicion.

As a result of Long's discovery the police have wired descriptions of Mrs. Guinness all over the country.

One of the principal reasons of Dr. Long's belief that the body of the woman found in the ruins of the Guinness home is not Mrs. Guinness is the fact that the finger nails of the dead woman were manicured. Dr. Long is positive that Mrs. Guinness was never seen inside of a manicuring establishment.

Mrs. Guinness weighed about 225 while the body of the woman found could not have weighed over 160.

Evidence of Accomplice.

Evidence has been discovered which indicates that Mrs. Guinness had an accomplice in Aberdeen, South Dakota, for the purpose of misleading the relatives of her alleged victims as to their whereabouts.

An instance is given in the case of Bert Chase who lived as Mishawaka, Ind. Chase told his brother he was going to visit a widow near La Porte. That was the last seen of him.

The next thing heard was a telegram from Aberdeen, S. D., stating that Bert Chase had been killed in a railroad accident. Investigation at Aberdeen by the brother of Chase revealed the fact that the message was fictitious.

Aslie Helgline, brother of Andrew, whose body was found in a sack in the "murder graveyard," today received more letters which passed between Mrs. Guinness and Andrew. He began writing to Mrs. Guinness in August, 1906.

Lamphere Is Hysterical.

No more bodies were found today and it is thought that the last have been dug up.

Ray Lamphere, arrested for complicity in the burning of the Guinness home, is hysterical today, crying out constantly that Mrs. Guinness is haunting him.

May Be Murderess.

Utica, N. Y., May 9.—Efforts are being made today to identify a woman found on the New York Central train as Mrs. Belle Guinness, the alleged La Porte murderess, whose body was converted into a private graveyard for her supposed victims.

It is said she has been recognized by a man who claims to have known the woman before she became Mrs. Belle Guinness. It may be necessary

to take her back to La Porte for complete identification, if in the meantime she does not prove that she is not Mrs. Belle Guinness.

The man who recognized her, got off the train at Rochester, New York, and notified the police who wired to Syracuse officials, who put detectives on the train at Utica, where she was taken off.

She still persists that her name is Mrs. A. L. Heaton of Chicago.

Probably Wrong Woman.

Syracuse, N. Y., May 9.—Chief of Police Codin declares that he believes the woman arrested on the train at Utica last night, charged with being Mrs. Buelah Guinness is not the woman, but is who she says she is, Mrs. F. B. Herron of Chicago. Further proof that she is not Mrs. Guinness came from Franklin, Pa. today in the shape of a message which stated Mrs. Herron has been visiting her mother who lives near that city. This is believed to be conclusive evidence.

RELIGION FOR TARS.

Men of Fleet Will Have Special Services Tomorrow.

San Francisco, May 9.—This was Oakland day on the fleet celebration program and large crowds of sailors and visitors visited that city and were entertained in a lavish manner. Thousands of children visited the warships today, this day having been set aside especially for the reception of the youngsters on Uncle Sam's big vessels. While the entertainment committee has been busy since the fleets' arrival in amusing and entertaining the tars, their spiritual welfare has not been forgotten. Religious services of a non-sectarian character will be held tomorrow in the naval pavilion, while the men with special denominational predilections will be welcomed in all the San Francisco churches. The pastors of the various churches have also combined to give entertainments of a social, musical and literary character during the stay of the fleet.

"RUBE" ROBBINS DIED AT BOISE

FAMOUS CRIMINAL CATCHER IS NO MORE

For 45 Years "Rube" Robbins Has Been the Most Prominent Peace Officer of the Northwest—More Arrests of Bad Men Made By Him Than of Any Other Northwest Official—Aged 72 At Time of Death.

"Rube" Robbins of Boise City, who for the past 45 years has been one of the best known and most popular peace officers of the northwest, is dead. He passed away yesterday at his home in Boise City, at the ripe age of 72 years, after one of the most interesting careers which has marked the history of the northwest.

Reuben Robbins was first appointed deputy United States marshal of Idaho territory in 1864 and from that day until the time of his death he has been constantly before the public as a public official of daring and courage.

Robbins captured more desperadoes and "bad men" than any other northwest official and has been largely instrumental in bringing law and order out of the frontier conditions in Idaho.

