AMONG THE EXCHANGES OF THE INLAND EMPIRE

Irrigation Plant Finished.

Water from the Snake river at Five
Mile rapids, a short distance east of
Pasco, has just been turned into the
power canal of the Pasco Power and
Water company and rotary pumps
were started capable of handling 25-
000,000 gallons of water per day, car-
rying it to 13,000 acres of desert land
which are to be reclaimed, under the
Pasco company's scheme, says the
Walla Walla Bulletin.

Within a short time after the pumps
were started at the power house of
the company on the south bank of the
Snake, the water was flowing down
the main canal. There are in all about
36 miles of canals and laterals.

Within a few days there will be a
formal opening of the Pasco Power
& Water company's irrigation scheme
at the junction of the Snake and Co-
lumbia rivers. This is the first large
pumping irrigation enterprise to be
completed in this state and its loca-
tion in a district which cannot be ir-
rigated by any other means makes it
of unusual importance.

There are 12,000 acres of land to
be irrigated in the Two Rivers district
and much of this is already taken up,"
said a Pasco man today. "It has been
positively demonstrated that the pump
will lift the water from the Snake riv-
er to the canals, 85 feet above, with-
out the least difficulty, and maintain a
steady supply of water. The daily ca-
pacity of these pumps is greater than
the water supply of the city of Seat-
tle."

Will H. Parry, president of the
company, is arranging for the opening
celebration. A new town named
Luther Burbank, the great botanist,
will be the ultimate headquarters of
the district. The plant just complet-
ed involves an investment of approxi-
mately \$350,000.

To Introduce Cacia Trees.

In order to introduce cacia trees in-
to the northwest, and especially into
Walla Walla, George MacMartin of
this city, has secured the promise of
A. L. Cauvel, now in California, to
bring several of these trees home
with him on his return, says the Wal-
la Walla Bulletin. The acacia tree is
a native of California, and is one of
the most popular trees in that state,
owing to the fact that it is green the

year round.

A. L. Cauvel of this city is at pre-
sent in San Francisco as a delegate
from the local Ancient Order of For-
esters to the grand lodge, which is in
session there. Mr. Cauvel will return
in about 10 days to Walla Walla.

Mr. MacMartin, who formerly lived
in California, is well acquainted with
the cacia tree and knows it is one of
the best trees for both shade and or-
nament that is possible to grow. He
says he thinks the tree will grow in
this country without any trouble, and
could it become popular here to such
an extent that it would be selected as
the principal shade tree, he thinks the
beauty of the city would be much im-
proved.

The trees to be brought from Cali-
fornia by Mr. Cauvel will be small,
and will probably be started here in
large tubs. After they have reached a
stage when they can be set out in the
open, they will be taken to the Ma-
sonic cemetery. The climate
needed for the successful growth of
the acacia tree is one that is even, sud-
den changes often being disastrous to
it. It is thought the climate of this
section of the country will be very
suitable.

Large Pumping Plant.

There was an excursion yesterday
from all points on the S. P. & S. rail-
way west of Patterson on that line to
that station where the Patterson Land
company is operating the largest
pumping plant in the world, it is said.

It was to give the public an oppor-
tunity to see this pumping plant that
the excursion was given yesterday, but
the project was not well patronized,
though it was advertised on the north
side of the river, all along the route.

The pumping plant is said to be the
largest in the world and is run by gas-
oline, has two pumps, one with a ca-
pacity of 2000 gallons per minute, to
an elevation of 250 feet, and the other
having a capacity of 6000 gallons to
an elevation of 75 feet.

Two thousand acres can be reclaim-
ed by this plant. The land along the
Columbia is very fertile when once it
is placed under irrigation.

Patterson is about 87 miles from
Granddallas, and 50 miles west of
Pasco, and is in Benton county.—The
Dallas Chronicle.

CONDEMN DISFRANCHISEMENT.

Georgia Republicans Would Re-Elect
Roosevelt.

Macon, Ga., May 13.—Georgia Re-
publicans, both white and black, are
gathering in Macon today for the
state convention of the party, which
will be held tomorrow and which will
nominate a state ticket and elect four
delegates at large to Chicago.

Although President Roosevelt has
been endorsed by the state committee
and a movement has been set on foot
to demand his nomination for a "sec-
ond elective term," it is likely that the
negroes will oppose any attempt to in-
struct the delegates for Taft.

