AMONG THE EXCHANGES OF THE INLAND EMPIRE

Preparing for Fair.

Preparations are now all under way for the fair and races to be held in this city October 12 to 16 inclusive, says the Baker City Herald. The directors have decided upon this date because it will follow the races at Caldwell and bring Baker City in the Idaho circuit. Practically all of the horses that will compete in Idaho will come to Baker City and some of the best races ever held here will be seen at that time. Local people who have horses they wish to enter should be getting them in readiness for the meet. Local people who have fast horses are not being overlooked and the management is preparing to hang up a good purse for Baker City horses that have never started for public money. The event will be a harness race and should attract a large number of entries.

The state gives \$1200 each year to Baker county to be awarded as premiums at the county fair and the directors are now making up the premium list to send to the state printer. Any one who has any special request to make for premiums should see Mr. Correll at once and if the change is expedient it will be made. The date of the fair gives plenty of time for the maturing of all fruits, vegetables and grain so that there should be a fine exhibition of all products.

Rowdies Destroy Church.

Farmers residing in the vicinity of the Cottonwood Presbyterian church are highly incensed over the wanton destruction of church property by members of picnic parties and an effort will be made to put an end to the depredations, says the Walla Walla Union. A large grove surrounds the church, which is located east of Walla Walla about seven miles, and parties have been given use of the grounds for picnics.

Not content with breaking windows and smashing in the doors, members of several parties have been guilty of smashing the church organ, breaking out the stove and carrying away lamps. Residents in that vicinity stated yes-

terday that a stop will be put to the depredations even if it becomes necessary to appoint a special officer to guard the property. "In all probability if the rowdism does not cease, picnic parties will be barred from the grounds."

A Children's Fair.

In connection with the district fair to be held in The Dalles, Oregon, next October, 1908, a school children's industrial fair will be held which will be opened only to pupils in the public high and parochial schools of the five counties of the district, namely, Crook, Sherman, Gilliam, Wheeler, and Wasco counties. For this it is planned to provide a separate pavilion and reward the makers of meritorious exhibits with medals, ribbons, and diplomas. These exhibits however, must be entirely the work of the children or young people of the schools, that is, if flowers or vegetables they must be grown in their own garden and cared for by their own labor, or if needle or mechanical work it must be the fruit of their own labor.

The exhibits will be divided into two classes: (1) Those by all children over 12 years of age and (2) those by all children 12 years of age and under.

A Flying Car.

A car loaded with flour from The Dalles, broke away from the Wasco Warehouse and Milling Co. warehouse about train time Saturday morning and whizzed out of Moro, down grade at the rate of 70 miles an hour as it passed DeMoss springs, says the Moro Observer. The freight train was a short distance ahead of it and it was very easy that there would be somebody killed when the runaway caught up with it, which fortunately didn't happen, as the flour car literally flew into the air, a mile behind the train and averted a calamity. Hardly was a scratch made on the ties where the car left the track, and the trucks shot 100 yards ahead of the wreck, which was total. About 200 sacks of flour out of the carload were saved in passable condition.

SIMPLE WASH CURES ECZEMA.

Itching, Burning Skin Disease Cured Without Use of Injurious Drugs.

Great inventors often have been praised for surrendering the secrets of their discoveries. Practically the same thing happened in the medical world in the case of Dr. Decatur D. Dennis, the eminent skin specialist of Chicago.

Dr. Dennis, in his own office practice, discovered that pure vegetable oil of wintergreen, properly mixed with other simple remedies was practically a sure cure for eczema, psoriasis, barker's itch, salt rheum and other itching skin diseases. But the oil of wintergreen alone was found ineffective. It required other mild ingredients such as glycerine and thymol compounded with the wintergreen to produce the real eczema cure.

This compounded D. D. D. Prescription positively takes away the itch at once—the instant it is applied to the skin. This vegetable "fluid" does away with deleterious drugs so long used in an attempt to doctor the blood, whereas modern science has determined that eczema is first and all the time a skin disease.

If you want to know more about the merits of D. D. D. Prescription, call at our store. We vouch for this remedy. Pendleton Drug Co.

Irrigation Talk No. 24.

Mr. Roosevelt of the Boston Store thinks well enough of the Furnish-Coe lands to invest his money in a tract on the project. Although the project has been on the market but eight weeks, we have sold to date over 30 per cent of the total acreage, the purchasers for the greater part being men who had first made an inspection of irrigation projects in Idaho, Washington and Oregon. The consensus of opinion, of the men who have gone over our lands, has been that we are not asking enough money. We are giving every opportunity to the people of Umatilla County, to get in on the ground floor. Something is going to happen very soon. We again repeat that this land, purely as land will greatly increase in value within six months. Price low now. Terms easy.
