CIRCUS HERE SOON

AGENTS ARE NOT
ALLOWED TO MISREPRESENT.

Sells-Floto Show Will Appear in Pen-
dleton in One Week—A Western
Institution — Los Angeles Papers
Speak in Highest Terms of Perform-
ances—Large Crowds Witness Won-
derful Acrobatic Stunts.

The big Sells-Floto shows are com-
ing to Pendleton May 30, and as this
wealthy western institution does not
belong to the circus trust, will pos-
itively give the usual street parade.
Moreover, the agents have positive or-
ders never to misrepresent a single
item or feature. The entire enterprise
is built on honest endeavor to give
every one his money's worth. A child
can attend alone, present a \$10 bill
at the ticket wagon and receive the
correct change. No "privilege car" is
carried by the Sells-Floto manage-
ment, a device conceived to absorb
the performers' and working men's
money in gambling and drinks. Nei-
ther do they permit their press
agents to indulge in adjectives galore
while, in their enthusiasm, telling of
the vast wonders the visitor is to be-
hold. As a check to any misrepresen-
tation the plan in vogue is to repro-
duce, without alteration or alliteration
the reprint from well known conser-
vative newspapers their own criticisms
of the show. The Los Angeles Exam-
iner, well known for its honesty and
fairness, says:

"It has been said that when you see
one circus you see all circuses, mean-
ing that they are alike. This may be
true of the general run of such enter-
tainments. There may be bigger com-
panies on the road, there may be some
with more canvas tents, more lemon-
ade vendors, more sellers of popcorn
and palm leaf fans, but certainly there
is none with a greater variety of
wholesome entertainment. The Sells-
Floto show is called 'the circus beau-
tiful.' If an entirely clean perfor-
mance if spick and span wagons, atten-
tive employees, courtesy to the public
and compliance with all the advance
promises made a 'circus beautiful,'
then the Sells-Floto combination is en-
titled to the description.

"The big tent was filled to its ca-

paucity at the performance this after-
noon and if there was one dissatisfied
spectator he failed to make his pres-
ence known. From beginning to end
the circus is worth seeing. The man-
ageria is complete and the program
contains about everything that is
worth seeing in the circus line. A
special feature is made of the trained
animals, the acrobats and the clowns
and all of them are excellent.

"Specially notable is the perfor-
mance of the five Potters, a family of
acrobats that surpasses anything in
its line ever seen here. The double
twisting somersault done by the Pot-
ters in the air while swinging from
one trapeze to another, and various
other feats were real novelties.

"In addition there were remarkable
slack wire performances by the fa-
mous Alpine family that accomplish
entirely new and dangerous feats. The
trained animals were all good and the
clowns, of whom there were some
thirty odd, kept the audience in an
uproar of laughter with their antics.

"The Sells-Floto show 'won a home
for itself,' as the saying goes, some
time ago in these parts. Its enlarged
successor promises to more than keep
up the good work.

"A big crowd turned out to the
closing performance last night and
everybody went away satisfied, the
notable feature being the uniform po-
liteness with which the employees from
the highest to the lowest, treated their
patrons."

The readers of this paper will be pleased
to learn that there is at least one dis-
eased that science has been able to cure
in all its stages, and that is Catarrh.
Hall's Catarrh Cure is the only positive
cure now known to the medical frater-
nity. Catarrh being a constitutional dis-
ease, requires a constitutional treatment.
Hall's Catarrh Cure is taken internally,
acting directly upon the blood and mucous
surfaces of the system, thereby destroying
the foundation of the disease, and giving
the patient strength by building up the
constitution and assisting nature in doing
its work. The proprietors have offered
One Hundred Dollars for any case that it
fails to cure. Send for list of testimonials.

BAPTIST MISSIONARIES.

Several Indian Tribes Represented—
One of Features.

Oklahoma City, Okla., May 22.—
Executive sessions were held today
opening the seventy-sixth annual
meeting of the American Baptist
Home Mission society, the ninety-sev-
enth annual meeting of the American
Baptist Missionary union and the
eighty-fourth annual meeting of the
American Baptist Publication society.
Some of the most distinguished cler-
gymen, missionaries and laymen of
the world, participated in the deliber-
ations. The presentation of the an-
nual reports of the general denomina-
tional societies, addresses of officials
and appointment of committees fol-
lowed. The Baptist Forward Move-
ment for Missionary Education held
a session this afternoon.

One of the features of today's ses-
sion, rendered especially noteworthy
by the attendance of representatives
of several Indian tribes, was the re-
port of the committee on work among
the Indians. Addresses on this topic
were made by some of the redskin
delegates.

The session this evening will be de-
voted to a discussion of the report of
the committee on work among Span-
ish-speaking people. Addresses will
be made by the Rev. Alexander Turn-
bull of New York on "The Mexican
People of the Southwest," the Rev.
George H. Brown of the City of Mexi-
co, on "The Awakening of Mexico,"
Dr. J. B. Thomas of Illinois, on "What
We Found in Porto Rico," and Dr. H.
B. Gross of New York, on "Mission-
ary Work in Cuba."

Cricket Season Opens.

New York, May 22.—Cricket cham-
pionship series of the Metropolitan
District Cricket league will open to-
morrow and games will be played
hereafter on all Saturdays and Sun-
days until the end of September. In-
terstate matches have been arranged
with the New Jersey and Connecticut
cricket leagues and during the season
teams from Canada and from
Boston and other cities will visit New
York to play against the teams here.
Interest in the English game is in-
creasing yearly and the season just
opening promises to be the most suc-
cessful in the history of the sport in
this country.