The Georgia disfranchisement act
has been bitterly condemned by the
state committee. Despite this, the ne-
gro wing of the party has issued a call
in which the committee is declared to
be "dominated by federal office hold-
ers, henchmen and political trick-
sters," and to be "the most rotten and
corrupt organization that has ever dis-
graced any state of this great union."

A Californian's Luck.

"The luckiest day of my life was
when I bought a box of Bucklen's
America Salve," writes Charles F. Bu-
dahn, of Tracy, California. "Two 25c
boxes cured me of an annoying case
of itching piles, which had troubled
me for years and that yielded to no
other treatment." Sold under guar-
antee at Tallman & Co.'s drug store.

THE MAN AT THE THROTTLE.

National Convention of Locomotive
Engineers Meets Today.

Columbus, O., May 13.—Thousands
of delegates and visitors, representing
the 36,000 members of the Brother-
hood of Locomotive Engineers and the
40,000 members of the Woman's Aux-
iliary, are here today for the national
convention.

The man at the throttle was given
a hearty reception by the city offi-
cials, commercial bodies and labor
unions of Columbus and will be en-
tertained in a lavish manner during
the convention, which will probably
extend through three weeks. Many
matters of importance are before the
brotherhood and will be fully thresh-
ed out at the business meetings.

All parts of the country are well
represented and the south has sent
many strong delegations which will
assist New Orleans in its fight to se-
cure the 1910 convention for the
Crescent City. The brotherhood has
not held a convention in New Orleans
since 1886.

The old Pennsylvania Dutch Dunk-
ers recommended "Hickory Bark
Cough Remedy." Guaranteed to cure
your cough, and guaranteed to be
pure. Made from the bark of the
shell bark or white hickory tree. For
sale by any druggist and all dealers
everywhere. Pendleton Drug Co.

Confederate Daughters.

Chattanooga, Tenn., May 13.—A
luncheon to the hundreds of delegates
and visitors, among whom are many
of the leading women of the south,
opened the reunion of the United
Daughters of the Confederacy, Ten-
nessee branch, this afternoon. The
formal reception will be held this
evening and will be one of the great-
est social events of the year in Chat-
tanooga. Other social features will
be trips to the mountain and Chicka-
mauga Park.

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous
for Pendleton People to Neglect.

The great danger of kidney trou-
bles is that they get a firm hold be-
fore the sufferer recognizes them.
Health is gradually undermined.
Backache, headache, nervousness,
lameness, soreness, lumbago, urinary
troubles, dropsy, diabetes and
Bright's disease follow in merciless
succession. Don't neglect your kid-
neys. Cure the kidneys with the cer-
tain and safe remedy, Doan's Kidney
Pills, which has cured people right
here in Pendleton.

Mrs. D. Coffman, living at 221
Stonewall Jackson street, Pendleton,
Ore., says: "About a year ago I was
having considerable trouble from se-
vere pains through my back and fi-
nally came to the conclusion that they
arose from a disordered condition of
my kidneys, as a cold was sure to set-
tle in these organs and greatly ag-
gravate my suffering. I had known
of the merits of Doan's Kidney Pills
for a long time and at last decided
to try them, procuring a box at the
Pendleton Drug Co. They helped me
from the first, and after I had used
the contents of one box, not a pain or
ache remained and the kidneys were
again restored to their natural con-
dition. I know of others who have
used Doan's Kidney Pills with
excellent results and feel that I can-
not speak too highly in favor of
them."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.

Remember the name—Doan's—
and take no other.

Notice to Poultry Raisers

weak or run-down person cannot ex-
pect to become thoroughly strong.
Sistine Pills are the strongest and sur-
est tonic in the world. The price is
\$1 a box, six boxes \$5, with full
guarantee. Address or call the Pen-
dleton Drug Co. This is the store that
sells all the principal remedies and
does not substitute.

Irrigation Talk No. 20.

A very interesting story is related by Mr. W. L.
Thompson of the Commercial National Bank as to his
experience in reference to irrigated lands at Lewiston.
His Bank had the handling of all the deeds, and, to
use his own language "I found within the period
of two years, men who had purchased 10 and 15 acre
tracts at \$100 per acre were disposing of the greater
part of their holdings at \$250 to \$300. I watched this
upward climb of prices and finally bought in a tract of
land at \$500 per acre. My associates in the Bank
later purchased at \$750 per acre."

Mr. Thompson has taken a tract of our land which
will be put in fruit this Fall.

Prices now \$100 per acre including water rights.
Easy terms.
