HIGH SCHOOLS IN TRACK MEET

BAKER CITY EVENT TO BE WELL ATTENDED

Teams from Pendleton, La. Grande,
Cove, Island City, Ontario and Baker
City—Will Participate—Baker Is
Hopeful of Winning Many Points—
All the Schools Have Fast Men.

The Baker City Herald says of the
eastern Oregon high school field meet
which is to be participated in by six
eastern Oregon high school teams at
Baker City this week.

Unusual interest centers in the
track and field meet to be held in this
city on May 16 in which all the
schools of eastern Oregon will be
probably Weston and Payette will
represented. Pendleton, La. Grande,
Island City, Cove, Union, Ontario, and
send teams to participate in the various
events.

When the meet was first called it
looked as though Pendleton had a
mortgage on the meet, but in the last
few days developments have put a
different appearance on things.
Pendleton was depending greatly on
Oscar Jay to win a large number of
points, but reports have been quietly
circulating recently to the effect that
Jay will not be the only man in the
meet. Word comes from Ontario that
one of the sons of the sagebrush plains
has a knack for pole vaulting that
will leave Jay in the shade.
Oscar Enberg is again taking an ac-
tive part in athletics of this school and
will doubtless take the discus away

COFFEE

A middling steak and
first-rate coffee are better
than middling coffee and
first-rate steak. Con-
sider the cost.

Your grocer returns your money if you don't
like the Schilling's Best; we pay him.

from Jay: There are some other heavy
weight men coming that will give Jay
a hard struggle in various events. Jay
may take the high jump, but will not
win as many points as his supporters
have been counting on.

When it comes to the sprints there
will be a warm contest for first place
for Baker, Pendleton and Island City
have fast men, and if they are in good
condition the sprints will be about the
prettiest events pulled off. Interest
in the event is growing every day and
the meet will undoubtedly be the
greatest ever held in this city.

HOTEL ARRIVALS.

Hotel St. George.
G. A. Koellig, Walla Walla; Fred C.
Cook, A. W. Leach, S. O. Markman,
Portland; Geo. Retzer, Walla Walla;
W. A. Palmer, Echo; Joe Bailey, Fos-
ter; E. R. Shranklin, Echo; John
Clancy, Wm. Dunn, Chas. B. King,
Portland; L. H. Agness and wife, Chi-
cago; A. L. Myrick, Helix; L. Brew-
ster, Helix; E. E. Hogan, Seattle; J.
F. Lacey, Portland.

Golden Rule Hotel.

G. G. Kirkham; R. W. Cook, Con-
don; G. M. Smith, Condon; J. F. Cook,
Condon; Mrs. Ida Johnson, city; J.
M. Taylor, Stage Gulch; William Bu-
chanan, Portland; J. N. Leslie, Jun-
iper; Mrs. John Bens; D. A. Peebler,
Stage Gulch; J. N. Gentry, Holdman;
C. R. Cresswell, Freewater; Pansy B.
Olson, Athena; Gertrude Harton,
Athena; E. E. Parker, Pilot Rock;
Mrs. N. B. Quinan; H. C. Quinan;
Fred Taylor, Portland.

Frightened Women.

Running about wearing only a hat,
a wild or insane man has selected
West Geneva, near Bellingham, Wash.,
as his stamping ground and has bad-
ly frightened women by chasing
them. Reports of the man's actions
have been made to President Phillips
of the Whatcom County Humane so-
ciety. The judge says he was told that
the man chased one woman half a
mile.

Card of Thanks.

We wish to extend our heartfelt
thanks to the many friends and rela-
tives and especially the Woodmen of
the World, who so kindly and willing-
ly assisted during the late illness and
death of our beloved father, Robert
C. Templeton. (Signed) Children of
Robert C. Templeton.

May Build Lind Cut-off.

The Northern Pacific, it is reported
in Ellensburg, will build a short line
between Ellensburg and Lind, parallel-
ing the Chicago, Milwaukee, St. Paul
railway, now rapidly nearing comple-
tion between the two places. By
building a five-mile spur over a min-
imum grade from Thrall, seven miles
southeast of Ellensburg, the Northern
Pacific can tap the St. Paul's newly
acquired territory and it is reported
that is the intention of the old com-
pany.

Rushing Alaskan Road.

Cordova claims to have 999 men en-
gaged in ballasting track, excavating
cuts, putting in sidetracks and estab-
lishing the grade on the Copper River &
Northwestern railroad, says the Se-
ward, Alaska Gateway. An electric
light plant is to be erected at Power
creek about six miles from the town,
and near the head of Cordova bay. A
sawmill will probably be built and op-
erated in the same place.