During the 60's and 70's Robbins was constantly before the public in chasing and arresting the noted criminals which infested Idaho and besides serving as deputy marshal he was sheriff of Ada county, warden of the penitentiary, guard of the express treasure, member of the legislature, detective and chief of scouts.

Robbins was well known in Pendleton and all over eastern Oregon and was well liked by all who knew him.

Announcement is made from the promoters at Baker City that the proposed Eagle valley railroad is a certainty.

Although the admiral's formal leave taking of the ships was attended even without his presence, he cannot prevent the men who are on shore leave, giving him a rousing good bye at the ferry station tonight. Several thousand will be there to see him off. At the Oakland mole the officers of the fleet will bid him good bye.

Land Values Increased "Some."

Forty-two years ago a young man driving a mule team through this valley gazed with scorn at the endless stretches of sage brush and bunch grass and rocky plateau. Yesterday that same man purchased five acres of Fruitvale fruit land. Nearly a half century ago he considered this valley a boundless waste desert. Now he considers it the best end of God's creation. He paid \$7500 for 5 acres yesterday. He could have had the whole valley for a song 40 years ago.—Yakima Republic.

MAY USE BLACK PAPER.

Wisconsin Paper Manufacturers Propose New Scheme.

Appleton, Wis., May 8.—Wisconsin paper manufacturers today put forth a proposition that may revolutionize the newspaper and print paper industry. They propose that newspapers be printed on what is technically known as black paper, a cheaper grade.

This paper can be made out of old newspapers and rags while white paper requires spruce or hemlock wood. This move would assist in the preservation of the forests and reduce the price of print paper about one-half. Eastern manufacturers are to be consulted, hoped to bring about concerted action with the publishers of the country.

PUBLICITY MASS MEETING TUESDAY

SPECIAL SESSION OF COMMERCIAL ASSOCIATION

Committee Will Be named to Conduct Bureau—Effort Will Be Made to Secure Further Subscriptions—Interest in County Advertising Has Been Greatly Increased—Believe That Time Is Ripe For Action.

On next Tuesday evening another mass meeting will be held in the Commercial Association rooms for the purpose of taking further steps towards organizing a publicity bureau and a committee to have charge of the fund will be named at that time. For several days it has been the intention of those behind the publicity bureau movement to hold another meeting soon and this afternoon President Alexander of the Commercial Association set Tuesday evening as the time for the same.

While the meeting will be primarily for the purpose of naming a committee to conduct the bureau it is understood that efforts will also be made to secure further subscriptions at that time.

So great is the interest now manifested in the idea of advertising the resources of the county that it is believed the fund can be raised with but little difficulty. However, the soliciting committee is now refraining from any further active canvass for funds until the managing committee is named. When the latter is selected it will then be more fully known just how the fund will be used and the work of soliciting will become easier.

SERIES OF MEETINGS FOR INDIANS

At a meeting of the Indian ministers and missionaries at the Tutuilla mission church on the Umatilla reservation last night it was decided to form a circle of evangelical meetings for the reservations of the northwest for the year beginning July 1, 1908, and ending July 1, 1909.

The churches which will be included in the circle will be the following: Siltco, Kamiah 1st, Kamiah 2d, Meadow Creek, Lapwai, North Fork and Fort Hall; Crow Mission, Montana; Tutuilla, Ore.; Warm Springs, Streville, M. E. Yakima reservation. The ministers of the Umatilla and Nez Perce reservation were also invited to the Yakima reservation to assist in an evangelistic meeting to last from May 13 to 17 and a number of those present promised to go.

The meetings at the Tutuilla mission will close tomorrow night and the Nez Perce people will return home at noon, next Monday. A demonstration will be made at the O. R. & N. depot Monday before the train leaves, the Indian ministers to sing the Nez Perce songs and make brief addresses to the Indians in the Nez Perce language.

Rev. J. M. Cornelson, missionary at the Tutuilla church makes the following statement concerning the meetings:

CROWDED HOUSE HEARS GOVERNOR

Chamberlain Audience Packs Oregon Theater to Greatest Capacity.

