

WOOLGROWERS SEEK MORE GRASS

WASHINGTON GROWERS
WOULD GET INTO RESERVES

Dry Ranges Force Washington Sheepmen to Seek Earlier Admission to Cascade Reserve — While Reserve Will Not Be Open Until July 1, the Sheepmen Will Ask to Be Permitted to Enter at Once.

That Washington stockmen are seriously in need of grass is shown by the fact that the woolgrowers of the Evergreen state are now clamoring to be allowed to enter the Cascade forest reserve on account of the scarcity of grass on the outside. The Yakima Republic says of the matter:

Stockmen of Washington, acting through the Washington Association of Woolgrowers, are preparing a request to be made to the forest reserve supervisor of the Rainier forest reserve at the earliest possible moment. They claim that such permission is necessary to the salvation of the flocks.

The thousands of head of stock in the eastern portion of the state are already suffering because of the lack of forage on the ranges. The ewes are not getting enough food and cannot nourish the lambs. A stunted generation would be the result of a continuation of such conditions.

Again Petition Supervisor. The reserve, in the ordinary course of events, will not be open until July 5 or thereabouts. In the winter, when the reserve was apportioned, a request was made that permission be given to enter it earlier than the date given but this request was not acted upon favorably. It will be again put up to the supervisor, the weather conditions having made the necessity, which the stockmen felt then existed, doubly great at this time.

Arthur Coffin and S. J. Cameron are among the North Yakima stockmen who think the reserve should be opened as early as possible in order to prevent serious loss to those with stock. They think that as a general thing the lower portions of the reserve can carry stock at a date earlier than is permitted, and that, new sections having been incorporated within the reserve which had previously been used by the stockmen until the old reserve was open, these sections at least might be thrown open soon.

Thinks the Rule Is Wrong. "The general rule I think is wrong," said S. J. Cameron this morning. "The whole reserve is thrown open early in July. This opening date applies to grass at the edge of the timber as well as to the land away up 6000 feet high where the snow is lying. There is good grass now at the lower altitudes which is going to waste while the snow is covering the higher altitudes where there will be no grass for some time to come.

"However, under the present policy it is all closed against the stockmen while the fodder is burned out on the low land and the stock is suffering. We are to again ask the forest reserve supervisor for permission to graze at a date earlier than that fixed for the general opening. Some of the owners will meet with serious loss otherwise and there is no question that thousands of head of stock will suffer unless relief is afforded."

A company is being formed with a capital of \$500,000 to develop long distance and wireless telephony between Mexico city and Vera Cruz.

MI-O-NA MEANS STOMACH COMFORT.

It's of Special Value to Many Here in Pendleton.

A notable discovery, and one that appeals especially to many people in Pendleton, is the combination of stomach help in the Mi-o-na treatment. This preparation works wonders in cases of indigestion or weak stomach.

It acts directly upon the walls of the stomach and bowels, strengthening and stimulating them so that they readily take care of the food that is eaten without distress or suffering.

So positive are the good effects following the use of Mi-o-na that the remedy is sold by Tallman & Co. under an absolute guarantee to refund the money if it fails to cure. A 50-cent box of Mi-o-na will do the good the stomach needs, which is simply to make it do its own work.

CARRIER BOYS HONORED GUESTS

DELIVERERS OF PAPERS
TO SEE SELLS-FLOTO.

Balloons Will Be Sent Up From East Oregonian Office, and Finders Will Be Entitled to Free Admission to the Big Circus—One Big Show That Is Not in the Trust—Approved by the Shriners.

H. H. Tammen, the fearless owner of the Denver Post, and general manager of the Sells-Floto circus, again shows his big heart. He is partial to the boys who carry the daily papers to the homes and stores. In fact, he was once a newsboy himself and sold papers on the streets.

Remembering his past he will have the carrier boys of the Pendleton papers at his circus Saturday, May 30. They will be his honored guests.

In speaking of it he says: "It will do me more good than to entertain the president of the United States or any European potentate. The newsboys are real kings. Bless every one of them."

Who Will the Winner Be? In this connection it will not be out of place to state that the Daily East Oregonian will send a big balloon up from in front of its office at 5:30 o'clock the following evenings: Monday, May 25; Tuesday, May 26; Wednesday, May 27; Thursday, May 28; Friday, May 29.

The man or boy, woman or girl, finding the balloon and returning it, or proper evidence of it, to the Daily East Oregonian office will be given by the Oregonian a ticket with reserved seat coupon to the great Sells-Floto circus that will be here Saturday, May 30.

Speaks Right Out.

H. H. Tammen was in town for a short stop-over today. He said: "It is ridiculous for a small show, whose train, parade, performance, all testify to its real size in no uncertain way, to claim allegiance to the really big shows of the world."

There are only three shows in the circus trust—Barnum-Bailey, Ringling Bros. and Buffalo Bill's Wild West. There are a number of smaller circuses that appear to do their bidding.

"Sells-Floto is not in the trust and we are proud of it. Sells-Floto is the only circus that exhibited in San Francisco this season. The engagement was under the Shriners and \$5000 was given to charity. Sells-Floto is the only circus with the Shriners' approval, the highest recommendation this side of the angels."

Mr. Tammen further said: "Citizens should not be misled. They have a way of finding out. The telephone, telegraph and traveling men know the different shows. Inquire, investigate and always look an outfit over. See their cars and go through them. See the parade, the horses and their stables. Peep into the 'cook tent'. Sells-Floto urgently request that this be done as to their show. What other circus urges this? And then we were here last year. Sells-Floto is known and now it is up to the people. I have faith in the good, sober judgment of the citizens. Our date in Pendleton is Saturday, May 30."

The Pendleton Girl. A letter from the 'Pendleton girl' with the Sells-Floto circus to be here Decoration day (May 30), requests that the newspapers quit mentioning her. She would like to slip into her old town and right out again without being known. From the way the people are interested she will be unable to do this. It is a safe wager or bet that some one will recognize and pick her out. "Who is she?" is still the paramount question for discussion and will so remain until Sells-Floto circus day, Saturday, May 30.

Week End Excursions to Hermiston. Beginning Saturday, May 2 and continuing indefinitely during the summer, the O. R. & N. will run excursions to Hermiston and the government reservoir, on Saturday and Sunday of each week. The ticket over the railroad will include the passage by stage from Hermiston to the government dam. A round trip rate of \$2.80 has been made from Pendleton, including the stage trip to the dam. Excursionists going down on Saturday must return Sunday; those going down on Sunday must return Monday. This promises to be a delightful trip and offers every inducement to visit and inspect the \$1,000,000 government irrigation project six miles from Hermiston.
