

SEATTLE WILL FORBID GRAFTING

NO ADVANCE IN PRICES FOR FLEET'S VISIT

Hotel Keepers Have agreed That There Shall Be No Extortion—Grand Stand Will Seat 10,000 People and Seats Will Be Sold By the Chamber of Commerce at \$1 Each.

Seattle, May 11.—Visitors to Seattle during the coming reception and entertainment of the Atlantic battleship fleet, which will arrive in this city on the afternoon of May 23, are assured that they will not only receive the welcome of the city and be afforded a long program of splendid entertainment, but are also certain they will not be subjected to extortionate prices by the hotels and restaurants of the city.

The Seattle Hotel and Restaurant Keepers' association has announced that all of its members have signed an agreement not to raise above their present scale of prices during the visit of the fleet. All the leading restaurants and hotels in the city are members of the association, and the agreement not to raise prices will practically cover all the cafes usually patronized by visitors.

Arrangements are being perfected to provide plenty of seating accommodations for spectators at the time of the great land parade May 26th. In addition to the number of small stands that will be erected by private parties, an enormous grand stand will be built at the reviewing point on Second avenue.

The stand will have reserved seats for 10,000 persons and applications are now coming in rapidly for tickets. The committee has announced that a certain number of seats will be reserved for out of town spectators who desire to see the parade from this point.

Applications for seats can be sent by mail to A. F. Devereux, care the Seattle Chamber of Commerce and the tickets will be mailed as soon as printed. Purchasers should enclose \$1.00 for each seat wanted.

Great interest is being taken in the program of athletic and aquatic sports for the afternoons of May 25th and 26th. These events will be of particular interest to visitors as they will take place in locations where an excellent view of all contests can be obtained.

The aquatic sports are to be on the bay, and arrangements are under way to obtain the use of the docks of the battleships as view points for the visitors. A number of barges will be fitted up by ship owners and a fleet of excursion boats will also make special trips to the scene of the races and other events.

The athletic meet and barbecue in the large playgrounds at Woodland park will afford plenty of room for thousands of spectators to see the events in comfort.

One of the most interesting features of the water sports will be a log rolling contest for the championship of the northwest in which experts will enter from all over the northwest.

NORRIS & ROWE PLEASED 'FRISCO

CIRCUS WILL BE IN PENDLETON THURSDAY

San Francisco Declares the Performances Were a Revelation—Nearly 200 Artists of International Reputation—Scores of Trained Animals—Nearly 300,000 Paid Admissions in Earthquake City.

In its issue of Monday, January 13, the Evening Bulletin of San Francisco said: "The Greater Norris and Rowe circus, museum, menagerie, hippodrome and congress of nations, began an indefinite engagement in the large auditorium building, situated and occupying the block at the corner of Fillmore and Page streets.

The performances given were a revelation, and mark a new era in the evolution and transformation of this class of amusements. The large audiences were taken by surprise at the magnitude and excellence of the entertainment furnished.

Among the performers, and there are upward of 200 of them appear the names of artists of international reputation. Among them being the Peerless Potters, aerialists; the Honey-Mora troupe, acrobats; the McDonald family, bicyclists; the Orton troupe, wire walkers, edowns, jugglers, and trapeze artists; the Suigomoto family, Japanese performers; Herzog's high schooled horses, direct from their long run at the Hippodrome, New York city; Gelsler's comedy and dancing elephants; Rumley's trained Siberian bears, stag hounds, llamas, zebras and other animals in a big combination act; Setler's educated Shetlands; Mile Fin's Arabian stallions and the wonderful Pizini troupe.

All these acts have appeared with the big European circuses and hippodromes and any one of them would be strong enough for the feature of any show.

The riders are Rose Dockrill, Miss Castello, Mile. Fin, Nellie Ashton, George Holland, Frank Miller, Austin King, John Deere, Mickey Feeley and William Gileon. The performances are first-class in every respect, and if Norris and Rowe don't play to standing room at every performance, they will not receive what is due them."

The date of exhibition in this city is set for Thursday, May 14th, afternoon and night. The performances will be the same as those given in San Francisco in every particular, and to which 279,873 persons paid admissions to see during the phenomenal run of sixty performances. In that city of the big circus. By arrangement with the big amusement combine, Norris and Rowe will be the only big circus to visit this section this season.