SAYS EYES OF NATION ARE ON OREGON ELECTION

He Says Interest Is Not Because Democrat Is Running, But Because Ability of People to Assert Themselves Is at Issue—Declares Cake Is Copycat to Popular Doctrines and Not a Sincere One at That—Says Republican Candidate Has Kicked Statement No. 1 Candidates Out of Doors.

Governor Chamberlain was greeted by a packed house at the Oregon theater today, though but little notice of the meeting had been given.

For his address the governor was introduced by Will M. Peterson, democratic county chairman, and he launched at once into his subject, though his voice was hoarse from the strenuous campaigning he has been carrying on for the past week.

In his opening remarks Governor Chamberlain declared that the eyes of the United States are upon the present election in Oregon, not because a democrat was running for United States senator, but because the ability of the people to assert themselves is at issue.

Not a Convert, an "Originator" That he is not a convert to popular doctrines while H. M. Cake is such, he declared. In support of this he charged that Mr. Cake had not subscribed to statement No. 1 two years ago and this year only after being "smoked out" by W. S. Uren.

He also criticized Mr. Cake because of his attitude regarding Senator Fulton, declaring that he should have defended the senator from abuse and attack while on the stump in the primary election rather than to wait until the present.

He also declared that since the primary election Mr. Cake has "kicked" the statement No. 1 people out of doors.

Spends Strenuous Day.

The governor arrived here shortly before 12 o'clock last night after having delivered five addresses yesterday and traveled over 100 miles by auto. At 4 o'clock this afternoon he leaves for Echo where he will speak tonight after which he goes to Hermiston for an address later in the evening.

Botany Class to Pilot Rock.

Rev. W. H. Bleakney, principal of Pendleton academy, accompanied by the class in botany in the academy, went out to Pilot Rock today to secure a large number of plants and flowers for study in the botany class. There are eight members of the class and a delightful outing will be enjoyed while searching for specimens on the hills in the vicinity of Pilot Rock.

Noted Alienist Suicides.

Chicago, May 9.—Dr. J. Sanderson Christian, a noted alienist and writer on student criminology, killed himself today by locking himself in a room and turning on three gas jets.

A Statement.

I make this means to make this statement to whom it may interest since some are asking about it. The Indian ministers that have helped in the evangelistic meetings at the Tutuilla church have done so without any pay or any promise of remuneration. The same was true last year when they were here, but on the last Sabbath of their stay an offering was made which was divided equally, but it only paid a small part of their railroad fare. We hope to make a similar offering this year, but if any interested friend wishes to enlarge that offering by a small gift, such will be appreciated by the pastor and people and missionary of the Tutuilla church.

Some of the business men of Pendleton have already helped to defray the bare running expenses of the meeting, such as programs, rent of chairs and expense of pumping water, etc., and other incidentals.

Much good has been done by these meetings, all the Christians are much encouraged and the whole community will feel the effect of the meetings, and be the better for having had them.

This is a plain business statement of facts with no embellishments.

J. M. CORNELISON, Missionary.

THOUSANDS WILL SEE FLEET AT SEATTLE

For the purpose of accommodating Pendleton people who wish to see the Atlantic fleet enter Puget Sound the Northern Pacific will run a special train from this city May 22. It will leave here at 5:30 a. m. on the morning of May 22 and will reach Seattle in the evening of that day. A special rate of one and a third fare for the round trip has been granted, thus making the fare \$12.30 for Pendleton people.

The fleet will enter Puget Sound on the morning of May 23 and the arrival of the battleships will furnish the principal thing of interest for the spectators.

E. A. McKenna, traveling freight agent for the N. P., has been here today making arrangements for the special train and he says that a train of three cars, passenger coaches only,

will be run from this city. The tickets for the excursion will be good for a period of 14 days, so those who go may stay for a week or longer on the Sound if they so desire.

After the maneuvers at Seattle the fleet will go to Tacoma for a stay in that port.

Cheap Rate On O. R. & N.

In order to accommodate its patrons the O. R. & N. company has made a reduced rate from all points in eastern Oregon to Portland on the occasion of the visit of the fleet to the Puget Sound cities and every inducement will be offered to enable people to see the big fleet.

It is expected that large crowds will go from the entire length of the O. R. & N. system to witness the spectacle and Seattle is estimating the crowds which will gather there for that occasion at half a million people.
