MOUNTAIN POTATOES GO OUT BY CARLOADS.

Farmers Glad to See the Good Rain—Cheers for Demonstration Train Yesterday—Interest in Ball Game Which Will Be Played Sunday.

Athena, May 15.—Mountain potatoes are now being delivered at the Northern Pacific depot at the rate of from three to four carloads per day. About 10 carloads have already been shipped out. About 80 carloads have been contracted for to Seattle and coast points.

The farmers of this section of the county were pleased to see the rainfall of yesterday and last night, and it will be of great benefit to all growing crops. The wheat in some places was beginning to show the want of rain badly.

Many of the people from about here were here to see the demonstration train.

E. F. Zimmerman, field worker for the Oregon Anti-Saloon league, delivered an address at the M. E. church in this city last evening. A series of fine stereopticon views were shown. No admission was charged.

Bert Richards, who has been quite ill with the mumps for some days, is improving.

Hazel, the little daughter of Mr. and Mrs. Charles Brotherton, who has been quite ill, is improving.

The funeral of Mrs. Ira Luna was well attended yesterday.

The local baseball team is taking considerable interest in the game of ball that will be played here next Sunday between the Pendleton second nine and the local team.

Boys Destroy Cement Walk.

A gang of boys thought to be school hoodlums, from the Central building, last night destroyed a block of newly laid cement sidewalk on Spruce street, says the Yakima Republic. The entire block of walk was marked with footprints and other defacement. Obscene language had been written in the wet cement necessitating the re-coating of the entire block by the contractors, Felton & Wimer. An effort to apprehend the wanton property destroyers is being made. Suspects will be dealt with in accordance with the law regulating the defacement of property if the proper evidence can be secured against them.

Will Issue Twice a Week.

The Columbia Chronicle, published at Dayton, Wash., which was not long ago sold to a syndicate of Dayton men, has been changed from a weekly to a semi-weekly, commencing last Saturday. The Chronicle is one of the solid republican papers of southern Washington.

Five Years in Prison.

George Hayden, formerly of Spokane, has entered a plea of guilty in the district court at Missoula, Mont., on the charge of attempting to kill his wife. He was sentenced to five years in the state prison.

POPULAR YOUNG COUPLE WEDDED TUESDAY

Many Prominent Speakers Engaged for the Pioneer Reunion—Bishop Paddock Here This Evening—Demonstration Train Was a Feature of Attraction.

Weston, May 15.—The marriage of Miss Susie Amidan of Ogden, Utah, and Coleman Carille took place Tuesday evening at the home of the groom's parents, Mr. and Mrs. J. R. Carille, near the city, the Rev. Payne performing the ceremony. The bride's home was in Ogden, Utah, and the couple will make their home here.

Bishop Paddock of the Episcopal church, will be here this evening for the purpose of giving several young people their first communion.

Weston people turned out in great numbers yesterday for the coming of the demonstration train. The lecture was very much appreciated.

The committees who have the arrangements for the pioneer picnic in charge are getting along nicely and one of the best programs ever given here on such an occasion will be rendered.

A number of the people from this section of the county are talking of taking in the excursion to Hermiston May 27, when the opening of the big irrigation project will be celebrated.

Cake Will Address Pioneers.

The occasional speakers for the annual reunion of Umatilla county pioneers at Weston, held here successively for the past 13 years, will be Hon. H. S. Blanford of Walla Walla and H. M. Cake of Portland, republican candidate for U. S. senator. Mr. Blanford will deliver the memorial address Thursday, May 28, and Mr. Cake the annual address, Friday, May 29.

Saturday, May 30, is political day, and Hon. H. M. Gearin of Portland will represent the democrats, and the republicans are arranging for a speaker. The Eagles band of Pendleton has been engaged and there will be plenty of amusement for three days.

GOVERNMENT NEEDS CASH.

Certificates Being Used to Pay Bills on Idaho Reclamation Project.

Like other reclamation projects at the present time, the Minidoka project is suffering from a shortage of funds and Project Engineer Camp is driven to his wits' end to devise ways and means for carrying on the necessary work with the limited amount of cash at his disposal, says a Rupert, Idaho, paper. South side certificates are used to meet every item of expenditure that can be paid in that way, even lumber being purchased with this scrip. Beginning with the 10th of this month, all men on the survey crews on the south side will be paid in certificates and their salaries are raised 10 per cent to cover any loss on the scrip.

This scrip is still marketable at close to par, none of it having gone lower than 90 cents. If the general land office ever finds out that it is required to take the scrip for all payments due the government it will command a better figure.

Many bids have been received for the grading on the third lift on the south side and the contracts will be awarded today.

The remains of William McCruden, known as the "Catholic Kid," who disappeared from Saltese, Mont., last December, was found a couple of days ago in the mountains. He had evidently perished with cold.

What do You Get On Pay Day

Just enough to carry you to the next without a dollar to spare? Then this offer of the I. C. S. is vital to you. If you will write, telling the occupation you wish to rise in, this great institution will show you how you can, without neglecting your present work, leaving home, or distressing yourself financially, qualify yourself for a higher position and a better salary. It puts you under no obligation to write us. This is a bona fide offer to earnest men and women by an institution of 15 years' standing, representing an invested capital of 6 million dollars. Can you afford to pass it by?

OBSTINATE ULCERS MAY LEAD TO CANCER

There is no difference, at first, in the appearance of a cancerous and a common ulcer, and for this reason every sore that is obstinate or slow in healing should excite suspicion, for the sore is nothing more than the external evidence of a polluted blood, and if allowed to remain may degenerate into Cancer. Efforts to heal the ulcer by means of salves, plasters and other external remedies always result in failure, because such treatment can have no possible effect on the blood, where the deadly germs and morbid matter form, and are carried through the circulation to the place. No sore or ulcer can exist without a predisposing internal cause, and the open, discharging ulcer or festering old sore will continue to eat deeper into the surrounding flesh as long as a polluted, germ-infected circulation discharges its impurities into it. S. S. S. goes to the fountain-head of the trouble, and drives out the germ-producing poisons and morbid impurities which keep the ulcer open. Then as this rich, purified blood goes to the diseased place the healing begins, all discharge ceases, the inflammation gradually leaves, new tissue and healthy flesh are formed, and soon the sore is permanently cured. S. S. S. is made entirely of roots and herbs of a healing, cleansing nature, and unlike mineral medicines, does not damage the delicate parts of the system. S. S. S. tones up every part of the body. Book on Sores and Ulcers and any medical advice desired free.