Spokane Stops Sunday Music.

Chief Rice has issued an order to
the police to stop all music in saloons
and lunch counters on Sunday, says
the Spokane Chronicle. The order
is the result of a number of com-
plaints which have been made to the
police. Several have graphophones
and other mechanical musical devices
which are said to be disturbing to
those in the surrounding buildings
and it was decided to cut out all this
noise at least one day in the week.

Gets Big Verdict.

An employee named Oldland, of Co-
quille, who sued the Oregon Coal &
Navigation Co. for damages for in-
juries which have made him a cripple
for life, while working for them in
the Libby coal mines, was granted
\$5166.66. This case has been tried
three times, was taken up to the su-
preme court, but was remanded for
trial again.

Dr. C. F. Lathrop, an osteopath
physician of Seattle has brought suit
for \$75,000 against about a score of
other physicians in the building in
which he has offices. It is alleged
that they petitioned the owners of the
building to have the osteopath re-
moved from the building and in the
petition they alluded to him as a
quack.

GROW WEEDS TO PREVENT DUST

O. R. & N. EXPECTS TO SAVE
MONEY AND COMFORT.

May Sow Grass—Plan to Cover
Ground so Train Suction Will Not
Raise Dirt—Expense of \$40,000 Will
Be Saved—Section Men Will Be In-
structed to Cultivate Instead of De-
stroy.

Walla Walla, Wash., May 14.—To
save \$40,000 in wages and at the same
time control to some extent the dust
which troubles travelers, is the plan
of General Superintendent Buckley of
the O. R. & N., who this year proposes
to allow weeds to grow along the
tracks wherever it is possible. Instead
of keeping the track clear of weeds
by cutting them with shovels, the sec-
tion men are instructed to allow them
to grow, keeping them trimmed close
to the rails that they may not come in
contact with the wheels of cars and
cause trouble.

It is estimated that the company
spends \$40,000 each year in cutting
weeds, and, incidentally, keeping the
soil worked so that winds catch the
dust, and during hot weather enough
of it is carried along the rapidly-mov-
ing trains to almost strangle the pas-
sengers. Wherever weeds have been
allowed to grow dust has never trou-
bled, and this fact has caused Mr. Buck-
ley to try the experiment of allowing
weeds and grass to cover the ties,
especially the soil at the ends of the
ties outside the rails.

The company is now figuring on
sowing a short, thick grass on the line
to form a mass of roots to prevent the
dust from raising. It is said that
some heavy, short grass can be grown
for this purpose with splendid results,
and even where the track has to be
worked a great deal the grass will soon
take root again and cover the surface
so that dust will not raise by the suc-
tion of passing trains.

Roadbed treatment with oil gives
splendid satisfaction after the oil set-
tles, but the dust picked up by trains
before the oil disappears in the soil
has a tendency to stain clothing as if
touched with fresh grease, and con-
siderable complaint always follows the
use of oil on this account.

THE BEES AND THE DRONES.

An Economic Fable on the Social
Conditions of Today.

New York City, May 15.—(To the
Editor of the East Oregonian.)—And
(drones) owned all the fields and
flowers and had fine wire screens
it came to pass that the male bees
placed over them with large easily
read signs prominently displayed
warning the busy bees to keep off the
fields and flowers. Others read "No
trespassing allowed under penalty of
the law," still others read, "This is
private property, beware of the dog,"
etc.

In addition the drones hired giant
hornets with long sharp stingers and
fed them well to see that the laws
were enforced. As a result the busy
bees were idle, discontented and hun-
gry and unhappy. So they held meet-
ings and swarmed into the public
squares and passed resolutions and ap-
pointed committees to call on the
drones and demand that the screens be
removed and that they be allowed to
gather honey from the fields and
flowers.

But the drones preached to them
and told them that the reason they
were poor and hungry was because
they were too fond of the juice of the
poppy-coon flower, and that they had
too many baby bees which caused over-
population and congestion and that
they needed a higher tariff to keep
out foreign pauper honey which caused
over-production so that the drones
and the hornets couldn't possibly eat
it all and therefore they must be pa-
tient and cheerful until the drones
could get rid of it and then they would
take the covers off the fields and
flowers and give them a chance to go
to work again.