Kansas City, Mo., May 22.—What
will undoubtedly be the greatest in-
tercollegiate outdoor athletic meet
ever held in this section of the coun-
try is scheduled for tomorrow after-
noon.

This meet will be the first annual
affair of the Missouri Valley confer-
ence, and in it will compete the
cream of the athletes of the confer-
ence members, the universities of Mis-
souri, Kansas, Iowa, Nebraska, Wash-
ington University, St. Louis; Drake
University, Des Moines, Io.; the Ames
Agricultural College of Ames, Io.

COLLEGE BOAT RACES TOMORROW

HARVARD, YALE AND
OTHER SCHOOLS CONTEST

Greatest Number of Entries in History
of Annual Event—Junior Eight-oared
One of Most Exciting Events of the
Contest—Pennsylvania Will Have
Four Crews Entered—Double Ref-
eree System Used.

Philadelphia, May 22.—Final ar-
rangements were completed today for
the American Henley, the sixth annual
races of the American Rowing asso-
ciation, which will be held tomorrow
on the Schuylkill river course. While
the late spring has somewhat handi-
capped the oarsmen, tomorrow's big
event has attracted a large entry list
and will be no less noteworthy than
its predecessors.

Harvard, Yale, Columbia, George-
town, New York University and
Pennsylvania will be represented by
crews. The club entries include good
representation from New York,
Brooklyn, Philadelphia, Boston, Bal-
timore and Washington. The inter-
scholastic race has attracted more en-
tries than ever before and will assume
unusual importance.

The list of 12 events will be practi-
cally the same as a year ago, consist-
ing of the following races: First
pair-oared shells, first eight-oared
shells for the Stewards' cup, second
single eight-oared shells for the New
England cup, octopede or eight-oared
sculls, interscholastic eight-oared
shells for the Franklin cup, first dou-
ble sculls for the Schuylkill cup, first
four sculls, first single sculls for the
Farragut cup, first four-oared shells
for the Puritan cup, junior collegiate
eight-oared shells.

Although the stewards make no par-
ticular race the feature of their pro-
gram, the splendid turn out each year
for the junior collegiate eight-oared
race has made this event the most
exciting of the day. Last year there
were four starters, Yale, Cornell,
Pennsylvania and Georgetown. Har-
vard was entered for the race, but
rowed instead in another event.

The eligibility rules for this race
will be the same as heretofore. Only
those oarsmen who have never sat in
a varsity boat at Poughkeepsie or New
London are eligible. This race is be-
coming more popular every year
because it affords racing experience
to the green oarsmen who otherwise
would get none until they made a
varsity boat.

Outside of Pennsylvania, which al-
ways has four crews in the regatta,
Harvard and Yale will be best rep-
resented, each with two eights. Har-
vard has been sending two crews for
several years and Yale men were so
well pleased with the double victory
of their crew a year ago that they will
send down two crews tomorrow.

In order that the regatta may be run
off on schedule time it has been de-
cided to pursue the double referee
system which this association inau-
gured at its first regatta. The two
referees will be Hugh Cabot of Bos-
ton and William Innes Forbes of
Philadelphia.

Wisconsin Athletic Meets.

Milwaukee, Wis., May 22.—Two
important high school track and field
meets will be held in Wisconsin to-
morrow, at La Crosse and Appleton.
The meet at La Crosse will be partici-
pated in by high schools of Iowa and
Minnesota, as well as Wisconsin.
Gold and silver cups, medals and
trophies will be given as prizes in the
fourteen events scheduled. The meet
at Appleton will be under the auspices
of the Lawrence University Athletic

WAS DELIRIOUS WITH ECZEMA

On Chest, Back, and Head—Pain,
Heat, and Tingling Were Excruciating—Nerves in Exhausted
Condition—Sleep Badly Broken.

CURE BY CUTICURA
SEEMED LIKE MAGIC

"Words cannot express the gratitude
I feel for what Cuticura Remedies have
done for my daughter, Adelaide. She
is fifteen years of age, and had never
had anything the matter with her
skin until four months ago, when
an eruption broke out on her chest.
The first symptom
was a redness, and then followed thick-
ening and blisters, which would break and
run matter. I took her to a doctor,
and he pronounced it to be eczema of a
very bad form. He treated her, but
instead of being checked, the disease
spread. It showed itself on her back,
and then quickly spread upwards until
the whole of her head was affected, and
all her hair had to be cut off. The pain
she suffered was excruciating, and
what with that and the heat and tin-
gling, her life was almost unbearable.
She became run down in health, and at
times was very feverish, languid, and
drowsy, and occasionally she was de-
lirious. Her nerves were in such a low
state that she could not bear to be left
alone. In spite of the cold weather
she would insist on having her bedroom
window open, and would lean out on
the window-sill. She did not have a
proper hour's sleep for many nights.
The second doctor we tried afforded
her just as little relief as the first, and
I really do not know what we should
have done if we had not read how
Cuticura cured a similar case. I pur-
chased Cuticura Soap, Cuticura Oint-
ment, and Cuticura Pills, and before
the Ointment was three-quarters
finished every trace of the disease was
gone. It really seemed like magic.
Her hair is coming on nicely, and I
still apply the Cuticura Ointment as I
find it increases the growth wonder-
fully. Mrs. T. W. Hyde, 1, Ongar
Place, Brentwood, Essex, England, Mar.
8, 1907."
