Are We Safe and Good

The seats are absolutely safe, cannot fall down, being held in place by the Curtis Truss System. No other circus is so equipped.

The detectives with the show are from the R. J. Coach Secret Service Agency at Cleveland, Ohio. Gambling and catch-penny schemes are not tolerated or permitted.

Pickpockets and sharpers are promptly spotted and locked up.

Special attention called to the Sells-Floto science of tent construction and erection to withstand rain and storm.

No privilege car. Only circus without it. The privilege car is a saloon on wheels, a gambling den that saps the pocketbooks of performers, canvas and other attaches, under cover to public and police, in direct violation of all laws and decency.

NEWS OF WESTON FREEWATER-MILTON

BISHOP PADDOCK HERE FOR LATTER PART OF WEEK

Funeral of Well Known Umatilla County Woman—Considerable Snow Fell in the Mountains—Weston Loses Game Played With Adams on Local Diamond—Normal Students at Bingham Springs.

Weston, May 13.—The Right Rev. Bishop Paddock will be here Friday for the purpose of confirming the second class at the Episcopal church.

Mrs. Fred Baderly, who has been quite seriously ill, is reported as being much improved.

The funeral of Mrs. Norman Hendryx took place Sunday under the auspices of the Knights of Pythias. The deceased died at Portland, Ore., but the body was brought here for interment.

Mr. and Mrs. Hendryx were well known in Umatilla county.

There was quite a snowfall on the mountains near here the first of the week.

Mrs. Robert French gave a delightful informal to the senior young ladies of the Normal Saturday evening.

In the baseball game played between the Weston Normal team and the Adams team a few days ago, Adams won by a score of 6 to 7. It was a good game, and was witnessed by a large crowd.

Ira E. Hopkins died Monday after an illness of some months. Funeral services were conducted yesterday at the Dunkard church, and his remains were sent to Dayton for burial.

A number of the Normal students went to Bingham Springs for an over Sunday outing, and they reported a most enjoyable trip.

Miss Naomi Stengel has gone to Monmouth where she will visit for a short time.

The grandmothers of the old Dutch Dunkard families of western Pennsylvania have made and used "Hickory Bark Cough Remedy" and reared their families on it for a hundred years. Now you can buy it of your dealers. Ask for it and use it, because it is pure; because it is the best cough remedy made today. Try it. For sale by any druggist and all dealers everywhere. CRATE OF STRAWBERRIES SOLD FROM FREEWATER.

Milton Now Has National Bank With Good Prospects — Strawberry Day Will Be Celebrated Early in June—Want More Rain in This Section—Portland Man Preaches Here.

Milton, May 13.—The first crate of home-grown strawberries appeared in the market the first of this week. They were grown by James Adrian, who lives near Freewater. He sold them to Bradley, Mitchell & Hadley for \$10 a crate, and this company sold them to the Blalock Fruit company in Walla Walla. Berries will be coming in slowly from now on, and in about two weeks there will be an abundance of them.

The Bank of Milton will immediately be converted from its present status to the First National Bank of Milton, and the new bank will be capitalized at \$50,000, fully paid. No change will be made in the general policy and management of the bank, after its conversion into a national institution. The directors of the concern are H. L. Frazier, president; William Talbert, William Nicholas, J. E. Davis, A. M. Elam, J. L. Frazier, N. A. Davis.

J. L. Elam's bank has been removed from this city. It was simply a branch of Elam's bank at Walla Walla.

Strawberry day, which had been set for June 4, promises to be one of the most glorious events of the year. A great many people will be here for this occasion, and there will be people here from all parts of the state.

Examinations are now under way at Columbia college, and next week will be commencement week.

E. C. McCook of Portland, was a recent visitor here.

Dennis Groons has returned from a trip to Attalla, Wash.

The people of this section would like to have seen a little more rain than has fallen here of late. Some good rains are expected before the month is out, which will insure good crops, although this section of the country has not yet suffered in the least, and all crops are looking tip top.

A few carloads of potatoes have

been shipped east of late by the Shields Fruit company. Heavy shipments of strawberries will be made to Spokane, Seattle and Montana points this season, and in a few days they will be on the market in abundance.

Freewater News.

Freewater, May 13.—Rev. Folsom of Portland, superintendent of the Congregational church, was in the city Sunday, and preached at the Congregational church here for two services.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have offered One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENNY & CO., Toledo, O. Sold by all Druggists, 75c. EXPECTS 1000 KNIGHTS.

Walla Walla Prepared to Entertain Pythians of Washington.

Plans for the entertainment of the thousand or more visitors expected in Walla Walla at the grand lodge meeting of the Knights of Pythias next week were completed last night at a meeting of the executive committee of the local organization, says the Walla Walla Union.