In the meantime they should be ap-
titudistic and cheerful and happy and
love one another and be honest and
respect the rights and sacredness of
private property, especially in the
fields and flowers which was the very
foundation of society and that they
should never forget that there had
always been poor bees as long ago as

Married Women

Every woman covets a
shapely, pretty figure, and
many of them deplore the
loss of their girlish forms
after marriage. The bearing
of children is often destructive
to the mother's shapeliness.
All of this can be avoided,
however, by the use of Mother's Friend before baby comes, as this
great liniment always prepares the body for the strain upon it, and
preserves the symmetry of her form. Mother's Friend overcomes all the
danger of child-birth, and carries the expectant mother safely through
this critical period without pain. It is woman's greatest blessing.
Thousands gratefully tell of the benefit and relief derived from the
use of this wonderful
remedy. Sold by all
druggists at \$1.00 per
bottle. Our little
book, telling all about
this liniment, will be sent free.

DOCTOR ADVISED USE OF CUTICURA

After Other Treatment Failed—
Eczema in Raw Spot on Baby
Boy's Face Lasted for Months—
Cried with Pain when Washed.

ECZEMA WAS CURED AND
HAS NEVER REAPPEARED

"Our baby boy broke out with
eczema on his face when one month
old. One place on the side of his face
the size of a nickel was raw like beef-
steak for three months, and he would
cry out when I bathed the parts that
were sore and broken out. I gave him
three months' treatment from a good
doctor, but at the end of that time the
child was no better. Then my doctor
recommended Cuticura. After using
a cake of Cuticura Soap, a third of a
box of Cuticura Ointment, and half a
bottle of Cuticura Resolvent he was well
and his face was as smooth as any
baby's. He is now two years and a
half old and no eczema has reappeared.
I am still using the Cuticura Soap; I
think it is the finest toilet soap I ever
used. I keep my little girl's hair and
face cleansed with it too. I am so
thankful for what Cuticura has done
for us. Mrs. M. L. Harris, R. F. D. 1,
Alton, Kan., May 14 and June 12, '07."

SANATIVE

Antiseptic Cleansing Is Best
Accomplished by Cuticura.

Women, especially mothers, find Cuti-
cura Soap, Ointment, and Pills the pur-
est, sweetest, and most
effective remedies for
preserving, purifying,
and beautifying the
skin, scalp, hair, and
hands, for the treat-
ment of inflammatory
and ulcerative condi-
tions, as well as for re-
storing to health,
strength, and beauty
pale, weak, nervous,
prematurely faded, run-down women.
Guaranteed absolutely pure under the
United States Food and Drugs Act.

Complete External and Internal Treatment for
Every Humor of Infants, Children, and Adults con-
sists of Cuticura Soap (25c) to Cleanse the Skin,
Cuticura Ointment (50c) to Heal the Skin, and
Cuticura Resolvent (50c) for the Form of Chronic
Cutaneous Pimples, 25c. per box of 60 to Purify the Blood.
Sold throughout the world. Cuticura Soap & Cream
Co., Sole Props., Boston, Mass.

25¢ Mail Free, Cuticura Book on Skin Diseases.

anyone could remember and that there
always would be poor bees, that it was
a law of nature and that nobody
could change insectological nature.
And the busy bees went home in a
brown study and thought and thought
about it until their head ached worse
than their stomachs. Then they stop-
ped thinking.

DAN CAVANAUGH.

IS COLUMBIA MINE SOLD?

Famous Property of Sumpter District
May Be Rejuvenated.

It is rumored in Sumpter today that
the Columbia mine, one of the old
stand-by producers of the Sumpter
district, is to have new ownership,
says the Baker City Herald.

While there is nothing definite given
out it is understood that New York
parties have had mining engineers and
experts on the property at different
times within the past few months
making reports on conditions of the
mine, grade of the ores, and possible
improvements.
Charles Leibenstein, according to
the rumor, is the man who is making
the deal and if this be true there is
some reason to believe that there may
be a foundation for the rumor, as Mr.
Leibenstein has in the past some very
handsome transactions in Idaho min-
ing country.

Should the Columbia change hands
it will probably add a new impetus to
mining in eastern Oregon. Not that
the great mine has not been a wonder-
ful payer in the past, for it has, but
a deal on a large property always ex-
cites more or less interest from min-
ing people and causes investigation in-
to surrounding mines and country that
probably otherwise would not be
made.

Married Fifty Years.

Mr. and Mrs. Henry H. Leonard, of
The Dalles, celebrated the 50th anni-
versary of their wedding Saturday
night. It was a unique affair in that
it was made the occasion of a reunion
of the old soldiers of J. W. Nesmith
Post, No. 22, G. A. R., and of J. W.
Nesmith W. R. C. No. 17. Mr. Leon-
ard was a volunteer in the First Ore-
gon cavalry during the civil war.

Every woman covets a
